

**Office of the Secretary  
of Higher Education  
(OSHE) in NJ**

This CRN focuses on college readiness, expands student eligibility, allows for career pathways elements to be incorporated, and allows for two types of college credit components. New Jersey community colleges are encouraged to develop programs that integrate students approaching college ready status with college ready students using evidence-based approaches.

There are three primary approaches that will be supported by the grant:

1. Traditional College Ready Programs
2. Accelerated Learning Programs
3. Introductory Meta-Major Survey Courses

### CRN OVERVIEW

_____	_____	_____	_____	_____
<b>Students Enrolled</b>	<b>Total Credits Attempted</b>	<b>Average Credits Earned by Student</b>	<b>High Schools Participating</b>	<b>Course Offerings</b>

### STUDENT DEMOGRAPHICS
