Hudson County Community College (HCCC) is committed to a policy of equal opportunity and non-discrimination against individuals on the basis of personal beliefs or characteristics such as political views, religion, national or ethnic origin, race, color, gender, sexual orientation, age, marital status, veteran status, or disability unrelated to job or program requirements.

In the spirit of the Americans with Disabilities Act (Title 504), Hudson County Community College provides access to all persons with physical handicaps.

Questions regarding the equal opportunity policy and compliance statement may be directed to the Office of Human Resources, 70 Sip Avenue, Third Floor, Jersey City, New Jersey 07306.

A student’s registration is considered evidence of his/her willingness to comply with all published College policies and procedures.

For an online version please go to www.hccc.edu/adcatalog.
Welcome to Hudson County Community College!

Over the past several years the College’s Board of Trustees, administration, faculty, and staff have worked diligently to make this a “college of first choice.” We increased the number and types of traditional and online academic programs we offer, making sure that all are top-notch, affordable, and accessible. We constructed several new buildings and renovated many others, all the while making certain that they are comfortable, safe and that they include the technologies and equipment that will facilitate learning. We offer seminars, lectures, cultural, and business events each and every day to enrich the lives of our students and our neighbors in the community.

Most importantly, we are committed to making certain our students succeed. We have an award-winning roster of student services in position that includes one-on-one counseling, financial aid (more than 80% of HCCC students have been awarded grants, loans and scholarships), assistance in making academic decisions, tutoring, first-year college experience, and more. There are clubs and organizations to help develop interests and round out one’s college experience.

Hudson County Community College offers special programming to assist returning members of the U.S. military in achieving their academic and career goals. We also have articulation agreements with more than a dozen colleges and universities to make transferring easy for those who will go on to pursue a bachelor’s degree.

Whether you want to earn an associate degree or a certificate, or strengthen your skills with a few classes, we think you will find what you want and need right here. We invite you to page through this catalog and log onto our website. Better yet, visit our Journal Square Campus in Jersey City and North Hudson Higher Education Center in Union City where you can speak with our students and staff and see for yourself that there is a world of possibilities for you here, at Hudson County Community College.

Dr. Glen Gabert

</table>
Hudson County Community College (HCCC) is a vibrant, comprehensive, urban institution offering courses and classes in a wide variety of disciplines and studies. The College services the people and businesses of one of the most densely populated and ethnically diverse areas of the United States.

The College was established in 1974 when the New Jersey Board of Higher Education approved the establishment of a community college commission in Hudson County, the first of its kind in the country. The College began as a “contract” college. As one of only two such colleges in the United States, and the sole contract college in New Jersey, its goal was to offer programs to students that reflected the nature of the job market. Hudson County Community College received its official name in 1981.

In the mid-1990’s, the College formulated, and began implementing, strategic plans for its academic and physical growth that were based upon the community’s needs. The administration and Board of Trustees worked to ensure that all of the people of Hudson County have access to an affordable education that provides them with the knowledge and skills needed in today’s global society.

The College has since realized unprecedented growth, with enrollment and graduation rates increasing significantly each year. Enrollment has risen from 4,129 students in 1996 to 9,400 in Fall 2011. This growth is a result of careful and thoughtful plans that enlarged the depth and number of course/class offerings (including “sunrise,” weekend, and online classes), enhanced students’ experiences (including the establishment of a central counseling program, and reorganized student activities and student government programs), and expanded the number and quality of the HCCC facilities by adding more than nine state-of-the-art buildings that comprise the College’s campuses in Jersey City and Union City, NJ.

Hudson County Community College offers more than 50 degree and 15 certificate programs, including its signature programs in Culinary Arts and Hospitality Management, Nursing, Allied Health, and the nationally acclaimed English as a Second Language (ESL) studies. There are also growing and increasingly in-demand Science, Technology, Engineering, and Math (STEM) offerings.

The College is fully accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools. Other accreditations include: the National League for Nursing Accrediting Commission; the Committee on Accreditation for Respiratory Care and the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP). The College’s award-winning and nationally recognized Culinary Arts Institute (CAI) curriculum is one of only two programs in the New York region to be accredited by the American Culinary Federation Accrediting Commission.

The College’s Community Education Division provides a portal to lifelong learning, offering noncredit classes and courses, career certificate programs, seminars and training sessions in more than 15 areas of study.

The HCCC Center for Business & Industry (CBI) provides basic skills workforce training, affordable customized training, job-readiness/lifeskills instruction, and certification examinations to area businesses, nonprofits and government organizations.

In addition to offering one of the most extensive programs of financial aid, the Hudson County Community College Foundation provides scholarships for deserving students, and has awarded over $1.5 million in scholarships to more than 1,000 students since its founding in 1997. The HCCC Foundation supports faculty development and the College’s physical expansion. The Foundation is also the force behind the College’s Permanent Art Collection, which includes more than 500 works in media from painting and sculpture to photographs to American craft pottery and ephemera, and is displayed in the public spaces of the College.
PHILOSOPHY

By reason of their voluntary participation in the activities of Hudson County Community College, the individual members of the College community share a basic educational philosophy.

Members of the College community subscribe to the fundamental position that a democratic society requires the extension of some form of post-secondary education to virtually every member of the population.

In addition, they recognize that educational institutions serve the welfare of the broader society by preparing individuals to play effective roles as citizens and participants in the workforce.

Hudson County Community College is predicated on the assumption that there are vast numbers of county residents who are in need of the educational services the College can provide.

Hudson County Community College employs innovative and responsive models of educational delivery to satisfy these needs.

MISSION STATEMENT

The mission of Hudson County Community College is to provide high quality educational opportunities that promote student success and are accessible, comprehensive, and learning centered.

Vision Statement: We continually aspire to make Hudson County Community College such an excellent and innovative urban college that it can be a first-choice option for the students and communities it serves.

VALUES STATEMENT:

To fulfill the mission and vision of Hudson County Community College, we commit ourselves to these values:

• student success;
• academic excellence and learning support services;
• integrity, ethical behavior, and respect for others;
• celebration of our commonalities and respect for our differences;
• championship of innovation;
• inquiry and data-informed decision making;
• high quality and affordable educational opportunities; and
• responsible stewardship of the resources entrusted to us.
Hudson County Community College is committed to providing for the educational needs of the residents and businesses of our area. To attain this goal, the College formulates and implements a detailed strategic plan every five years.

The strategic-planning process involves collecting and analyzing a comprehensive list of relevant, current, and accurate data so that the College’s administration may make informed decisions on effectively serving the community. Some of the elements considered in developing the strategic plan include:

- How to reach and serve more constituencies within Hudson County;
- The development of a comprehensive academic plan that sets priorities for the next stage of the College’s development;
- Ensuring the operational and financial infrastructure to accommodate the College’s future growth is in position; and
- Initiating and strengthening partnerships with community, educational, and business leaders throughout the area.

The College’s newest strategic plan is in the final stages of development and will be available soon. Once approved, it will be made accessible to all members of the community on the College’s website.

anglement

Hudson County Community College operates under the authority of the New Jersey State Commission on Higher Education. The College is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools, 3624 Market Street, Philadelphia, PA 19104, (267) 284-5000. The Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Commission on Recognition of Postsecondary Accreditation.

The Culinary Arts (CAI) Program is accredited by the Accrediting Commission of the American Culinary Federation Educational Institute (ACFEI).

The Cooperative Nursing (NSG) Program, offered in partnership with CarePoint Health School of Nursing, is accredited by the National League for Nursing Accrediting Commission (NLNAC). CarePoint Health is a National League of Nursing Center for Excellence.

The Occupational Therapy Assistant (OTA) Program is a collaborative program between Hudson County Community College and Rutgers, The State University of New Jersey, and is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200 Bethesda, MD 20814-3449. ACOTE’s telephone number c/o AOTA is (301) 652-AOTA and its Web address is www.acoteonline.org.

The Paramedic Science (EMT) program is offered in conjunction with the Jersey City Medical Center and is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

The Radiography Program is offered in partnership with CarePoint Health School of Radiography, and is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT) and approved by the New Jersey Radiologic Technology Board of Examiners.

The Respiratory Care (RTP) Program, offered in conjunction with Rutgers School of Health Related Professions, is accredited by the Committee on Accreditation for Respiratory Care (CoARC).
MEMBERSHIPS

Hudson County Community College and many of its faculty, administrators, and staff hold memberships in a broad range of professional and academic associations. Below is a sample of these associations:

ACCESS: Associate Degree Early Childhood Education Teacher Educators

New Jersey Virtual Community College Consortium
Public Relations Society of America
Student Affairs Administrators in Higher Education (NASPA)
Hudson County Community College offers a variety of associate degree and certificate programs in Allied Health, Business/Accounting, Culinary Arts/Hospitality Management, Computer/Studio Arts, Education, Liberal Arts, Nursing, STEM (Science, Technology, Engineering and Mathematics), and Social Sciences.

The Associate in Applied Science (A.A.S.) degree programs offered at the College are designed to prepare graduates for immediate employment or for continuing their education at a four-year institution. The Associate in Arts (A.A.), Associate in Fine Arts (A.F.A.), and Associate in Science (A.S.) degree programs are designed specifically for transfer to a bachelor’s degree program. According to the Comprehensive State-Wide Transfer Agreement approved by the New Jersey Presidents’ Council (NJTransfer.org), an A.A. or A.S. degree from a New Jersey community college will be fully transferable as the first two years of a baccalaureate degree program at New Jersey public four-year institutions. Additionally, students transferring with an A.A. or A.S. degree will be considered to have completed all lower division General Education requirements. For Associate in Fine Arts (A.F.A.) and transfer programs, Hudson County Community College has negotiated articulation agreements to facilitate the transfer of credits from HCCC to participating institutions. Students should discuss transfer opportunities with a counselor in the Career & Transfer Services Center.

Certificate Programs are intended to enhance employment opportunities through a carefully structured short-term course sequence in a specialized field. Certificate programs are listed in alphabetical order on the following pages.
ASSOCIATE DEGREE AND CERTIFICATE PROGRAMS

Associate in Arts (A.A.)
The Associate in Arts degree is awarded to students who successfully complete programs which emphasize the liberal arts, humanities, fine or performing arts, or other subjects which prepare students for transfer, usually to a Bachelor of Arts program.

Associate in Science (A.S.)
The Associate in Science degree is awarded to students who successfully complete programs which emphasize mathematics, the biological sciences, physical sciences, computer sciences or engineering sciences. Such programs are transfer-oriented.

Associate in Applied Science (A.A.S.)
The Associate in Applied Science degree is awarded to students who successfully complete programs which emphasize preparation in the applied arts and sciences for careers, typically at the technical or paraprofessional level.

Associate in Fine Arts (A.F.A.)
The Associate in Fine Arts is awarded to students who successfully complete the programs which emphasize the foundation of studio art study. Courses introduce and develop an understanding of visual design principles, art history, art theory and contemporary art, which forms a foundation for transfer to Bachelor of Arts and Bachelor of Fine Arts programs at four-year institutions. Students develop a portfolio of work that is integral to the transfer process.

Academic Certificate
The certificate (required 30 credits or more) is awarded to students who complete an approved course sequence which emphasizes preparation for a career or enhancement of qualifications, usually at the technical or paraprofessional level.

Proficiency Certificate
The Proficiency certificate (required 12-15 credits) is a short-term program intended to enhance employment opportunities through a carefully structured course sequence in a specialized field.

FINANCIAL AID

Many options exist to help students pay for their college education. Federal and state programs are administered through the Office of Student Financial Assistance. The College Foundation seeks to provide financial assistance through contributions to scholarships and special programs.

The Office of Student Financial Assistance is located at 70 Sip Ave. The office hours are Monday thru Thursday from 9 a.m. to 6 p.m.; Friday from 9 a.m. to 5 p.m. If you have any questions regarding financial aid, please call (201) 360-4200 and a staff member will be happy to assist you. As new federal and state financial aid regulations are established, the College will make the information available through an addendum to the College Catalog.

AFFIRMATIVE ACTION

Hudson County Community College is an equal opportunity educational institution and does not discriminate on the basis of race, color, national origin, ancestry, age, sex, sexual orientation, marital status, military status, disability, or any other protected class, as defined by the New Jersey Law Against Discrimination, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Title VI and VII of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1991 and all other applicable laws.

FINANCIAL ASSISTANCE

HCCC tuition costs are largely subsidized by the county and state, reducing somewhat the financial burden placed on all who attend the College. The primary purpose of the College’s financial aid program is to provide assistance to those students who, without such aid, would be unable to attend college.

State and federal aid programs require applicants to demonstrate financial need. This is calculated by estimating what a family can contribute from income and assets, plus a contribution from the student's earnings and savings.

Eligible students may be aided through a combination package of scholarships or grants (which need not be repaid), student loans (which are repaid after graduation or when enrollment drops below part-time or ceases), and work (part-time campus employment). The amount and type of aid will depend upon available funds and the degree of need. Students should carefully check deadline dates for financial aid applications. Financial aid awards are disbursed to students’ accounts at least once during each semester of enrollment.

Students interested in applying for financial assistance must file the Free Application for Federal Student Aid (FAFSA), which is the application for federal and state aid. Applications must be completed at least three months prior to the beginning of a new semester to ensure consideration for aid under the following programs: Federal Work Study, Federal Supplemental Education Opportunity Grant, Educational Opportunity Fund, Federal Pell Grant, Tuition Aid Grant, Garden State Scholarship, New Jersey STARS, Federal Student Loan, and PLUS Programs. To be eligible to receive aid, students must demonstrate the ability to benefit from the programs offered at the College by either having a high school diploma or GED. Students must also be U.S. citizens or eligible non-citizens, have a valid Social Security number, comply with Selective Service if required, and have not received a baccalaureate degree. For more detailed information regarding eligibility requirements, please contact the Financial Aid Office.

The completed FAFSA form must be submitted electronically to the following web site: www.fafsa.ed.gov

Students may also apply online by visiting the financial aid aid lab located at 70 Sip Ave., Second Floor where staff will assist them with the process.

All students who complete the FAFSA will receive two notices of eligibility, normally between two and six weeks after the application is filed with the Processor. The notices include the Student Eligibility Notice (SEN) issued by the New Jersey Higher Education Student Assistance Authority (the state) and the Student Aid Report (SAR) issued by the federal government.

For more information, go to www.hccc.edu/FinancialAid.

FINANCIAL AID REFUND POLICY

Students receiving federal financial aid, who completely withdraw, drop out, take an unapproved leave of absence, are expelled from classes, or stop attending all classes during a term for which payment has been received before completing more than 60 percent of the enrollment period are subject to specific federal regulations. Students are required to complete 60 percent of the semester to earn all financial aid awards.

If students who have received their financial aid refund check withdraw completely from all classes, and the College determines that the amount of the check is in excess of living expenses, those students must repay that money to the financial aid program. Students who stop attending classes and do not officially withdraw and receive an “F” grade in every class will be notified that their financial aid may be reduced.

For more information, go to www.hccc.edu/refund
FEDERAL PELL GRANT

Students must be U.S. citizens or eligible non-citizens, and meet all other requirements. Pell Grants are awarded to undergraduate students who have not earned a bachelor’s or graduate degree. Grant amounts range from $575.00 to $5,730.00 per year. Grants are renewable annually based on financial need, enrollment status, and satisfactory academic progress. Students selected for verification are required to submit to the Financial Aid office all requested financial documentation from both the student and parent before any financial aid is awarded.

FEDERAL STUDENT LOAN
(Subsidized and Unsubsidized)

Students who are enrolled at least half-time may apply. Students must be citizens or eligible non-citizens of the U.S.

Loan amounts are $3,500.00 for first-year undergraduate students and $4,500.00 for second-year undergraduate students, depending upon financial need. The interest rate is 4.66% and will be paid by the federal government until six months after graduation, withdrawal from school, or a drop in credit load below six credit hours, at which time the student must begin to repay the loan with interest.

Unsubsidized Federal Direct Loan is available and students are responsible for payment of interest while in school and during grace periods. The interest rate is variable.

Subsidized and Unsubsidized loans are available through the Federal Direct loans program. Students must submit, in addition to the FAFSA, a separate loan application. Loans are renewable annually based upon satisfactory academic progress and continued eligibility. The Federal Perkins Loan is not available at HCCC.

FEDERAL PLUS LOAN

The PLUS Loan is for parents of undergraduate dependent students. The loan is made to the parent by the Federal Direct loan program. The parent may apply for the total cost of attendance minus any financial aid received. Repayment begins within 60 days of disbursement.

TUITION AID GRANT (TAG)

Students are eligible if they are enrolled as undergraduates in a program that leads to a degree or certificate at HCCC and are enrolled for at least half-time. Applicants must demonstrate need for student aid and must have lived in New Jersey for 12 consecutive months prior to September 15 for fall awards or 12 consecutive months prior to February 15 for spring only awards before receiving the grant. Students must be citizens or eligible non-citizens of the U.S. All applicants must submit a FAFSA to determine eligibility by the specified deadlines. For additional requirements, please visit www.hesaa.org. The amount of the grant differs in value based on the students’ needs, the tuition cost, and the funds available for distribution to students. For the current academic year, grants range in value from $553.00 to $2,582 per year at HCCC. Grants are renewable annually based upon satisfactory academic progress and continued eligibility. However, the maximum numbers of semester payments students may receive are defined by regulation and relate to students’ course of study as follows:

<table>
<thead>
<tr>
<th>PROGRAM</th>
<th>MAXIMUM NUMBER OF SEMESTER PAYMENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Regular two-year program</td>
<td>5</td>
</tr>
<tr>
<td>Remedial/Developmental or Bilingual (ESL) Curriculum *</td>
<td>6</td>
</tr>
<tr>
<td>Two-year EOF Program</td>
<td>6 (8 with EOF approval)</td>
</tr>
</tbody>
</table>

* Students in Remedial/Developmental or Bilingual (ESL) Curriculum are advised to contact the financial aid office to determine if they are eligible for additional payment.

FEDERAL SUPPLEMENTAL OPPORTUNITY GRANT (FSEOG)

Undergraduate students with financial need who are enrolled in a participating educational institution such as HCCC may qualify. Students must be citizens or eligible non-citizens. Grants, which are at least $100.00 per year, vary according to the availability of funds and are renewable annually based upon satisfactory academic progress and continued eligibility. FSEOG is awarded on a first-come, first-served funds available basis.

FEDERAL WORK-STUDY PROGRAM (FWS)

Undergraduate students with financial need who are enrolled at least half-time at HCCC may earn part of their educational expenses through the Federal Work-Study Program. Students must be citizens or eligible non-citizens of the United States. Employment on campus is arranged by HCCC. If eligible, students may be employed for as many as 20 hours per week. Students may only earn the amount of the award given under this program. Awards may vary according to the students’ financial needs. Federal Work-Study is renewable annually based upon satisfactory academic progress and continued eligibility. FWS is awarded on a first-come, first-served funds available basis.
**FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS POLICY**

In order to receive federal, state, or institutional financial aid, students must demonstrate satisfactory academic progress toward the attainment of a degree. At HCCC, the satisfactory academic progress is determined annually.

These standards have been developed in accordance with regulations that govern financial aid programs.

There are three distinct dimensions to the satisfactory academic progress standards: complete the degree requirements within an established timeframe, maintaining the minimum required Financial Aid grade point average (GPA), and attaining a completion rate.

**If you fail to meet one of the following requirements, you will not be eligible for financial aid:**

1. **Qualitative Measure (Financial Aid GPA).** You must maintain a Minimum Cumulative Financial Aid GPA of 2.0 to maintain financial aid assistance eligibility. Transfer, ESL, and Remedial credits will be included in the Financial Aid GPA calculation.

   Students will have two GPA calculations, the Institutional GPA and Financial Aid GPA. Transfer, ESL and Remedial credit hours must be included in the GPA calculation for purposes of determining Financial Aid Satisfactory Academic Progress.

2. **Quantitative Measure (Pace).** Students must successfully complete 67% of hours attempted to maintain financial assistance eligibility. Grades of F, W, I, R, and TR will be counted as credits attempted.

   Students may only change their major once for the purpose of calculating the Financial Aid Satisfactory Academic Progress.

3. **Maximum Time Frame** Students must successfully complete their coursework within 150% of the credit hours needed for their current degree to maintain financial assistance eligibility.

   For example, if a student’s degree requires 66 credits, they must complete their program within 99 credits. Once a student has attempted more than 99 credits, they are no longer eligible for financial aid.

**REMEDIAL CREDIT LIMITATION**

The maximum number of remedial credits attempted for which aid may be received is 30 credits. Once you attempt more than 30 remedial credits, aid will only be paid for college level credits (100 level and above). This may result in the reduction on enrollment status for purposes of awarding federal aid. English as a Second Language (ESL) courses do not count against this limit.

**REPEATED COURSEWORK**

Students may no longer receive federal student aid for a previously passed course more than once. For instance, if a student has both passed a course with a “D” grade and failed that same course with an “F” grade, he or she cannot receive federal student aid to pay for that course again.

**MAXIMUM NUMBER OF SEMESTERS OF PELL GRANT AWARDS**

Starting July 1, 2012, students may receive a maximum of 12 full-time semesters of Pell Grant awards, and it will retroactively impact students who currently receive Pell and have exceeded 12 semesters. For students who are less-than full-time, the cap is applied proportionally to their enrollment.

**SAP APPEAL PROCEDURE**

Students identified as not making progress toward the degree will receive correspondence at their e-mail address at the end of Spring Semester or Summer Session I, if student attends. Students have the right to appeal. The circumstances under which a student would be permitted to submit an appeal would be death of a relative, injury or illness of the student, or other special circumstances and the student must provide supporting documentation. A student will be required to submit as part of the appeal, information regarding why the student failed to make SAP, and what has changed in the student’s situation that would allow the student to demonstrate satisfactory academic progress at the next evaluation.

**FINANCIAL AID PROBATION**

If the appeal is approved, the student will be placed on Financial Aid Probation. A student on Financial Aid Probation may only receive Title IV funds for one payment period. A student on Financial Aid Probation may not receive Title IV funds for the subsequent payment period UNLESS:

Student is now making SAP or Student met requirements specified in the academic plan.

Student must meet with an academic counselor to complete an academic plan. The academic plan will be for the time period required for the student to achieve academic progress.

Satisfactory Academic Progress will be reviewed each semester for students on Financial Aid Probation.

If a student on Financial Aid Probation is determined to be making Satisfactory Academic Progress, they will no longer be on Financial Aid Probation.

If a student on Financial Aid Probation is not making Satisfactory Academic Progress at the conclusion of a semester but has met the terms of their plan, they will continue on Financial Aid Probation.

If a student on Financial Aid Probation is not making Satisfactory Academic Progress at the conclusion of a semester and has not met the terms of their plan, they will not be eligible for financial aid until they are making Satisfactory Academic Progress.

Student are allowed to appeal their unsatisfactory academic progress standard twice. For the second SAP appeal, student may not make subsequent appeals for the same reason as the previous appeal.
ABOUT THE HUDSON COUNTY COMMUNITY COLLEGE FOUNDATION

The Foundation is an independent corporation established to support scholarships and other College programs. Every year, the dream of a college education is made possible for more persons because of the generosity of the Foundation and its friends. Next year, the Foundation will award more than one hundred scholarships to deserving students.

Getting Into
Hudson County Community College

ADMISSIONS AND REGISTRATION

HCCC is an open admissions institution and admits any person who is at least 18 years of age, or who has earned a high school diploma or General Education Development (GED) certificate, and approved home schooled programs or other persons 18 years of age or older, who have the ability to benefit from post-secondary education. In addition, the College also offers educational opportunities to persons under the age of 18 through collaborations with county schools. Students are admitted to HCCC without regard to race, ethnicity, religion, disability, sexual orientation, national origin, ancestry, or gender.

Registration is the process of advisement, selecting classes, and developing a semester schedule. Students register part-time or full-time, for daytime, evening, weekend and online classes or a combination, and may shift from full-time to part-time each semester depending on their educational goals and the needs of their personal schedules.

Hudson County Community College provides various opportunities each semester to register for classes. The method by which students may register is determined by their current enrollment status. To ensure that all course requirements are met, continuing students are encouraged to take advantage of early in-person registration following consultation with their advisors.

For more information, go to www.hccc.edu/AdmissionsFinancialAid
ADMISSION

Application Procedure
Applicants must obtain an Admission Application form from the Office of Enrollment Services. The appropriate, non-refundable application fee, payable to Hudson County Community College, must accompany a completed application.

High school students may be admitted by submitting the LEAP application for high school students. They must also take and pass the “relevant portions” of the college placement examination.

All inquiries concerning applications for admission should be directed to:

The Office of Enrollment Services
Hudson County Community College
70 Sip Avenue
Jersey City, NJ 07306
(201) 714-7200
admissions@hccc.edu
OR
North Hudson Higher Education Center
4800 Kennedy Blvd.
Union City, NJ 07087
(201) 360-4627

Application Information
In addition to submitting the complete application form, applicants must:

1. Present proof of residency (NJ State ID/County ID/home phone bill, or PSE&G bill in your name) in order to establish tuition rate. You must be able to prove residency within Hudson County to pay in-county tuition rates.

2. HCCC, as mandated by the State of New Jersey, is required to ask for proof that all students enrolled full-time must have been immunized against certain preventable diseases (Measles, Mumps & Rubella) or provide evidence that they are exempt. Exempt students must meet ONE of the following conditions:
   a) Medical reasons (for example, pregnancy or immunity). A physician’s statement or official records must be submitted.
   b) Religious reasons. A statement from an official of the religious organization must be submitted.
   c) Those individuals born before January 1, 1957.

   The following documents are acceptable as evidence of immunization and the date the immunization was administered:
   a) Official School Immunization Record
   b) A record from any public health department or a physician

   For more information, go to www.hccc.edu/mystart

3. Request that all secondary school transcripts and copies of former college or university transcripts be forwarded to the Office of Enrollment Services. Official transcripts must be received in a sealed envelope from your college.

4. Students should bring their Social Security card with them when filling out an application for admission if they plan on applying for financial aid. Applicants not having a Social Security card may obtain one at the local Social Security office.

Note: The entire application process must be completed before a student can register for classes.

Non-Graduates of High School
Applicants who have neither completed a formal high school program nor received an acceptable diploma or certificate are eligible to apply for admission to the College.

Students are enrolled and admitted according to general admission policies and procedures. Non-high school graduates who may be seeking financial aid must meet the “Ability to Benefit” requirements (test scores) in order for eligibility to be determined.

The College strongly encourages such students to complete their high school requirements, obtain a General Education Development Diploma (GED), or apply to the New Jersey State Department of Education for a state-issued high school diploma via the “Thirty College Credit Route Program.”

Health Professions Programs
Application to the College and application to selected health profession programs (e.g., Cooperative Nursing, Respiratory Care, etc.) are separate procedures. Admission to HCCC does not guarantee admission to the health related profession of choice. Admission to these programs is competitive.

Residency Requirements
Any resident of Hudson County who is a high school graduate or is 18 years of age or older may apply for admission to HCCC. In order to be eligible for the in-county tuition rate, applicants must be able to provide verifiable documentation of their current in-county residence. New Jersey residents who do not live in Hudson County may attend HCCC and receive chargeback assistance through their home counties if the community college in their own county does not offer the academic program they wish to pursue. Students from out-of-county or out-of-state may also attend HCCC by paying the respective out-of-county or out-of-state tuition rate. To be considered a New Jersey resident, students must have lived in New Jersey at least one year at the time of first enrollment.
International Students

An F-1 visa may be granted to a person coming to the United States to attend a college, university, or other academic institution for study by foreign students. The enrollment for international students at HCCC has been approved by the United States Immigration and Naturalization Service, U.S. Department of Justice.

Enrollment Services includes International Student Services (ISS), and provides guidance and assistance to F-1 international students. Students who need a Form I-20 must complete an Admission Application as well as an International Student Application. International students are considered nonresidents in regard to tuition payments. International students must maintain full-time status during the fall and spring semesters. Summer sessions are optional. International students must maintain satisfactory academic progress as stated in the Satisfactory Standards section of the College Catalog.

Students who maintain an active F-1 status may remain in the United States until the completion of the academic program as well as 12 months of post-completion practical training (OPT). Engaging in any activity outside of study, including employment, is considered a violation of status and may only be authorized under certain extreme conditions.

For further information, you may visit the U.S. Immigration and Customs Enforcement website (www.ice.gov/sevis) and/or email us at internationalstudents@hccc.edu.

International students are responsible for understanding and complying with policies regarding maintenance of status.

International Student Application Deadlines:

- Fall Semester: July 1
- Spring Semester: November 1

Students with B1 or B2 visas are not allowed to enroll in a course of study without a change of status approval by Citizenship and Immigration Services (USCIS).

Visiting Students

Students currently enrolled in other colleges and universities who wish to earn credits at Hudson County Community College for transfer to that college or university should obtain advance written approval from the appropriate academic office of the home institution. Students take full responsibility in ensuring that their home institution will accept credits attained at HCCC. Students must make certain they have met the proper prerequisites or co-requisites at their home institution before enrolling at HCCC. An official transcript may be requested as proof of pre- or co-requisite satisfaction. Visiting students should submit an Admission Application and pay any associated fees by the respective registration deadlines. Visiting students are not eligible for financial aid and are non-matriculated.

For more information, go to www.hccc.edu/visitingstudents

Veterans

Hudson County Community College celebrates veterans, and encourages their admission and enrollment. HCCC participates with the Veterans Administration provisions of the federal laws which entitle veterans to educational benefits. The requirements and services for the various programs can be reviewed through the VA website at www.gibill.va.gov. To be certified for VA educational assistance, students must submit their NOBE (Notice of Basic Eligibility) showing length and percentage of entitlement.

Details on all service-member related services provided at HCCC may be found on the College’s website: www.hccc.edu/veterans or email veterans@hccc.edu.

Classification of Students

Student enrollment status and credit-load limitation are based on information provided at the time of admission:

- Matriculated
  - Full-time or part-time students enrolled in an Associate Degree or Certificate Program.

- Non-Matriculated/Special Students
  - Part-time, non-degree seeking students enrolled in a maximum of three courses for the Fall and Spring semesters up to 11 credits. Non-matriculated students often attend classes for personal enrichment or to upgrade current skills.

  In some cases, high school students may take college courses, either on an individual basis, or in conjunction with special dual-credit programs such as high school partnership - Project LEAP (Learning Enables All Possibilities) and School-to-Career Initiatives. The 11 credit maximum does not apply to dual-credit programs.

  Non-matriculated students attend the same classes as degree-seeking students and also earn credits upon satisfactory completion of courses. Normal course pre-requisites apply, which may include passing one or more sections of the College Placement Test. Students who wish to continue on a non-matriculated basis beyond the 11-credit limit must obtain approval for Special Student Status from the Admissions Office before they register and must take the College Placement Test. Non-matriculated students are not eligible for financial aid.

Full-Time Student:
  - A student carrying a course load of at least 12 credit hours for the fall and spring semesters.

First-Year Student:
  - A student who has completed fewer than 30 credits.

Second-Year Student:
  - A student who has completed 30 or more credits.
Evaluation of Prior Learning Experience

Students who believe that previous educational studies, training programs, or work experience may entitle them to an adjustment in the course work required in a particular curriculum should contact their Division Dean or Academic Program Director to determine procedures for applying for waiver of course requirements. Upon acceptance to HCCC, students may be awarded up to 30 credits toward a degree and 15 credits toward a certificate for their prior educational experience in several ways: Transfer Credit, CLEP, Advanced Placement, NYU Foreign Language Proficiency Tests, Work/Life Portfolio Assessment, Military Courses, and Credit by Examination. Intent to apply for a waiver of credit should be made at the point of admission by checking the appropriate box on the application form, or well in advance of the term in which the course(s) are offered. The College does not guarantee the transferability to other institutions of credit earned in these ways.

TRANSFER POLICY

Transfer Credits for Students without College Degrees:

Applicants who wish to transfer credits from an accredited U.S. college or university to HCCC may be granted up to 30 credits toward an associate degree, and 15 credits toward a certificate, for courses completed with a grade of ‘C’ or better, of which at least 12 credits must be in his/her area of specialization at HCCC. Generally, the College will accept credits only for courses in the students’ degree curriculum which are equal in content and credit hours to coursework at HCCC. All such courses taken within five years prior to the students’ first semester at HCCC will be accepted. However, for certain courses taken five or more years prior to the first semester at HCCC, certain restrictions apply.

English and/or mathematics courses taken more than 10 years prior to the first semester will be accepted if the student passes a proficiency test in writing and/or mathematics.

For other specified courses, age limits (of five or 10 years) have been set. The granting of credits for such courses may require successful completion of a proficiency examination, or review by the Division Dean or Academic Program Director to determine currency of knowledge. The list of age-restricted courses and requirements for granting credits is available in the Center for Academic and Student Success (CASS), Office of Enrollment Services, the Registrar’s Office, and the Office of the Division Dean or Academic Program Director.

HCCC reserves the right to deny inappropriate credit requests. In order to ensure timely evaluation of courses and academic advisement, students are encouraged to apply for transfer credits prior to enrollment at HCCC. Acceptance of transfer credits may exempt students from repeating particular courses, but in order to graduate, students must complete a minimum of 30 credits at HCCC in courses approved by the College.

For more information, go to www.hccc.edu/transfer

Transfer Credit for Students with College Degrees from Accredited U.S. Institutions:

The following shall apply to students who have earned college degrees in which English was the language of instruction from accredited institutions of higher education and who enroll in HCCC seeking an additional higher education credential:

- HCCC will accept up to 30 credits of general education and prerequisite courses, provided that the course work at the previous institution was comparable to course work at HCCC, and the student achieved a grade of ‘C’ or better at the former institution.

- For the associate degree, the student must fulfill the HCCC residency requirement of a minimum of 30 credits, of which at least 12 credits must be in his/her area of specialization at HCCC.

- For certificate programs, students must complete all specialization courses at HCCC.

- Course age restrictions may apply for certain courses.

Transfer Credit from Foreign Institutions

The following shall apply to students who have earned credits or college degrees from accredited foreign institutions of higher education:

- Students will be required to have their academic credentials evaluated by any member agency of the National Association of Credential Evaluation Services (NACES) and demonstrate proficiency in English before transfer credits for English Composition will be granted.

- HCCC will accept up to 30 credits of general education and prerequisite courses, provided that the course work at the previous institution was comparable to course work at HCCC, and the student achieved a grade of ‘C’ or better at the former institution.

- For an associate degree, the student must fulfill the HCCC residency requirement of a minimum of 30 credits, of which at least 12 credits must be in his/her area of specialization at HCCC.

- For certificate programs, students must complete all specialization courses at HCCC.

For more information, go to www.hccc.edu/transfer

Requests to Take Courses at Other Institutions:

Occasionally, a currently enrolled HCCC student may request to take a course at another institution. To be sure that the course is acceptable the student must complete, in advance, a Concurrent Enrollment Approval Form and secure the endorsement of the Division Dean or Academic Program Director. It is essential that the course description from the current catalog of the outside institution be forwarded along with the Concurrent Enrollment Approval Form.

Once approved, one copy of the form is forwarded to the Registrar, one is retained by the Division Dean or Academic Program Director, and the third and final copy is given to the student, who will present
it to the outside institution. Upon completion of the course, the student must arrange to have an official transcript sent from the outside institution to the Registrar’s Office. Credit cannot be awarded until the official transcript has been received. Only fully program-ready students in good academic standing will be permitted to enroll concurrently in selected courses at another institution.

**Visiting & Transfer Student Requirements**

Students enrolled elsewhere who wish to attend HCCC should present a letter of permission from their college in order to register. The letter of permission must state the course(s) and course level they are permitting the visiting student to take.

Transfer students admitted to HCCC must present transcripts from all prior institutions before being approved for registration.

A student who falsifies or conceals previous academic records will be subject to disciplinary action.

Students seeking transfer credit must request that all previous colleges attended send to HCCC’s Registrar’s Office an official copy of the transcript and the most recent college catalog, if outside Hudson County. Student copies of transcripts and grade reports are not official, and credit will not be awarded until the official transcript has been received.

**Reverse Transfer Articulation Agreement – New Jersey City University (NJCU)**

The Reverse Transfer Articulation agreement assists students who earned at least 30 credits that apply towards an associate degree while enrolled at HCCC, but did not complete sufficient credits to earn their associate degree. These students then pursued their education at NJCU. This agreement is designed to allow these students to transfer their credits earned at NJCU to HCCC, through an articulation agreement, and provide them an opportunity to complete their associate degree at HCCC.

**College Level Examination Program (CLEP)**

Students who have acquired knowledge through various kinds of experience may receive HCCC college credit for selected courses by taking the CLEP Test. HCCC is an official CLEP Test Center and is authorized to administer this computerized test.

Students are encouraged to sit for CLEP examinations as soon as possible in their college careers to avoid course duplication. Credits will be awarded only for those courses which are a part of a specific degree program at HCCC. Therefore, students should seek advice from the Center for Academic and Student Success (CASS), or their Division Dean or Academic Program Director before applying to take the CLEP exam to be sure that such credit is acceptable in their major. To receive CLEP credit, students must achieve the required cut-off score. CLEP credit scores should be forwarded to the Registrar. Course credits are reported on the College transcript as transfer/examination credit and are not used in computing a student’s GPA. The College does not guarantee the transferability to other institutions of credit earned in this way.

For information concerning CLEP tests, contact the Testing Center located at 2 Enos Place. For more information, go to www.hccc.edu/testing

---

**Advanced Placement**

Hudson County Community College may award up to eight credits to entering students who complete Advanced Placement (AP) courses in secondary school, and achieve scores of 4.0 or higher on the Advanced Placement Examinations. Credits may be awarded if the courses can be equated with specific courses offered by the College, are part of the students’ major, and are completed within specified timelines. Credits will not be awarded for laboratory courses without proof of equivalent experience.

Applicants should have their official scores sent from the College Entrance Examination Board — Advanced Placement Examination Program to the Office of the Registrar for evaluation by the end of their first semester of enrollment to avoid course duplication. Course credits are reported on the student transcript as transfer credits and are not used in computing the student’s GPA. For information concerning timelines and approvals for AP tests, contact the Division offices, the Office of Enrollment Services, Center for Academic and Student Success (CASS), or the Testing Center.

**High School Initiatives**

Consistent with our mission, the College is committed to developing and coordinating dual enrollment/credit programs with K-12 institutions, and enhancing the educational opportunities for students, including building collaborative relationships with local school districts to promote high quality efficiency in all of our programs and services.

These collaborative projects can include, but are not limited to, no-penalty placement testing for current high school students; use of the College Placement Test (CPT) as a tool in providing an early measure of preparedness for college; alignment of high school and college curricula; and dual enrollment/credit program for current high school students.

**Project LEAP**

(Learning Enables All Possibilities)

HCCC is actively involved in the movement to enhance coordination between secondary and post-secondary education.

One of the College’s most noted dual enrollment programs is Project LEAP (Learning Enables All Possibilities). Project LEAP permits high school students to earn credits towards a degree by enrolling in a maximum of 15 HCCC credits per academic year. The courses may be offered during the school day at the high school or at any of the College campuses. The high school students can be integrated in the normal course offerings or special sections can be created for the program.

For more information, go to www.hccc.edu/leap
email LEAP@hccc.edu or phone (201)360-5330
Tech-Prep and School-to-College/Careers Programs
Students who have successfully completed high school courses that have been aligned with College courses may qualify for transfer credits. Eligible high school courses are those that are aligned and included in a formal articulation agreement between the school district and the College. Copies of these agreements are on file in the Division offices and the high school guidance offices.

Students wishing to apply for such credits must submit an application for transfer credit at the time of admission, pass a proficiency examination for each course by the end of their first semester, and comply with any other requirements specified in the relevant agreement. Credit is awarded only for those courses that pertain to the students’ degree or certificate program.
For more information, go to www.hcc.edu/hsadmissions

Credit by Examination
For selected courses, students may take an Exemption Test for Credit on the first day of classes. If students pass the exemption test with a grade of ‘C’ or better, the course is credited to their records with a CE grade. No grade points are calculated for a CE grade, and students are required to register and pay the same course fee for the CE as they would pay to enroll in the course. Students may attend the class but are exempt from all examinations. Students who are exempt from the first course may register and pay for the next course by completion of an “add” form. Contact the Division Dean or Academic Program Director for a listing of applicable courses.

Credits for Non-College Sponsored Education
Students may apply for credit for work done through corporations, unions, government agencies, and similar sponsors to be evaluated by the Registrar and the Division Dean or Academic Program Director using the annual publication, “National Guide to Credit Recommendations for Non-College Courses.” A maximum of 12 credits may be awarded.

Military Education Courses
Enrollment Services and Division Dean or Academic Program Director will evaluate transcripts for courses taken in the armed services using “A Guide to the Evaluation of Educational Experiences in the Armed Forces.” Students who have taken United States Armed Forces Institute (USAFI)/Defense Agency for Non-Traditional Education (DANTES) courses and/or tests in college-level subjects may request the award of credits. Applicants should have their official scores sent from the Defense Activity for Non-Traditional Education Support - Educational Testing Service to Enrollment Service for evaluation.

Credit for Courses Completed at Non-Collegiate or Proprietary Institutions
HCCC will award college credit for courses completed at non-collegiate institutions only under the following conditions:

1. The credits for which students seek transfer must be part of a degree-granting program approved by a state agency for higher education. HCCC will accept credits from an institution that is approved by the New Jersey Commission on Higher Education.

2. Students seeking credits to be used toward a state licensed program which requires the successful completion of a state or national certification exam, such as a hospital-based nursing program, will be granted credit only with the approval of an HCCC Division Dean. The College does not grant credit from non-approved proprietary schools.

Work-Life Portfolio Credit
Students enrolled in a degree program may apply for credit for work-life experience that is demonstrated to be the equivalent of college-level study. Such credit requires the submission of a portfolio. Guidelines for Work-Life Portfolio Credit and preparation of the portfolio can be found in the Registrar’s Office, the Office of the Division Dean or Academic Program Director. Upon evaluation of the portfolio, the Division Dean or Academic Program Director will approve or disapprove such credit, and forward the results to the Academic Vice President for final approval. Before beginning to prepare a work-life portfolio, students should consult with their Division Dean or Academic Program Director.

Students who receive transfer credits or other course waivers may not use Work-Life Credit for any part of the 15-credit HCCC residential requirements for an Academic Certificate or the 30-credit HCCC residential requirements for an Associate Degree.

Students enrolled in the AA Liberal Arts, Early Childhood Education Option, or the AAS in Early Childhood Education, who hold a current Child Development Associate Credential (CDA) earned via a “not for credit” training program may apply for credit for work-life experience. The CDA professional resource file (portfolio) may be considered as the required portfolio.

Student Records Policy
Student records are protected in accordance with the Family Educational Rights and Privacy Act of 1974 as amended (FERPA). Student records will only be released upon written authorization from the student. Under FERPA, Hudson County Community College may release “directory information” without prior consent of the student. Directory information may include: name, address, telephone listing, electronic mail address, date and place of birth, photographs, field of study, enrollment status (full-/part-time), degrees and awards given, dates of attendance, most recent previous school attended, and grade level. A student who wishes to prevent the disclosure of directory information must submit a written request to the Registrar’s Office no later than the tenth day of the start of each semester. FERPA is applicable to high school students taking courses with HCCC.

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “Eligible Student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

1. The right to inspect and review the student’s education records within 45 days after the day Hudson County Community College receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.
A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Hudson County Community College to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Transcripts
A transcript is a copy of a student’s permanent academic record. An official transcript carries the College seal and is sent at the student’s request to other academic institutions and agencies. Unofficial transcripts are available through Student Portal (MyHudson). These unofficial transcripts do not carry the College seal.

Students should allow up to 10 business days for processing an official transcript request.

All requests for student records will be released only if written authorization from the student exists. At the College’s option, directory information may be released unless the Office of Enrollment Services receives a written request to withhold this information by the 10th day of each semester. This policy is in compliance with the Family Educational Right to Privacy Act, also known as The Buckley Amendment.

Detailed information can be found at www.hccc.edu/registrar
The Registrar will not issue an official transcript of record until all accounts have been settled by the student with the College’s Business Office or any other HCCC office or department.

Course Withdrawal Process
Students may add or drop courses during the drop/add period indicated on the registration schedule. The drop/add procedure requires students to obtain the approval of the instructor or the counselor before they submit a drop/add form to the Office of Enrollment Services on or before the deadline. Students who do not submit the drop/add form will continue to be registered in their courses. Students may not switch sections without officially doing so through the Registrar’s Office or they may receive a failing grade.

Beyond the last withdrawal date, students may only withdraw from a course in the case of an emergency. Those who are forced to withdraw beyond the official withdrawal date must do so after an interview with a counselor and approval of the Vice President for Academic Affairs. If permission is granted, the student will receive a grade of ‘W’. Students registered in required developmental courses may not drop these courses and retain college credit courses on their schedules without the permission of the Director of Academic Foundations. Permission will be granted only in exceptional circumstances.

Withdrawal forms are available at www.hccc.edu/forms.

Withdrawal from Cooperative Nursing & Practical Nursing Courses
Students may not withdraw from cooperative nursing (NSG) or practical nursing (PNU) courses. Written permission is required from the School of Nursing and/or Program Director. To be eligible to withdraw, students must be in good academic standing. Beyond the midpoint of the semester, withdrawals will only be considered in cases of emergencies.

Leave of Absence
Students may apply for an official Leave of Absence for up to one academic year. Students granted a leave for one semester or one academic year may return before or at the end of the requested leave period without applying for readmission. Such students will receive all pre-registration materials and other College information during the period of the official leave.

To receive a Leave of Absence, students must:
1. Be in good academic standing.
2. Obtain from their advisors and Division Dean/Academic Program Director permission and signatures on a completed Leave of Absence Request Form.
3. File the completed form in the Office of Enrollment Services.

Re-admission
Students who have stopped attending HCCC for more than one year without taking an official Leave of Absence must apply for re-admission before they are able to register for classes.

Students must complete and submit to the Office of Enrollment Services an Application for admission and pay the appropriate non-refundable re-admission fee.

Students whose GPAs are below 2.0 must meet with a counselor prior to a decision on the application for re-admission. Such re-admission is subject to a review by the Division Dean or Academic Program Director. If determined ineligible to return, or required to take a reduced course load, students may appeal to the Academic Appeals Committee.

All applicants for re-admission will receive written notification of their acceptance from the Office of Enrollment Services.
Veterans Information

Veterans’ affairs are handled by the veteran advisor, who assists students in applying for benefits, certifies enrollment, and maintains accurate student status records.

Veterans attending the College must report any course load changes made through the drop/add procedure, course cancellations, and withdrawal to the veteran advisor, because the changes may affect the students’ educational benefits. Students should be aware that only those courses fulfilling requirements for graduation can be certified.

Benefits will not be paid for courses in which students receive non-punitive grades such as WP or audit. Educational benefits may be suspended when veteran students fail to maintain the minimum standards of attendance and academic progress required of all students.

For more information, go to www.hccc.edu/veterans
Contact the VA counselor at (201) 360-4135.

Change of Address

All students must file a Change of Address Form in the Office of Enrollment Services as soon as their address changes. The form must be accompanied by documents verifying the new address (NJ State ID/County ID/home phone bill or PSE&G bill in your name) in order for a change of address to occur.
Form available at www.hccc.edu/forms

Testing and Placement

Following admission to HCCC, all new students are required to take the Placement Test to assist the College in placing them in classes appropriate to their skill level. The results of the Placement Test are used to determine whether students need to go through the English as a Second Language (ESL) Program or the Academic Foundations Program to strengthen basic skills in reading, writing, computation, and algebra before moving on to college-level courses. For details including practice test go to www.hccc.edu/testing.

The following students are exempt from all or portions of the College Placement Test:

1. Any student with a degree from a regionally accredited United States college or university. Graduates of foreign universities should have their records evaluated by any member agency of the National Association of Credential Evaluation Services (NACES). An official transcript must be submitted to the Office of Enrollment Services located at 70 Sip Avenue in order to determine eligibility of an exemption. Students whose degrees did not include college-level English or mathematics courses are required to take the Placement Test.
2. Students who completed college-level English composition and mathematics courses with a minimum grade of ‘C’ at another college. An official transcript must be submitted to the Office of Enrollment Services located at 70 Sip Avenue in order to determine eligibility of an exemption.
3. Students who passed the Placement Test at HCCC or at another college in New Jersey no more than two years before admission.
4. Students who have achieved a score of 21 or higher on the ACT within five years of admission to HCCC. Official score reports must be submitted at time of admission to HCCC.
5. Students who have achieved a score of 540 or higher on the verbal section of the SAT test within five years of admission are exempt from the reading/writing portion of the Test. Official score reports must be submitted at time of admission to HCCC.
6. Students who have achieved a score of 530 or higher on the math section of the SAT test within five years of admission are exempt from the computation/algebra portion of the Test. Official score reports must be submitted at time of admission to HCCC.

Students who need to take ESL or Academic Foundations courses in writing, reading, computation, or algebra must register for these courses in their first semester at the College and must continue to do so until they demonstrate standards of proficiency in English or mathematics.

In some cases, if low scores indicate the need for intensive basic skills preparatory study, students will not be allowed to register for any college-level courses until satisfactory progress is made in developing their reading, writing, and math abilities. In other cases, where test scores are higher but still indicate the need for ESL or developmental work, students will be allowed to take selected college-level courses.

Academic Foundations and ESL Placement/Exit Testing

At the end of each semester, students taking Academic Foundations English and mathematics courses are re-tested in each subject in which coursework (reading, writing, computation, algebra) was assigned. The results of the test are used to determine placement for the following semester.

ESL students take the Level Test to determine their English proficiency at the end of each semester. The results of the test are used to determine placement for the following semester.

Students in ESL or Academic Foundations courses must complete requisite assignments and meet attendance criteria in order to be permitted to take the test.

Academic Progress

Proficiency in reading, writing, computation, and algebra are required for graduation from HCCC. ESL and Academic Foundations courses are not applicable toward degree or certificate programs. However, registration records for these courses appear on student transcripts.

Students who have not completed all Academic Foundations requirements within two semesters or 30 credits of taking the College Placement Test may be placed on academic probation and required to register for a limited schedule of courses until all basic skills requirements are completed.

Immunization Requirements

HCCC, as mandated by the State of New Jersey, is required to have on file proof that all students enrolled full-time have been immunized against certain preventable diseases, i.e. Measles, Mumps, and Rubella, or provide evidence that they are exempt.

Additionally, a revision to the New Jersey College Immunization Regulations mandates that all new full-time matriculated students entering HCCC MUST provide proof (in addition to the above listed immunizations) of a Booster Measles Shot before they enroll for a second full-time semester.
The following documents are acceptable as evidence of immunization, provided they specifically indicate the immunization and the date it was administered:

1. An official school immunization record,
2. A record from any public health department
   OR
3. A record signed (refer to HCCC’s College Immunization Affidavit Record Form) by a physician.

* Exempt students must meet one of the following conditions:
1. Medical reasons (e.g., pregnancy). A physician’s statement must be submitted.
2. Religious reasons. A statement from an official of the religious organization must be submitted.
   Students must submit all immunization documentation to the College by their first term of attendance.
For details, go to www.hccc.edu/immunization.

**Status of Residency**
You are a considered a Hudson County resident if you maintain a permanent home within Hudson County, New Jersey.

---

**Types of Tuition**

**There are three types of tuition rates:**

1. Hudson County residents
2. Out-of-county residents
   (but still reside in New Jersey)
3. Out-of-state and International residents
   Please see latest Schedule of Course Offerings (SoCO) for details or visit the Bursar’s Office.

**Out-of-County Chargeback Assistance**

Students who reside in a county other than Hudson and who are enrolled in their county’s community college, but take courses at HCCC because their school does not offer a specific academic program, may avoid paying the out-of-county rate for tuition. Students must apply for and be accepted for admission at HCCC and then must submit HCCC’s letter of acceptance to their community college, and obtain a “Certification of Inability to Admit” from that school. Students must send that certificate to their home county chief fiscal officer. The county will then issue a “Certification of Residence” to the students.

Both certifications must be sent to the Bursar’s Office. The Bursar’s Office will bill the appropriate county for the difference between the in-county and out-of-county tuition rate. All students are responsible for payment of other charges on their student accounts and any tuition charges not paid by their home county. Students are responsible for ensuring that completed forms are filed in the Bursar’s Office each semester.

**Identification Card**

Students are issued a free ID card at the time of registration. These cards must be validated each semester that students attend HCCC. There is a fee for replacing a lost or damaged card.

---

**Graduation**

Students who have earned 50 or more college credits towards their degree program requirements are encouraged to file a Graduation Application. There is a non-refundable graduation fee associated with the application. A diploma will not be issued until the student has completed all degree requirements.

For more information, please visit www.hccc.edu/registrar

**Graduation Fee**

Graduates will be assessed a non-refundable graduation audit fee of $50.00, even if the student is not attending the graduation ceremony. This fee does not include the rental fee of the cap and gown. The student must contact the bookstore for cap and gown rental fees.
TUITION AND FEES

A signed registration form creates a contract with the College by which HCCC commits to hold class seats for students. This contract automatically produces a financial obligation to the College. Students can reduce or cancel this obligation upon written notice in accordance with the Cancellation/Refund Policy of the College.

Full payment of tuition and all fees is due on the day of registration. The College accepts payment in cash, check, money order, MasterCard, Visa, American Express, Discover, and debit cards.

A Deferred Payment Plan is offered to HCCC students to assist in the payment of tuition and fees. There is a $25 Deferred Payment Fee per semester to cover the cost of administering this program. Students must arrange all Deferred Payment Plans with the Bursar’s Office to avoid de-registration for non-payment. Deferred Payment Plans cannot be arranged online, and are not available for Summer semesters. More information is available in the Bursar’s Office at 70 Sip Avenue, First Floor.

Students expecting to receive financial aid to help cover the cost of tuition should consult, as soon as possible, with the Office of Student Financial Assistance to ensure that all completed paperwork is on file by the deadline dates to guarantee timely payment of their tuition accounts. The inability to secure expected financial aid does not cancel students’ indebtedness to the College.

The College reserves the right to prohibit students from re-enrolling in classes until all outstanding accounts have been settled with the Bursar’s Office. In no case will students who have outstanding balances from a prior term be allowed to register. Students will be responsible for payment of all charges (i.e., collection agency fees, attorney fees, etc.) necessary for collection of past due accounts.

**College Tuition Refund Policy is available on-line at:**
https://myhudson.hccc.edu/studentaffairs/studentservices/paymentoptions/Pages/default.aspx
or
https://www.hccc.edu/refund

**Refund Schedules are also available at the Bursar’s Office, 70 Sip Avenue, 1st Floor.**
TUITION AND FEES
The following table outlines HCCC’s Tuition and Fee Schedule:

<table>
<thead>
<tr>
<th>Tuition *</th>
</tr>
</thead>
<tbody>
<tr>
<td>County Resident ......................................... 116.00 per credit</td>
</tr>
<tr>
<td>Out of County Resident .................................. 232.00 per credit</td>
</tr>
<tr>
<td>Out of State Resident/International Student .................................. 348.00 per credit</td>
</tr>

</tr>
<tr>
<td>LPN Nursing Test Fee ...................................... 50.00 per occurrence</td>
</tr>
<tr>
<td>LPN Exit Exam ............................................... 50.00 per occurrence</td>
</tr>
<tr>
<td>NCLEX Test &amp; Prep Program .............................. $400.00</td>
</tr>
</tbody>
</table>

Note: The College reserves the right to modify the tuition and fees. Students who have pre-registered will be billed for any increases.

** Selected programs, such as Nursing, Paramedic Science, Radiography, and Respiratory Care, have separate lab fee schedules. A listing of Laboratory Fees is available at the Student Accounts Office at 70 Sip Ave.

Students are expected to pay for any College property that they may damage or lose.
**REGISTRATION**

**Registration**

Registration is the process of academic advisement, selecting classes, and developing a semester schedule. Students register part-time or full-time, for day or evening classes or a combination, and may shift from full-time to part-time each semester depending on their educational goals and the needs of their personal schedules.

Specific registration dates and course schedule for each term are available through the College’s web site or from the Office of Enrollment Services ([www.hccc.edu/schedule](http://www.hccc.edu/schedule)). Students must see an academic/faculty advisor before registering for classes and obtain the advisor’s signature on the registration form. Students are encouraged to register as early as possible to ensure the best possible option for course offerings and scheduling.

**Priority Registration**

Continuing program ready students and new students may register early by making an appointment with either the Center for Academic and Student Success, or their assigned faculty advisor. Priority registration begins on or about April 1 for fall and summer semesters, and on or about November 1 for winter session and the spring semester. Please check the Schedule of Course Offerings (SoCO).*

**Late Registration**

New and returning students may register during late registration. Students should be aware, however, that during late registration fewer classes are available, and time schedules are restricted. An additional fee is charged for late registration for continuing students.
ACADEMIC POLICIES & PROCEDURES

Courses are recorded in terms of semester hours. Normally, one semester hour of credit is earned for one hour of class work per week for a semester. The semester hours of credit assigned to a course are not necessarily determined by the number of class hours per week. Lab hours, for example, are calculated on the basis of two hours of lab time for one semester hour of credit. In general, a semester consists of 15 weeks of regularly scheduled, student-faculty instructional activity, which includes final exams.

GRADING

All student progress is evaluated by instructors at the mid-semester and end-of-semester points. Mid-semester grades are advisory and are not recorded on the students’ permanent record. Counseling and tutoring are available to assist students in academic difficulty.

GRADE REPORTS

Grade reports are available by accessing Liberty Link. If students have outstanding balances, grade reports will not be accessible until the balance is paid in full.
Minimally acceptable academic performance for general education courses, but unacceptable academic performance for prerequisite courses and major courses. (Note: Students should be aware that courses in which they receive a “D” grade generally are not accepted as transfer credits at other institutions.)

**F** This grade is also assigned in cases of academic misconduct, such as cheating or plagiarism, and excessive absence.

**Grade Point Average**
To determine the grade point average (GPA), multiply the number of grade point equivalents for each grade received by the number of credits for the course, then divide the total number of grade points by the total number of credits attempted. For guidance in computing grade point average, examine the following sample:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Equivalents</th>
<th>Credits</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
<td>3</td>
<td>12</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
<td>3</td>
<td>9</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
<td>3</td>
<td>6</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
<td>3</td>
<td>3</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
<td>3</td>
<td>0</td>
</tr>
</tbody>
</table>

30 divided by 15 equals a 2.0 grade point average

**Grades for Academic Foundations and ESL Courses**
Students enrolled in Academic Foundations (AF) and ESL courses will be evaluated according to the following grading system:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Interpretation</th>
<th>Grade Points/Credit Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>E</td>
<td>Exit</td>
<td>No weight (not calculated in GPA)</td>
</tr>
<tr>
<td>P</td>
<td>Pass</td>
<td>No weight (not calculated in GPA)</td>
</tr>
<tr>
<td>R</td>
<td>Repeat</td>
<td>No weight (not calculated in GPA)</td>
</tr>
<tr>
<td>F</td>
<td>Fail</td>
<td><strong>0.0</strong> (calculated in GPA)</td>
</tr>
</tbody>
</table>
Academic Foundations and ESL grades are not calculated in students’ grade point averages; however, they are weighted to determine satisfactory performance standards. Credits taken count as attempted and earned.

E - Exit
Student demonstrates college-level preparedness based on performance on the College Placement Tests.

P - Pass
Student moves to higher level of ESL or Academic Foundations. Credits taken count as attempted and earned.

R - Repeat
Student repeats same level of ESL, Academic Foundations or College Composition I. Student has satisfied the assignment and attendance policies as described in the course syllabus, but has not achieved the level of academic performance required to succeed at the next level of instruction as determined by performance on the College Placement Tests, ESL Level Test, or Writing Proficiency Test. Credits taken count as attempted but not earned.

Students who repeat a course more than once or need to take the same course a third time will be placed on probation with a reduced load. Students who unsuccessfully attempt the same course three times will be subject to dismissal. Students may be permitted to take the course again only in the framework of the Academic Fresh Start Policy.

F- Fail
Student repeats same or lower level of ESL or Academic Foundations courses in the specified subject area. This grade is assigned to students who have not completed course work or have excessive absences. Credits taken count as attempted but not earned.

I - Incomplete (No Credit)
Temporarily Incomplete - The grade ‘I’ is temporarily given only when students sign a contract with an instructor. Any course for which the grade of ‘I’ has been awarded must be completed within the three-week period following the end of the semester or the ‘I’ will automatically turn into an ‘F’. Determination of academic progress will be made at the end of that three-week period. Students are responsible for the elimination of an ‘I’ grade. Request for a change of ‘I’ to a letter grade must be signed by the Instructor, Academic Program Director or Division Dean, and submitted to the Office of Enrollment Services.

W - Withdraw (No Credit)
Withdrawal - Except for selected programs (e.g., cooperative nursing), students may withdraw from a course without academic penalty until the midpoint of the semester. Beyond the midpoint, students may only withdraw from a course in the case of an emergency and must secure the permission of the Vice President for Academic Affairs. If permission is granted, students will receive a grade of ‘W’. Students who wish to withdraw must complete and submit a withdrawal form to the Registrar’s Office.

Note: While a ‘W’ is not used in computation of the students’ grade point averages, it is calculated against the number of credits attempted. Therefore, course withdrawals can adversely affect academic standing. The number of “W” grades allowed on a student transcript will be limited to a total of 20 credits. No students will be able to withdraw from the same course twice. If a student is taking a class beyond the second attempt, a “W” may not be assigned.

AU - Audit (No Credit)
Students who wish their record to show that they have attended a course regularly, but who do not wish credit for that course, must obtain the permission of the Division Dean and Instructor prior to enrollment in the course. This determination must be made at the time of initial registration and cannot be changed. No grade is given for an audited course, nor are any credits attempted or earned. No grade points are calculated. Students who wish to withdraw from an audited course must follow the established course withdrawal procedures.

P/F Pass/Fail
A Pass/Fail grade is applicable only to English as a Second Language courses, Academic Foundations courses, and to degree-credit courses which are not part of the students’ major or field of concentration. For degree-credit courses, a Pass/Fail determination must be made at the time of registration and cannot be changed. If students pass the course, the grade point average is not affected; however, if students fail, an ‘F’ grade is given (for an ‘F’ grade, see above). Students who wish to withdraw from a Pass/Fail course must follow the established course withdrawal procedures.

Students are advised that some institutions, honor societies and scholarship committees do not accept ‘P’ grades and may convert ‘P’ to ‘C’ when computing the related grade point averages or penalize them in other ways.

CE - Credit by Examination
A ‘CE’ grade and three credits for a course may be earned by students who receive a passing score on an Exemption Test for Credit taken on the first day of class. Students may attend the class but are exempt from all examinations. No grade points are calculated for a ‘CE’ grade.

NP- Not Passed
Used for College Student Success (CSS) course in place of “I”. Students receiving an NP grade would be required to retake CSS to meet requirements.
Academic Standing

Degree program-ready students are considered to be making satisfactory academic progress if they earn the prescribed percent of all credits attempted in a semester by attaining grades of 'A', 'B', 'C', or 'D', and if their cumulative grade point average (GPA) meets the acceptable minimum standards set by the College. Academic Foundations and ESL students are considered to be making satisfactory academic progress if they earn the prescribed percent of all credits attempted in a semester by attaining grades of 'E' and 'P', and if their cumulative grade point average (GPA) meets the acceptable minimum standards set by the College. Students should be aware that poor grades, failures, and withdrawals from courses may adversely affect their academic standing. Students should seek personal and academic counseling immediately if their grade point averages fall below the 2.0 cumulative GPA required for graduation.

Satisfactory Standards

All students who have attempted 15 or more credits, including those enrolled in Academic Foundations courses and English as a Second Language courses, must maintain a minimum cumulative GPA of 2.0.

Students must repeat all Academic Foundations and ESL courses in which a grade of ‘R’ or ‘F’ is earned. All students must earn 67% of credits attempted.

Students enrolled in required Academic Foundations courses must pass the Placement/Exit Tests in each subject area within two semesters or 30 credits of taking the College Placement Test. Students who have not completed Academic Foundations requirements in the timeframe specified will be placed on probation, and required to take a reduced load.

Students who are required to take English as a Second Language (ESL) courses must maintain the prescribed grade point average (GPA) and percentage of credits attempted.

The following grid applies to full-time students and students who have completed at least 15 credits.

<table>
<thead>
<tr>
<th>Semester with unsatisfactory Academic Progress</th>
<th>Cumulative GPA under 2.0 or attempted credits earned less than 67%</th>
<th>Grade of R, F, or D* for required class</th>

</tr>
</tbody>
</table>

*In cases where a D requires the class to be repeated. See note on previous page.

Early Intervention

Students who demonstrate unsatisfactory progress at midterm or do not pass a class will be contacted by the College inviting them to take advantage of various student success resources, and encouraged to seek out assistance from Tutorial Services, their professors, the Office of Disability Support Services, or the Center for Academic and Student Success.

Academic Probation

In any semester, students who fail to meet the College’s minimum academic standards will be placed on academic probation and may be required to take a reduced load. In addition, students who have not completed Academic Foundations requirements within 30 credits of taking the College Placement Test may be placed on probation, and required to take a reduced load.

Degree program-ready students who have not completed certain required General Education courses within 45 credits may be placed on Academic Probation and their schedules restricted until required courses have been completed (see page 52).

Students on academic probation must consult with the Division Dean or Academic Program Director concerning course selection and academic load, and must sign an academic contract form prior to registering. If students on probation enroll for more than the maximum courses/credits without the permission of the Division Dean or Academic Program Director, they must withdraw from the additional courses. Failure to do so will result in the College automatically withdrawing the students from the additional courses.

Academic Suspension/Dismissal

Students shall be monitored for academic progress each semester. If performance indicates two consecutive semesters of failure to meet the minimum standards, those students will be suspended. Students who have been suspended for academic reasons must wait one full semester before applying for reinstatement to the College, and may be only reinstated on academic probation and must sign an academic contract form prior to registering. Such reinstatement is contingent on a review by the Division Dean/Academic Program Director or Vice President for Academic Affairs or the Academic Appeals Committee. Failure to maintain this minimum level of academic performance will result in final dismissal from the College. Final Dismissal cannot be appealed. This means that those students may only return within the framework of the College’s Fresh Start Policy.
ACADEMIC INTEGRITY POLICY

I. Academic Integrity Standards

Academic integrity is central to the pursuit of education. For students at HCCC, this means maintaining the highest ethical standards in completing their academic work. In doing so, students earn college credits by their honest efforts. When they are awarded a certificate or degree, they have attained a goal representing genuine achievement and can reflect with pride on their accomplishment. This is what gives college education its essential value.

Violations of the principle of academic integrity include:
- Cheating on exams.
- Reporting false research data or experimental results.
- Allowing other students to copy one’s work to submit to instructors.
- Communicating the contents of an exam to other students who will be taking the same test.
- Submitting the same project in more than one course, without discussing this first with instructors.
- Submitting plagiarized work. Plagiarism is the use of another writer’s words or ideas without properly crediting that person. This unacknowledged use may be from published books or articles, the Internet, or another student’s work.

II. Violations of Academic Integrity

When students act dishonestly in meeting their course requirements, they lower the value of education for all students. Students who violate the College’s policy on academic integrity are subject to failing grades on exams or projects, or for the entire course. In some cases, serious or repeated instances of academic integrity violations may warrant further disciplinary action.

A. First violation in a course:
- The instructor assesses the severity of the violation, determining whether it results from weak academic skills, incomplete understanding of the assignment, project or test guidelines (all instances of “absence of malice”), or whether it represents outright cheating or other form of deception.

- The instructor determines whether the offense merits failure on the assignment, project, or test; failure for the entire course; or other measure.

- If the violation merits failure for the course, the violation is reported to the Division Dean or Academic Program Director. A form for reporting academic integrity violations is available for such a report.

- In all instances, the instructor should retain full evidence documenting the violation.

- Students may appeal to the Division Dean if they believe that they have been treated unfairly regarding an alleged violation of the academic integrity code. If warranted, a further appeal may be made to the Division Dean. The dean’s decision is final in such appeals.

B. Second violation in a course:
- Results in automatic failure for the course and must be reported to the Division Dean’s office.

C. Non-course violations:
- Students who are found in violation of the College code of academic integrity on incoming placement or exit examinations are referred to the appropriate Academic Program Director, Division Dean, and/or Vice President for Student Affairs for disposition.

III. Violations Reported to the Division Dean or Vice President for Student Affairs

Depending on the severity of the violation(s), the Division Dean will determine whether further disciplinary action is warranted. The Vice President for Student Affairs assists Academic Affairs in maintaining a high level of academic integrity on the campus. The Vice President works with the faculty and division deans to educate students about academic dishonesty, and to adjudicate disciplinary cases in which there are suspected violations of College policies. Should violations of HCCC academic integrity standards warrant a disciplinary hearing with the Vice President for Student Affairs, sanctions may include suspension, expulsion, or other measures deemed appropriate.

Academic Appeals Procedure

Students who believe that they have not been properly evaluated in terms of academic performance may make use of the following procedure within the time frames specified below:

To appeal a probation or suspension action, students must complete and submit a Probation/Suspension Appeal Form and supporting documentation to the Academic Action Appeals Committee within the timeframe specified in the notification letter or to the Division Dean/Academic Program Director within 20 days of the end of the semester of occurrence. In considering student appeals, the Committee/Division Dean will examine the student’s entire academic record, with special attention to test scores, placement, course grades, withdrawals, total credits attempted/earned, and cumulative G.P.A. A waiver of probation or suspension will be granted only in special circumstances.

In the case of a disputed grade, students must file an appeal within 90 days of the end of the semester in which the course was taken.

Step One
Discussion with the appropriate faculty member.

Step Two
Discussion with the appropriate Division Dean or Academic Program Director. If the grading instructor is still employed at the College, the Division Dean/ Academic Program Director’s authority is limited to reviewing the evidence and recommending to the instructor that a grade change may be considered. If the instructor is no longer employed by the College, the Division Dean/Academic Program Director may recommend a change of grade. Such recommendation must be submitted to the Dean of Arts & Sciences or Vice President for Academic Affairs for final action.
Step Three
Written appeal to the Dean of Arts & Sciences summarizing the circumstances of the appeal, and indicating the outcomes of steps one and two. Grade appeals must include all relevant materials such as course syllabi, originals or copies of assignments, papers, lab reports, quizzes, and examinations. As part of Step 3, the Dean of Arts & Sciences may at his/her discretion convene a meeting of the Academic Appeals Committee. The committee shall consist of a Division Dean/Academic Program Director, a counselor, and at least three faculty members. The Division Head from whose division the appeal emanates may participate on the committee without vote. The Committee Chairperson shall submit the committee’s recommendation in writing to the Dean of Arts & Sciences. The Dean of Arts & Sciences shall examine the evidence and the recommendation, make a final judgment, and communicate the decision in writing to the student. No further appeals may be made. Grade changes accomplished under this procedure are final and cannot be re-appealed.

Academic Fresh Start Policy
Students who attended HCCC in the past and attained very poor academic records, and who wish to resume their studies at the College without being penalized for those records, may request a Fresh Start. Academic Fresh Start allows students to restore their academic standing at the College by eliminating previous academic credit from the current GPA.

To request Academic Fresh Start, students must apply at the Registrar’s Office. The following guidelines apply:

- Coursework to be excluded must have been completed at least three years prior to applying for Academic Fresh Start.

- The cumulative GPA for all coursework taken five or more years prior to application must be below 2.0.

- Students must have completed at least 12 credit hours prior to applying for Academic Fresh Start. The GPA for all coursework taken during this time must be at least 2.0.

- Academic Fresh Start will be granted only once.

- Academic Fresh Start does not affect or alter students’ records for financial aid awards.

- All previous coursework will continue to appear on the students’ transcripts. However, the excluded coursework, regardless of grade, will not be included in the cumulative GPA.

- Credits excluded as a result of Academic Fresh Start cannot be used to meet course or program pre-requisites or requirements.

- This policy applies to HCCC records only. In the case of transfer to another institution, students must follow the receiving institution’s policy.

- Students must meet with a counselor before applying for Academic Fresh Start to ensure that guidelines are met. After meeting with the counselor, students must also secure the approval of the Division Dean or Director.

- Students granted Academic Fresh Start must maintain regular contact with a counselor to monitor academic progress.

Course Repetition
Students enrolled in Academic Foundations or English as a Second Language courses must repeat all such courses in which a grade of ‘R’ or ‘F’ is earned, except in subjects in which they have passed the College Placement or Exit Test. Students must repeat all required specialization courses in which a grade of ‘F’ is earned in order to remain in their chosen curriculum. Students have the option to repeat any non-required course in which a ‘D’ or ‘F’ grade is earned. If students earn a grade of ‘W’ for a repeated course, the original grade prevails. Students may not repeat a course in which a grade of C or higher is earned.

In all cases where a course is repeated, both the original and repeated grades will remain on the transcript. However, the first unsatisfactory grade will not be used in calculating the grade point average. Any subsequent grades will be calculated in the student’s grade point average. Students may not repeat a course more than once without special permission from the Division Dean/Academic Program Director.

Students who unsuccessfully attempt the same course three times will be suspended. After four unsuccessful attempts they will be subject to dismissal.

Change of Major
HCCC students who wish to change from one program (major or area of concentration) to another are expected to visit the MyHudson Liberty Link and go to “My Program Evaluation.” Students will be able to review the adjustment to their program prior to filling out a “Change of Major” form. The form is available through Enrollment Services at 70 Sip Avenue.
Attendance

Students are expected to attend all classes. However, in case of an emergency or illness, students are advised to notify their instructor or counselor immediately. The responsibility for any work missed because of absence rests entirely with the student.

Specific Attendance Requirements:

Culinary Arts Program - in each instructional cycle:
- 1 unauthorized absence = B
- 2 unauthorized absences = C
- 3 unauthorized absences = F

For more information, go to www.hccc.edu/CulinaryArtsInstitute

Examinations

Students are expected to take examinations when scheduled. No exceptions will be made without the permission of the Division Dean or Academic Program Director, and the instructor of the course.

Normal Academic Load

Full-time students must carry a minimum of 12 credit hours each semester. Students who wish to enroll for more than 18 credits must receive permission from the Division Dean or Academic Program Director.

Dean’s List

Full-time degree students who have completed all Academic Foundations, ESL courses have a grade point average of 3.5 or higher, and no ‘F’ grades in the current semester are eligible for the Dean’s List. Students with an ‘incomplete’ on their records shall be evaluated after the period allowed for completion of course work. Part-time degree students earning 12 credits within a calendar year and who meet requisite criteria are also eligible for the Dean’s List. Students who show long-term achievement will be recognized at graduation and through publication of their names in College press releases.

HCCC Honors Program

Each semester, Hudson County Community College offers a number of courses which carry an “Honors Only” designation. In order to register in one of these courses, students must meet specified academic criteria established to guarantee their ability to benefit from the rigor of Honors Program sections. In these courses students should expect smaller class size, more one-to-one instructor contact, more independent work, assignments of greater complexity and breadth, and the opportunity to work alongside other students with similarly exceptional initiative and ability.

Members of the College’s Honors Program are provided with many unique opportunities. Some of the benefits include: stimulating classes that provide challenging course work and exciting class discussions, the designation of honors courses on students’ transcripts, and an opportunity to meet, work, and socialize with other honors students.

Honor Societies

Phi Theta Kappa - A chapter of Phi Theta Kappa, the internationally acclaimed honor society for students in community and junior colleges, has been established at Hudson County Community College. Phi Theta Kappa provides opportunity for the development of character, leadership and service, for an intellectual climate to exchange ideas and ideals, and for stimulation of interest in continuing academic excellence. Full- and part-time students who have earned 12 degree credits at HCCC with a cumulative grade point average of 3.2 or higher are eligible for membership in Beta Alpha Phi, HCCC’s chapter of Phi Theta Kappa.

Psi Beta is the National Honor Society in Psychology for Community and Junior Colleges, and it offers its members many benefits. In addition to recognizing outstanding academic performance, Psi Beta provides opportunities for members to learn more about the field, to meet and interact with professionals working in various areas of psychology, to acquire leadership skills, to participate in community service, and to work with peers with similar interests. In order to qualify for Psi Beta membership, students must have a genuine interest in the study of psychology, have a GPA of at least 3.2, a B average or above in psychology courses, and have completed at least 12 semester hours of college credit.

Sigma Kappa Delta, the National English Honor Society for Two-Year Colleges, recognizes outstanding academic achievement and promotes the study of English literature and language. Members organize and participate in literary events and fundraising activities and are eligible for scholarships and awards. To be eligible for membership, students must have completed at least twelve college credits with a GPA of 3.0 in general scholarship and at least one college-level course in English language and literature (excluding developmental courses) with no grade lower than B in all such courses.

Graduation Honors

Students who demonstrate high scholastic achievement are eligible for the following graduation honors:

3.45 - 3.64 GPA: Cum laude (with honors)
3.65 - 3.84 GPA: Magna cum laude (with high honors)
3.85 - 4.00 GPA: Summa cum laude (with highest honors)

For more information, go to www.hccc.edu/honorsocieties
Commencement

Degrees are conferred twice annually at the end of the Fall and Spring semesters. Commencement ceremonies take place in May each year. Students who are able to complete all degree requirements during the summer sessions may participate in Commencement exercises.

Students eligible for graduation must pay the graduation fee, complete and submit an application form to the Registrar’s Office by May for January graduation, and by December for May graduation.

Associate Degree and Certificate Requirements

Students must fulfill the following requirements to be awarded an associate degree or a certificate:

- Complete Academic Foundations requirements.

- Fulfill all course requirements of a particular degree or certificate program as described in the College Catalog in effect at the time of initial matriculation in the program; provided that (1) not more than 10 academic years have elapsed since the student passed the College Placement or Exit Test, and (2) the student has maintained continuous attendance and satisfactory academic standing.

- Complete a minimum of 30 credits in residence at HCCC for the associate degree, of which 12 must be in their major or field of concentration.

- Earn an overall GPA of at least 2.0.

- Earn a grade of ‘C’ or better in all required courses in their field of concentration.

- File an application for graduation in the Registrar’s Office by May for January graduation or December for May graduation.

- Be certified by the Registrar as having met all requirements for the degree.

- Resolve all financial obligations to the College.

- Return all library books and College materials.

Second Degree Policy

HCCC students may be permitted to apply for a second degree under the following conditions:

1. A first degree must have been earned and awarded.

2. Students must complete a minimum of 24 credits including all required courses and electives of the second degree.

3. Where fewer than 24 credits separate the first and second degrees (as in closely related programs), students must complete selected enrichment courses to satisfy the minimum requirements.

4. Students must consult with the appropriate Division Deans or Academic Program Directors to determine the courses which must be completed to satisfy the requirements of the second degree. Students must also complete a Second Degree Request Form. Approval of the Vice President for Academic Affairs is required prior to official enrollment into the Second Degree Program.

Transferring to Other Institutions

HCCC graduates of AA and AS degree programs may take advantage of the “Full Faith in Credit” arrangement between New Jersey community colleges and the state’s public four-year colleges, and universities which has the force of law (The Lampitt Bill, September 2007). This arrangement guarantees admission with full junior status to a public college (though not necessarily the college of first choice) for AA/AS degree graduates who meet certain criteria.

Additionally, in order to facilitate the transfer of students (including those enrolled in AAS degree programs) to certain bachelor degree programs, HCCC has negotiated special articulation and dual admission agreements. This allows HCCC graduates to make a smooth transfer of credits in their major area of study to participating institutions.

For more information, go to www.hccc.edu/cass
Dual Admission and Articulation Agreements

Joint Admissions

By agreement, these colleges or universities require students to complete their initial two years of a baccalaureate degree at HCCC with guaranteed transfer of credits with full junior status upon graduation. Students must also satisfy specific admissions criteria.

- Fairleigh Dickinson University
- New Jersey City University
- New Jersey City University – Health Services Program
- Rutgers University - Cooperative Nursing Program
- Saint Peter’s University

Dual Admissions

By agreement, these colleges and universities have students apply for admissions within their first 30 credits at HCCC. Transfer of credits with full junior status will be guaranteed upon graduation and with meeting specific application criteria.

- Bloomfield College
- Fairleigh Dickinson University
- Kean University
- Montclair State University
- New Jersey City University
- New Jersey Institute of Technology
- Saint Peter’s University

For more information, go to www.hccc.edu/admissions

Articulation Agreements – General

These four-year colleges and universities have agreed to accept most, if not all, of the credits from a majority of HCCC academic programs upon completion of an appropriate Associate’s degree.

- Bloomfield College
- Caldwell College
- Centenary College
- Fairleigh Dickinson University
- Kean University
- New Jersey City University
- New Jersey Institute of Technology
- Ramapo College
- Rutgers University
- Saint Peter’s University
- Thomas Edison State College
- University of Phoenix
Articulation Agreements – Specialized

These four-year colleges and universities have agreed to accept most, if not all of the credits from a specific HCCC academic program upon completion of an appropriate Associate’s degree.

### Joint Programs

By agreement, this program leads to an associate of science degree from Rutgers University and HCCC.

**Occupational Therapy Assistant**  
Respiratory Care  
Dietary Management  
- Rutgers University – School of Health Related Programs

### Cooperative Programs

By agreement, this program requires students to take general education courses at HCCC and clinical courses at the collaborating school or hospital.

**Cooperative Nursing**  
Radiography  
- CarePoint Health

**Pre-Hospital Medicine:**  
Paramedic Science  
- Jersey City Medical Center

For complete information concerning “Full Faith in Credit,” dual admissions, joint programs, and other transfer articulation agreements contact the Transfer Resource Center, the Office of Enrollment Services or the Office of Academic Affairs. For more information on types of programs offered to assist students in the transfer process, please refer to the section under Transfer Services.
Service Learning and Externships

HCCC provides students in some programs with the opportunity to obtain hands-on experience in their major fields of study. In addition, several degree programs require the successful completion of a service learning experience. Students who are placed in service learning settings, often referred to as “externships,” receive College credits while working at actual field sites under the guidance of experienced professionals. Successful completion of an externship may be the first step in executing and planning a successful career.

Eligibility to participate in service learning, field placements, or externships is determined by both the College and the outside agencies. Refer to this Catalog’s section titled “Qualifications for Select Careers” for the selection processes which some agencies may follow. Within the College, candidates for field placement must obtain the approval of the appropriate Academic Program Director, coordinator or Division Dean prior to registering and participating in service learning or externship courses. While students are working at their field sites, they must at all times maintain appropriate levels of professional decorum and behavior as a continuing condition of their eligibility to participate in the service learning experience. Students are continuously evaluated during their field experiences by both the appropriate HCCC program coordinator and the site supervisor.

Qualifications for Select Careers

A number of HCCC programs require graduates to be licensed by governmental and regulatory agencies in order to practice their chosen occupations. Additionally, certain professions require applicants to undergo extensive character background investigations as a pre-condition of employment. In these instances, candidates for employment may be asked if they have committed certain illegal acts, or if they are incapable of discharging the functions required by the profession. However, not all employers and licensing agencies treat potential disqualifiers in the same manner. Some may require further clarification and explanation.

In selecting their majors and College externships/field work, students should familiarize themselves with the selection processes and eligibility criteria of prospective employers or field sites. Students are encouraged to discuss any concerns with the appropriate Program Coordinator, Division Dean/Executive Director, or a member of the College’s counseling staff.

For more information, go to www.hccc.edu/career
HCCC offers a number of special programs and instructional support services to enhance opportunities for academic success.

Although the main campus is conveniently located in Jersey City, a center in Union City offers residents of North Hudson County an opportunity to take courses in their neighborhood. Satellite centers in Bayonne, Hoboken, Kearny, and Secaucus make classes accessible in the southern and western parts of the county.

ESL and bilingual offerings help students whose first language is not English succeed in college-level courses.

Non-traditional courses can fit into a working student’s schedule through weekend classes or self-directed computer courses.

Student services include advising, counseling, career planning and placement, tutoring, help for students with physical disabilities, and a wide choice of student clubs and activities.

The Division of Community Education makes lifelong learning possible for career enhancement, career change, personal fulfillment, or GED preparation.
INSTRUCTIONAL RESOURCES
AND SERVICES

Weekend College

HCCC’s Weekend College provides access to higher education for working adults, and other students who are challenged by a traditional college schedule. Weekend College makes many required and elective courses available on Saturdays and Sundays at times which allow students to take multiple requirements on those days. Students are able to take General Education requirements for Liberal Arts and other degree types as well as the major requirements of some of the most popular programs of instruction.

Center for Online Learning (COL)

Online learning provides students with the opportunity to pursue their studies when and where it is most convenient for them.

Hudson County Community College’s Center for Online Learning offers an ever-growing number of online and hybrid courses. These courses are presented via the Internet in 15-week sessions, and 7-week accelerated sessions. The courses are equivalent to on-campus courses and are taught by highly qualified HCCC faculty. Tuition and fees are the same for online and in-person courses, and financial aid is available for some online offerings.

While online courses are often more convenient, being successful requires that participating students be self-directed, capable of working independently, and approach the courses with the same dedication as for in-person classes. Students who wish to take online courses must complete all course requirements, maintain regular contact with their instructor, and interact with their classmates via the Internet.

Off-Campus Academic Centers

To serve the needs of county residents, the College has established conveniently located satellite academic centers in Bayonne, Kearny, Hoboken, and Secaucus. Courses are open to both full- and part-time students and vary from semester to semester, but normally each center offers a variety of general education and degree program courses.

North Hudson Higher Education Center

The College’s North Hudson Higher Education Center, with over 92,000 square feet, houses classrooms with SMARTboards and Wi-Fi, a Bookstore, an Enrollment Center (Bursar’s, Financial Assistance, Testing & Assessment, Academic Advisement, and Tutorial Services Offices), Community Education, Computer Labs, a Student Lounge/Cyber Café, Multi-Purpose Room, Art Studio, Science Labs, Film & Music Studies Room, outdoor courtyard, and more. The NHHEC is a “green” building, with several sustainable elements that make the building more energy efficient, better ventilated, and more comfortable. The NHHEC offers day and evening classes, on weekdays and weekends. The Center is adjacent to the Hudson-Bergen Light Rail Bergenline Avenue Transit Station; a bridge connects the station directly with the HCCC campus.

Computer Assisted Instruction

Computer labs are located in Jersey City campus at the Welcome Center (PATH Station) and at the North Hudson Higher Education Center. Students may use the computer to help them develop their thinking and problem-solving skills, as well as their knowledge of specific subject areas. Students may also use software for word processing and data management. Trained lab assistants are available to assist walk-in students and regularly scheduled classes to use the equipment and to help students with word processing and specific subject area skills.

Testing & Assessment Center

The Testing & Assessment Center proctors various comprehensive examinations and assessments for the HCCC community. The College Placement Test (CPT) and the ESL Placement Test (credit and non-credit) are the two main test/assessment services offered at the Testing Center.

Students who require special testing accommodations for placement testing are encouraged to contact Disability Support Services at www.hccc.edu/cass.

Other testing services include:
- College Level Examination Program (CLEP)
- NLN Pre-Admission Exams (PAX RN/LN)
- PRAXIS
- HOBE
- Distance Education Exam Proctoring

For more information and a complete listing of testing services, visit: www.hccc.edu/testing.
Laboratories for Language Practice

English as a Second Language (ESL) students can build their English skills in fully equipped, computerized inter-media labs, using audio and video materials that coordinate with activities and materials used in HCCC’s ESL classes. Trained lab assistants are available to assist walk-in students and regularly scheduled classes to use the labs productively.

Academic Foundations
Mathematics Center

Basic Math and Basic Algebra students can develop their math and study skills by participating in a variety of learning activities offered by the Supplemental Program. The Academic Foundations Math Center is equipped with computers, iPads, and other technologies to assist students in building their math and study skills. In addition, it is staffed with trained Supplemental Instruction Leaders who provide group study and individual Supplemental Instruction (SI) sessions.

ABEGAIL DOUGLAS-JOHNSON
ACADEMIC SUPPORT SERVICES

The Abegail Douglas-Johnson Academic Support Services consist of the Writing Center and Tutorial Centers (Jersey City Campus and NHHEC).

Writing Center
wc@hccc.edu

The Writing Center (WC) serves the College community in multiple ways: its primary focus is to provide students with a supportive environment in which to develop their abilities as proficient writers, independent learners, and reflective thinkers. The WC, which includes a computer laboratory, offers support for students in any course requiring writing assignments, including ESL, Academic Foundations, College Composition and other English, Humanities, and Social Science courses. The WC provides walk-in and workshop-based writing tutorials for all enrolled students. Furthermore, the WC strives to inspire faculty initiatives, promote faculty development by hosting Faculty Development Seminars each semester, and support Writing Across the Curriculum (WAC). All of the aforementioned services are offered free to faculty and currently enrolled students. Students and Faculty are encouraged to contact the Writing Center for additional information.

Tutorial Centers
Jersey City Campus Location: 25 Journal Square (B 312/317)  
NHHEC Location: 4800 Kennedy Boulevard (N 511)

Tutoring for individuals and small groups is available at the Tutorial Centers. Trained tutors provide assistance in all subject areas for both walk-in and regularly scheduled students at the various College sites.

The Tutorial Centers offer students a unique approach to studying with their classmates through small, tutor-led study groups. Sessions are conducted in a relaxed atmosphere immediately following day or before evening classes often in the same classrooms where instruction is conducted. Group tutorials are available daily at all Tutorial Centers in response to student needs.

In order to prepare students for their respective exit exams and final exams, the Abegail Douglas-Johnson Academic Support Services Department offers workshops for ESL IV and V, Basic Reading/Basic Writing, Basic Mathematics, and Basic Algebra, and some college level courses during the Fall and the Spring semesters. In addition, the department offers Summer Enrichment Programs for all levels of ESL, Basic Reading/Basic Writing, Basic Mathematics, and Basic Algebra. Furthermore, various conversation sessions are offered for the College’s non-English speaking students. All of the aforementioned services are offered free to currently enrolled students. Students and Faculty are encouraged to contact the department for information regarding our services.

College Libraries

The college libraries at Journal Square and North Hudson Higher Education Center provide services and resources that support the research and curricular needs of students and faculty. The LRC website serves as a portal to all library resources and services. Books, magazines, journals, and newspapers are available in both print and electronic formats. All resources are included in InfoPath, the library online catalog. Remote access to databases and electronic reference sources is available with the use of the CWID number. All video and DVD programs are indexed in the online catalog and may be viewed in the library. Streaming video programs are also indexed in the online catalog and may be accessed through the catalog or NJVid. Reserve materials are designated by professors and are available to students for use in the library. Professional librarians present information literacy instruction to classes and provide individualized research assistance to students, staff, and faculty on demand. Print and multimedia instructions for using the databases are available online under the Research Assistance link on the library web page. Media services and audio visual equipment are available to faculty for classroom use. Photocopiers are available to students for a nominal fee. A current HCCC ID card is required to borrow all library materials.

For more information go to www.hccc.edu/library
STUDENT SERVICES

Center for Academic and Student Success

The Center for Academic and Student Success was created to provide students with easy access to an integrated system of support services.

These services include:
- Advisement and Counseling
- Career and Transfer Services
- Disability Support Services
- Educational Opportunity Fund (EOF)
- Faculty Advisement Program
- Tutorial Services

Students are strongly encouraged to meet regularly with a member of the CASS staff from the start of their career at Hudson County Community College.

Office of Advisement & Counseling

The Advisement and Counseling staff consists of general counselors who have a broad-based knowledge of student development. They can assist students in determining their skills and interests as they move toward their academic goals.

During the academic year, counselors offer the students the opportunity to attend workshops that address their needs while at HCCC. These workshops focus on various issues related to academic and personal development.

Sometimes, students can experience challenges in their lives that can impede their academic progress at the College. Counselors are available to assist students in addressing these challenges through counseling, as well as provide students with referrals to agencies when they are in need of long-term therapeutic counseling.

Advisement and Counseling is located in the Center for Academic and Student Success, 70 Sip Avenue, 2nd floor. To schedule an appointment, please call:

Journal Square Campus
70 Sip Avenue
Jersey City, NJ
(201) 360-4150

North Hudson Higher Education Center
4800 Kennedy Blvd.
Union City, NJ
(201) 360-4600

See www.hccc.edu/cass for more information.

Office of Career & Transfer Services

The Career & Transfer Resource Center provides services and resources for students seeking admission to baccalaureate degree-granting institutions, or entry into the workforce. These services include the following:

- Transfer and career counseling
- A computer lab where students can access NJ TRANSFER, research colleges and universities, take a career assessment inventory, work on a resume, and search for jobs or scholarship opportunities
- A library collection that includes college catalogs, test preparation materials, guidelines for improving college applications and essays, career magazines, and information on how to write an effective resume
- Workshops designed to familiarize students with career planning and the transfer process
- Networking opportunities including College Information Day, Career Fairs, transfer student socials, mentoring programs, and tours to local colleges and universities
- Articulation and Dual Admissions Agreements information

Career and Transfer Services is located in the Center for Academic and Student Success, 70 Sip Avenue, 2nd Floor. To make an appointment to speak to a career counselor, please call (201) 360-4184.

For more information, go to www.hccc.edu/career
Disability Support Services

In compliance with Section 504 of the Rehabilitation Act of 1973 and the American Disabilities Act (ADA) of 1990, Hudson County Community College is committed to providing the necessary accommodations to afford students with disabilities the opportunity to achieve their educational goals.

Students with disabilities must identify themselves to the College by submitting documentation to the Counselor/Coordinator of Disability Support Services. Documentation provided by students is kept confidential. Only information regarding specific recommendations is released to faculty and only with student permission. Every effort is made to review the documentation of each individual student to determine the appropriate accommodations to provide the optimum learning environment. Please note that an Individualized Education Plan (IEP) is not sufficient as documentation.

Students with disabilities are encouraged to use the full resources of the College.

The following types of assistance are available through Disability Support Services. They are arranged only if they are appropriate to the student's disability and recommended by his or her documentation:

- Academic Advisement
- Extended time for testing
- Advocacy within and outside the College (as needed)
- Interpreters for students with hearing impairments
- Readers and Note-takers
- Recorded textbooks
- Escorts for students with visual impairments
- Workshops
- Use of assistive technology

Students with disabilities who plan to attend Hudson County Community College are encouraged to meet with the Counselor/Coordinator of Disability Support Services upon applying. Their documentation will be reviewed at that time to determine whether accommodations are necessary for taking the College Placement Test. The Counselor/Coordinator will also provide students with academic advisement to assist them with their course selection.

The Office of Disability Support Services is located at Building A (70 Sip Avenue, 2nd Floor). To schedule an appointment with the Counselor/Coordinator of Disability Support Services, please call (201) 360-4157 - TTY (201) 360-4028.

For more information, go to www.hccc.edu/dss

Educational Opportunity Fund (EOF)

For over 40 years, the Educational Opportunity Fund (EOF) Program has provided access to higher education for NJ students from educationally and economically disadvantaged backgrounds. EOF provides support services to assist students in developing the skills needed to successfully navigate and master the transition into college. Students are assigned a personal advisor who will assist them in reaching their academic, career, and personal goals from enrollment through graduation. Support services are inclusive of academic advisement, transfer and career advisement, tutorial services, supplemental instruction, and enrichment workshops. Eligible EOF students also receive an additional financial aid grant ranging from $100-$525 per semester. During the summer, EOF offers an intensive summer program which provides developmental courses and support services for initial participants.

To be eligible for consideration, an applicant must:

- Be enrolled full-time (minimum of 12 credits);
- Have been a resident of New Jersey for at least one full year prior to enrollment;
- Meet the financial eligibility requirements as defined by the New Jersey Office of the Secretary of Higher Education/Educational Opportunity Fund; and
- Provide income documentation for verification purposes.

The EOF Office is located at 25 Journal Square, Third Floor.

For additional information regarding the program, go to www.hccc.edu/eof. To contact EOF directly, please call (201) 360-4180 or send an e-mail to eof@hccc.edu.

The Faculty Advisement Program

The HCCC faculty members play a major role in mentoring and guiding students through their degree programs. Each full-time faculty member serves as an academic advisor to twenty-five “Program Ready” students, that is, students who have completed their Academic Foundations requirements or have demonstrated mastery to take college-level courses.

The Coordinator of the Faculty Advisement Program serves as a liaison to the faculty and the Center for Academic and Student Success through ongoing training and review of academic advisement policies and procedures.

To schedule an appointment to discuss matters related to faculty advisement, please call (201) 360-4150.
Student Activities
The Office of Student Activities seeks to educate the “whole person” through co-curricular activities that complement a student’s academic experience. The office oversees all of the clubs and organizations that offer events on campus, and operates the Student Lounge. In addition, Student Activities offers several exciting events each semester that allow students to interact, unwind, and take advantage of the NYC/metropolitan area.

The department also coordinates discounted tickets to cultural and sporting events. To keep abreast of all of the upcoming events, check out the OSA weekly newsletter which is sent to student email, Student Activities’ bulletin boards, or the Student Activities schedule found at various locations around the College.

The Office of Student Activities is located at 25 Journal Square, Room 104 or North Hudson Higher Education Center, Room 204

Clubs and Organizations
A number of opportunities are available for students to become involved in organizing and leading activities at the College. One of the most popular ways is through the many student clubs. These clubs are supported fiscally by the Student Activities Fee, and since every student pays this fee, every student should take advantage of the opportunity to become involved. Organized student clubs represent the various interests of the student body including cultural, academic, vocational, and artistic interests.

Clubs are organized and run by students. However, every club is supported by at least one full-time professional (faculty or staff member) who provides guidance to students in developing ideas and planning activities for the club. Students participating in activities, student clubs, and organizations will gain practical application of their classroom skills which they can add to their resumes. New clubs can be formed as new interests are identified. For more information on clubs, or the chartering of a new club, please contact the Office of Student Activities in Jersey City at (201) 360-4195.

The actual list of organized student clubs and organizations varies each year as new interests and energies emerge. At present, the following student clubs are established at the College. Please stop by the Office of Student Activities for a description of and further information on each club:

Accounting Club
Biology
Business Club
Chess Club
Christian Club
Culinary Arts Club
Environmental Club
Gaming Central
Gay Straight Alliance
Honors Student Council
Hospitality Management

Publications
Reflections (Yearbook)
Tapestry (Literary Magazine)
The Orator (Newspaper)

All of these clubs/organizations are student run and provide activities for the College community. Updated information regarding active clubs during the year can be found via MyHudson portal.

Student Handbook/Planner
The Student Handbook is distributed by the Office of Student Activities to help students familiarize themselves with College policies and procedures. However, it is not the official statement of the College's policies and procedures and is subject to change without notice. The Planner portion of the Handbook allows students to manage their time effectively, and balance their busy schedules.

For more information, go to www.hccc.edu/handbook.

Student Publications
Creative expression of the thoughts and interests of students at HCCC is found in the following student publications:

Reflections
Reflections (student yearbook) is a publication that takes a look back at the year past. It allows the student, particularly the graduating student, the opportunity to revisit the memorable events that occurred during the school year. Student life is strongly stated within Reflections. Reflections also relies strongly on student support. All interested students are encouraged to participate by contacting the Office of Student Activities at (201) 360-4195.

Tapestry, Literary Magazine
Tapestry offers an outlet for any student who wishes to have their artistic expression, either through the written word, or through the art of painting/drawing, published and referenced by the entire HCCC community. All interested students are encouraged to participate by contacting the Office of Student Activities at (201) 360-4195.

The Orator, Student Newspaper
The Orator is a student-operated newspaper that seeks to inform students, faculty, and staff about the happenings of the College. Students may become involved with the various aspects of reporting, editing and drafting news stories and a published newspaper. All interested students are encouraged to participate by contacting the Office of Student Activities at (201) 360-4195.
Cultural Activities
To round out the educational experience here at HCCC, the Student Activities Office provides a number of cultural and educational activities. Students and their families are offered both free and subsidized admission to a variety of performances and presentations. Students are offered tickets to a number of events which are family-friendly. To keep abreast of all of the upcoming events, check out Student Activities’ bulletin boards or the Student Activities schedule found at various locations around the College, or contact the Student Activities office at (201) 360-4195.

STUDENT ACTIVITIES POLICY
FOR TRIPS AND EVENTS
Tickets for trips and events will be sold on a limited basis to students. Ticket limits will be established by the Office of Student Activities to allow as many students the opportunity to experience the event as possible. When tickets are placed on sale, the following procedure is followed – students must present a valid HCCC ID card with the current semester sticker. Students may purchase the allowed amount per valid HCCC ID, unless otherwise indicated. All tickets are sold on a first come, first served basis. No tickets will be held for anyone. All ticket sales and purchases are non-refundable. The policy reflects the obligation that the Office of Student Activities has with regard to payment of vendors associated with booking any event.

Students who attend activities and events with a person(s) unaffiliated with Hudson County Community College must sign a waiver of liability along with their guests.

This means you are responsible for your guests.

General Rules and Regulations
1. ALL POSTERS AND NOTICES placed on Student Activities Bulletin Boards must be brought to Student Activities for approval. Once approved, the flyer or poster may be placed ONLY in designated areas. POSTING IN SPACES OTHER than those designated (bulletin boards) is prohibited. NO POSTERS ARE ALLOWED ON DOORS, WALLS, BATHROOMS, ETC. NO NOTICES REGARDING SALE OF PERSONAL ITEMS OR SERVICES WILL BE APPROVED. This means no book sales, baby-sitting services, or any other outside for-profit organization will be approved for posting.

2. Petitions: Before a petition is circulated, one copy must be filed with the Assistant Dean of Students. Each copy must bear the name of the student or student organization sponsoring the petition, and the topic of the petition.

3. Letters: Individual students may not write to anyone in the name of Hudson County Community College unless it is done in an official manner by a student organization or approval from a specific office of the College.

4. Solicitation: There will be no solicitation on campus. Promotional activities involving campus events and activities such as fundraisers, clothing sales, etc., must be approved by the Assistant Dean of Students.

5. Student Lounge: Rules and regulations regarding student conduct in the student lounges can be obtained through the Office of Student Activities, or found posted in the various student lounges. Please refer to this conduct code if you have any questions.

6. Student Demonstrations: The philosophy of Hudson County Community College is to encourage freedom in expression of ideas presented in a scholarly and law-abiding manner. The intention to hold a demonstration and the names of all its participants must be filed with the Vice President for Student Affairs’ office at least 48 hours in advance of the event. The statement of intention must include: date, time, location, purpose, approximate number expected to participate, type of activity involved (e.g., picketing, distributing leaflets, etc.), and the names of three persons responsible for maintaining reasonable order.

Anyone found to be in violation of these procedures may be subject to disciplinary action. If you have any questions regarding these policies, you may contact the Assistant Dean of Students at (201) 360-4199 or visit the office at 25 Journal Square, Room 104. For more information, go to www.hccc.edu/activities.
STUDENT LIFE POLICIES

Student Conduct
Students are expected to comply with standards of academic honesty and nondisruptive personal conduct. Failure to do so may result in disciplinary action including suspension or dismissal from the College. The policies governing student conduct and disciplinary procedures are detailed in the HCCC Student Handbook.

Non-Discrimination
HCCC is an equal opportunity institution which seeks to make the services of its educational programs and activities available to students without unlawfully discriminating on the basis of race, color, gender, national origin, disability, sexual orientation, age, or marital status.

It is the policy of the College to ensure that equal employment opportunity is extended to all employees and applicants for employment. This policy applies to all levels and classifications of employment, including student employment. Individuals who believe their rights may have been violated with respect to this policy should contact the College Affirmative Action Officer.

Student Privacy
HCCC supports the Family Education Rights and Privacy Act of 1974. This Act specifies certain privacy rights of students and parents involving student records. The act gives students the right to review all official records, files, and data related to them, and the right to challenge the accuracy of the content of those records.

Drug- and Alcohol-Free Environment
The College is committed to promoting the wellness and positive self-development of its students. The unauthorized use or abuse of alcohol and the illegal use and abuse of drugs impede students from gaining the full benefit of their learning experience, and expose them to serious illness and health risks. Unauthorized or illegal use and abuse of drugs or alcohol is prohibited at the College.

 Violations of this policy may lead to serious disciplinary action.

Alcohol and Drug Counseling
Resources and Services
The Center for Academic and Student Success is available to assist HCCC students with education, information, counseling, and referral services on alcohol and drug abuse.

HCCC has counselors on staff who are knowledgeable about alcohol and drug abuse prevention. Counselors provide confidential and nonjudgmental assistance to students who seek additional information on alcohol and drug abuse. Counselors are available to provide students with help in understanding and identifying factors that may point to abuse of alcohol or drugs by themselves, family members, and friends.

Counselors provide referrals to treatment programs and support to students as they make the transition to outside agencies.

Smoke-Free Environment
Smoking is not permitted in any HCCC facility. This policy has been adopted to comply with New Jersey Public Law 1989, Chapter 96, concerning the regulation of smoking in buildings operated by schools, colleges, universities, and professional training schools.

Firearms and Explosives
Firearms of all types, ammunition, fireworks, explosives, and any type of projectile firing device as well as any martial arts devices are not permitted on College property. Policy violations may result in serious disciplinary action, including the possibility of suspension or dismissal.

SECURITY
In accordance with the Student Right-to-Know and Campus Security Act of 1990, the following campus security policies are outlined.

A. Reporting a crime on campus
All criminal actions occurring on campus must be reported immediately to any Hudson County Community College Security Officer, or to the Security Office at 25 Journal Square, lower level, from 6:30 a.m. to 11:00 p.m. weekdays and from 7:00 a.m. to 7:00 p.m. on Saturdays. The Security Office telephone number is (201) 360-4080 or -4084. The office is closed on Sundays and public holidays. Criminal actions reported by letter will receive a reply within 30 days. All information supplied on any incident is treated as CONFIDENTIAL. Students may also report complaints to the Jersey City Police Department.

B. Access Policy
The College has an open access policy during times that the campus is open.

C. Campus Law Enforcement
Enforcement of the safety and security rules and regulations of the College is the responsibility of the Security Manager and a staff of Security Supervisors, Dispatchers, and Officers using mobile and foot patrols. Other services include providing security accompaniment to the PATH Train and bus terminal, conducting fire drills, producing photo identification cards, and the operating of a Lost and Found section.
Every HCCC student must obtain a photo identification card within a reasonable time after registering as a beginning student. This card, which is the property of the College, will serve students throughout their stay at HCCC and is necessary in order to borrow books from the College library as well as to conduct other College business. The College ID card must be validated at the start of each semester attended at HCCC.

To obtain a HCCC card or validation sticker, students must present their printed class schedule to the Security Office.

To replace a lost ID card, a fee of $2.00 must be paid to the Bursar’s Office, 70 Sip Avenue, along with proof of active status as a student.

D. Crime Prevention
A vibrant Crime Prevention Program (leaflets and lectures) is used to educate the College community on steps to take for safety.

E. Off-Campus Student Organizations
In the event of a violation of College policy and/or law by any student belonging to an off-campus student organization, the College will implement its disciplinary proceedings, but formal criminal charges may also be initiated by the appropriate law authorities.

F. Possession, Use or Sale of Illegal Drugs
The possession, use, sale, or transfer of illegal substances will not be tolerated at HCCC.

G. Possession, Use or Distribution of Alcoholic Beverages
Unauthorized possession or illegal use of and abuse of alcoholic beverages are prohibited at the College.

H. Sexual Harassment and Rape Awareness
It is the policy of the College to prohibit sexual harassment of employees and students. It is also a violation of policy for any member of the College community to take action against any individual for reporting sexual harassment.

I. Sexual Assault
The College guarantees the implementation of the Campus Sexual Assault Bill of Rights, including access to campus and off-campus counseling and other resources.

J. Weapons on Campus
Weapons or material that can be used to inflict bodily harm or damage to a building are not permitted on College property.
COMMUNITY EDUCATION

HCCC provides residents of Hudson County with personal enrichment and professional development opportunities through Non-Credit programs in collaboration with academic divisions, and in partnership with local organizations.

Non-credit offerings may take place during daytime hours, in the evenings or on weekends. Programs run throughout the year. Participants may take advantage of multi-session courses, certificate classes, and training programs in person or online.

Non-Credit Course Offerings are listed in the following areas:

Personal Enrichment
Culinary Arts Courses, Creative Arts, Wellness, and Languages

English as a Second Language
Speak American English and Grammar, Reading and Writing.

Life-Long Learning
Ideal for Seniors, these courses are open to participants of all ages, but are delivered at a leisurely pace, usually during daytime hours.

Professional Development
Designed for those seeking to enhance or update career skills; offerings include courses such as New Pathways for Teaching (an alternate route to teaching certification), Certified Nursing Assistant, and other health career programs, Certificates in Microsoft Office, Adobe Creative Suite, Bookkeeping and more.

Business & Entrepreneurship
Office Management, QuickBooks, Social Media Marketing, Job Search, and more.

Computer Technology
Various software applications including Microsoft Office, Adobe Creative Suite, as well as, Computers for Beginners.

Family Youth on Campus
Summer programs include career exploration programs like culinary arts, allied health careers, creative arts, or computers instruction.

Test Prep
Prepare for TOEFL, or the GED, or the Pre-NLN. Other test prep opportunities, e.g. various computer software certifications are also available.

Online Courses
Go to this link for more information: www.hccc.edu/CommunityEdOnline/. Click either the “Online Development Center” for shorter online offerings or the “Online Career Training Programs” for longer-term certification courses.

For more information or to register for these offerings and more go to our website at www.hccc.edu/communityeducation or call us at (201) 360-4224/4246.

The Center for Business and Industry (CBI)
The Center develops and delivers quality, customized training, and comprehensive workplace educational services to enhance employee performance and further organizational goals. CBI is dedicated to providing the Hudson County business community with the skilled and educated workforce that will allow the area to prosper. The Center develops and delivers customized, affordable training to local businesses, community and government organizations, and other non-profits on campus or at their location. The CBI team assesses the training needs of employees, provides customized affordable training options, and works with businesses to determine eligibility for no cost training through the New Jersey Business and Industry Association (NJBIA) Workforce Training Program. Training areas include: Basic and Advanced Workplace Training, Project Management: Basics and Advanced, Management: Intro to Management, Leadership Skills, Culinary Arts and Hospitality, Diversity in the Workplace, Team Building, and Supervision Skills.
www.hccc.edu/BusinessIndustry
The HCCC Conference Center

The HCCC Conference Center is devoted to supporting the overall educational goals of the College, and reflects the College’s mission, values, and standards. It is established as an academic conference center that is operated on a sound fiscal basis in accordance with the professional standards of the International Association of Conference Centers. It is positioned as a non-residential, executive level, educational conference center with a focus on the external regional market and the HCCC Center for Business & Industry. In addition, the Center provides a venue for the special events of the College, official College entertaining, and such meetings and programs that may be deemed appropriate. Designed as a “smart building” offering state-of-the-art technology, the Center has a total of 73,000 square feet, 44,000 of which is dedicated to the Culinary Arts Institute. The Conference Center space includes a large banquet room, pre-function space with bar, banquet kitchen, restaurant with restaurant kitchen, two large meeting rooms, one of which can be subdivided, and five meeting rooms. The building features an extensive range of the latest presentation and computer technology, including interactive video conferencing, satellite, and rapid internet accessibility. FLIK Conference Centers, a conference center management company, runs the day-to-day operations.

For more information go to our website at:
www.hccc.edu/conferencecenter
Some students who enter HCCC will need additional preparation before taking a full college-level schedule in their majors. For these students, the Academic Foundations and ESL programs provide developmental work in English and mathematics.

Courses numbered 000-099 are taken by students who need to strengthen their basic skills, or by students whose native language is not English and who need to improve their English skills. The credits earned in these Academic Foundations, or ESL courses, are not applicable toward certificate and associate degree programs, and are not computed in students’ grade point averages for graduation. These courses are, however, counted toward the number of credits attempted.
The ability to comprehend challenging materials and to write clear, well-organized, and grammatical English is a necessary pre-requisite for successful performance in college. Equally important are basic mathematical skills in arithmetic and algebra. No meaningful college experience can be successfully attempted without these fundamental skills. Indeed, college education begins with these basic competencies, and requires students to build on them, developing analytical, critical, and creative abilities as they incorporate wider general knowledge and specific knowledge of their areas of concentration into their academic and professional repertoires.

HCCC is committed to providing educational opportunities for all students admitted to the College, including students who need to strengthen academic skills in English or mathematics before enrolling in a full schedule of college-level courses. In order to provide access to degree programs for these students, HCCC employs a testing and placement system and a full range of Academic Foundations courses in English and mathematics to give under-prepared students the opportunity to develop their academic skills.

Basic English (see course descriptions on pages 120 & 141)

Fundamentals
Level 0  ENG 070 – Fundamentals of Basic English
        RDG 070 – Fundamentals of Basic Reading
        RDG 074 – Introduction to Analytical and Critical Reading
Level I  ENG 071 – Basic Writing I
        RDG 071 – Basic Reading I
        RDG 075 – Developing Analytical Thought I
Level II ENG 072 – Basic Writing II
        RDG 072 – Basic Reading II
Level III ENG 073 – Basic Writing III
        RDG 073 – Basic Reading III

Basic Mathematics & Algebra
(see course descriptions on pages 130-131)

MAT 071 – Basic Mathematics
MAT 073/070 – Basic Algebra & Basic Algebra Workshop

Semester-long courses are available mornings, afternoons, evenings, and weekends. Winter Intersession for Basic English and Express Math/Algebra courses is offered for students whose scores indicate a short course might be sufficient to raise skills to appropriate levels.

ENGLISH AS A SECOND LANGUAGE PROGRAM
DIVISION OF ACADEMIC DEVELOPMENT AND SUPPORT SERVICES
Jersey City – 162 Sip Avenue
North Hudson Higher Education Center (NHHEC) – 4800 Kennedy Boulevard - Room 703Q, Union City, NJ

Reflecting the extraordinary diversity which characterizes Hudson County as whole, the College’s students speak over 30 languages and come from more than 100 countries. HCCC provides an extensive set of English as a Second Language (ESL) courses for these students whose native language is not English. ESL courses are offered to students who intend to enter degree programs, and are thus designed to prepare students for the academic rigor they will encounter in college-level courses. New students are placed in ESL courses according to their scores on the Level of English Proficiency Test (Accuplacer ESL) and a holistically scored writing sample. ESL courses are offered on the HCCC main campus in Jersey City and at the North Hudson Higher Education Center in Union City.

The ESL Program provides six levels of instruction with courses in Writing, Grammar for Writing, Reading, and Academic Discussion at each level. The writing and grammar components of the program are integrated. Students learn how to use grammar to communicate effectively in writing. The reading, listening, and speaking components of the program are also integrated and content-based. Each level of Reading and Academic Discussion is built upon a theme selected for its relevance to our immigrant students and for its appropriateness to the level. As students move through the program, the focus of the themes gradually shifts from the personal world to the larger world. The theme-based design mirrors the characteristics of content-area courses and prepares students for college-level study.

Computer labs are an important part of the ESL learning program. Laboratory work is a scheduled part of courses, and students are encouraged to make use of these labs outside of regular classroom hours as well.

ESL Courses
(See Course Descriptions on pages 122-123)

Writing/Grammar for Writing
Level 0  ESL 020/ESL 030
Level 1  ESL 021/ESL 031
Level 2  ESL 022/ESL 032
Level 3  ESL 023/ESL 033
Level 4  ESL 024/ESL 034
Level 5  ESL 025/ESL 035

Reading/Academic Discussion
Level 0  ESL 040/ESL 060
Level 1  ESL 041/ESL 061
Level 2  ESL 042/ESL 062
Level 3  ESL 043/ESL 063
Level 4  ESL 044/ESL 064
Level 5  ESL 045/ESL 065

ESL students must pass all components of the College Placement Test (ESL Exit Tests) before continuing in a degree program. Students who do not pass all components of the test by the end of Level 4 may continue improving their skills in Level 5 and retake the test at the end of the semester.
BILINGUAL OFFERINGS
DIVISION OF ACADEMIC DEVELOPMENT AND SUPPORT SERVICES
162 Sip Avenue (201) 360-4179

HCCC provides bilingual instruction in selected college-level courses for students enrolled in the ESL Program who demonstrate readiness for such courses. The textbooks and materials used in these courses are identical to those used in degree programs throughout the College. Classroom discussion is held in the students’ native languages and English.

GENERAL EDUCATION

All degree programs at HCCC, as at all other colleges, contain an important General Education component. This consists of courses not specific to the major. The General Education program aims to develop skills which all college graduates need, regardless of major. HCCC General Education requirements are consistent with the New Jersey General Education Foundation guidelines.

The number of courses required for New Jersey General Education Foundation varies by degree and category, but in general, more general education courses are required for transfer programs (A.A., A.S., A.F.A.) and fewer for career programs (A.A.S. or Certificate). This is because students moving on to Bachelor’s programs will need more general education courses as part of their four-year Bachelor’s degrees. Career programs focus more on technical skills needed for employment after earning an Associate’s degree.

GENERAL EDUCATION REQUIREMENTS

The goals of general education at HCCC are twofold: first, to provide broad-based academic competency, and second, to ensure the personal growth and development of the individual student.

In order to achieve these objectives, students take a range of courses selected from the arts and humanities; mathematics; and social and physical sciences. These courses promote the development of critical, analytical, and creative thinking, oral and written communication skills, and the ability to access and interpret information.

Students develop an appreciation for and an enjoyment of the arts and an awareness of the ideas, methods, and principles of mathematics and the physical and social sciences.

In addition to these academic objectives, students also develop a respect for cultural diversity and an understanding of shared values necessary to function as responsible citizens. Furthermore, this strong grounding in general education provides the basis for the continued acquisition of knowledge and understanding.

In accordance with established standards, students are required to complete between 20 and 45 credits (depending on their degree programs) in general education.

The following core courses, when required by the student’s curriculum, must be taken during the first 36 college-level credits:

- CSS 100 College Student Success
- ENG 101 College Composition I
- ENG 102 College Composition II
- ENG 112 Speech
- CSC 100 Introduction to Computers and Computing
- MAT 100 College Algebra/Math Elective

Students must complete these courses during this prescribed period. Students who have not completed these required courses within 45 credits will be placed on academic probation and their schedules restricted until required courses have been completed.

Effective Fall 2008, all nineteen New Jersey community colleges have implemented statewide General Education Foundation guidelines in compliance with the New Jersey Statewide Transfer Agreement. The state-affirmed HCCC general education requirements, when taken in accordance with HCCC AA and AS degree curricula, will be accepted for transfer in fulfillment of up to half of the credits required for a basic four-year bachelor’s degree at any New Jersey public institution. HCCC graduates with an AA or AS will also be considered to have completed all lower division General Education requirements. Detailed information regarding the statewide General Education Foundation guidelines and the statewide transfer agreement can be obtained at www.njtransfer.org. A complete list of all HCCC degree curricula and General Education requirements can be found at www.hccc.edu/curricula

52  HUDSON COUNTY COMMUNITY COLLEGE
DEGREE AND
CERTIFICATE PROGRAMS

The following section lists program and course offerings in detail. Students are urged to study the requirements of the curriculum and consult regularly with a counselor. Elective courses are listed on pages 102-104

The A.A.S. in Accounting program introduces students to the accounting profession, preparing them for entry-level positions as junior accountants in business, industry, or government. The program includes training in computer-based accounting software and systems current in the accounting profession.

**AMERICAN STUDIES**

**ASSOCIATE IN ARTS – LIBERAL ARTS (A.A.)**

**Humanities Division**

119 Newkirk Street • (201) 360-4650
www.hccc.edu/hum

HCCC’s Associate in Arts Liberal Arts American Studies degree program prepares students for transfer to four-year colleges or universities after completing two years of undergraduate coursework at HCCC. Graduating students may advance to majors in American Studies or related subjects. The Liberal Arts program allows many options when choosing courses; students should plan carefully for the future by researching the degree requirements of four-year institutions which interest them.

BIOLOGY

ASSOCIATE IN SCIENCE

SCIENCE & MATHEMATICS (A.S.)

Science, Technology, Engineering and Mathematics (STEM) Division

870 Bergen Avenue • (201) 360-4265
www.hccc.edu/stem

The Science & Mathematics Program with Biology option is designed for students who wish to complete a bachelor's degree or in higher science. It permits students to tailor a program to suit their individual goals. Students who have not decided on a field of specialization may explore various biological sciences. Others who intend to transfer into specialized programs such as pre-medicine, pre-dentistry, pharmacy, chiropractic, physical therapy, or other allied health fields can begin with the program.

### Business Administration

HCCC's Associate in Science in Business Administration prepares graduates for a seamless transfer to a senior institution to complete a baccalaureate degree in business-related fields. Graduates of this degree are also qualified for entry-level administrative and management positions.

The program provides business knowledge and skills as the foundation for more specialized and/or advanced study. The curriculum includes communication skills, accounting, economics, finance, marketing, business management and electives that prepare students for specialized and advanced courses.

COMPUTER ARTS OPTION

STUDIO ARTS

ASSOCIATE IN FINE ARTS (A.F.A.)

Humanities Division
119 Newkirk Street • (201) 360-4650
www.hccc.edu/hum

The A.F.A. program in Studio Arts — Computer Arts prepares students for continued study and professional work in various areas of Computer Art and Design including graphic design, web design, digital video, and animation. This degree option includes some core studio arts requirements as well as both foundation and intermediate level computer arts courses, art history, and general education. Students completing the A.F.A. Computer Arts option will have completed all or most requirements needed to transfer to a Bachelor's level program at a senior institution.

The graduates of the Associate in Science degree in Computer Science are prepared for transfer to four-year institutions to complete bachelor’s degrees in Computer Science, Mathematics, or related fields. The curriculum provides instruction in computer programming on the application and system levels, an understanding of computer hardware organization and architectures, and a working knowledge of microcomputer and microprocessor design. Students may choose from two tracks, one leading to a Bachelor of Science degree and the other leading to a Bachelor of Arts degree. The latter requires fewer advanced mathematics and physics courses.

**SCIENCE (A.A.S.)**

Science, Technology, Engineering and Mathematics (STEM) Division
870 Bergen Avenue • (201) 360-4265
www.hccc.edu/stem

The Computer Technology Program is designed to train students in the theoretical and practical aspects of computer technology through a balanced hardware, software, and systems curriculum which includes the disciplines of electronics engineering technology and computer science. Graduates of the Computer Technology Program are prepared to participate directly in the design, analysis, development, and testing of computers and computer related equipment. The graduate may transfer, with full two-year credit, into existing baccalaureate degree programs in engineering technology.

CRIMINAL JUSTICE
ASSOCIATE IN ARTS
– LIBERAL ARTS (A.A.)

Social Sciences Division
119 Newkirk Street • (201) 360-4650
www.hccc.edu/ss

The Criminal Justice Associate in Arts degree option is for the student who intends to transfer to a four-year college or university to obtain a Bachelor of Arts degree in Criminal Justice. Upon obtaining a Bachelor’s degree, the student will be prepared to seek employment as a Criminal Justice professional in law enforcement, the Courts or corrections, or continue education at the graduate level in the fields of Criminal Justice or Law.

The Criminal Justice A.A.S. curriculum provides entry-level and in-service students with a thorough knowledge and understanding of the criminal justice system. Graduates are prepared to seek immediate employment or advancement in law enforcement, the courts, corrections, or the private sector. Students who intend to complete a four-year degree should enroll in the A.A. Criminal Justice (Liberal Arts) program.

The Criminal Justice Certificate is designed for those seeking employment or career advancement in criminal justice positions which do not require Associate’s or Bachelor’s degrees in law enforcement, corrections, and the courts. Students will gain knowledge regarding the administration of law enforcement, corrections, and judicial agencies and become aware of their responsibilities as criminal justice professionals. Certificate students may easily transfer all credits earned into the existing A.A. or A.A.S. degree programs.

**CULINARY ARTS**

**ASSOCIATE IN APPLIED SCIENCE (A.A.S.)**

Business, Culinary Arts & Hospitality Management
161 Newkirk Street • 201-360-4631
cai@hccc.edu
www.hccc.edu/bch

This degree program provides comprehensive two-year training in culinary arts, preparing students for entry-level restaurant and food service positions as chefs, station chefs, sous-chefs, bakers, and restaurant managers. Required courses introduce students to all facets of food service operations, including food preparation, nutrition, purchasing procedures, menu planning, equipment, and table service. The 600-hour externship trains students in fine restaurants and hotels. HCCC’s Culinary Arts Institute, opened in 2005, is equipped with an elegant dining room, modern instructional kitchens, and classrooms.

**CULINARY ARTS – BAKING & PASTRY OPTION**

**ASSOCIATE IN APPLIED SCIENCE (A.A.S.)**

**Business, Culinary Arts & Hospitality Management**

161 Newkirk Street • 201-360-4631
cai@hccc.edu
www.hccc.edu/bch
www.hccc.edu/culinary

The AAS in Culinary Arts Baking and Pastry degree option is designed to provide students with the knowledge and skills relevant for entry-level employment in the baking and pastry segment of the foodservice/hospitality industry. The option will introduce students to fundamentals and advanced techniques in a progressive format. Upon completion of the first semester in the culinary arts program, students will begin specialization in baking and pastries. The program will rely heavily on hands-on learning with the majority of the instruction being in the CAI pastry labs.

Specialized Proficiency Certificates are short-term, career-oriented courses designed to develop proficiency in particular skill areas. They are designed for individuals who may not initially desire a degree but who wish to increase their opportunities for employment in the food service industry. Students are permitted to enroll in and complete only one specialized proficiency certificate before being required to take the College’s Placement Test and completing basic skills requirements.

DIETARY MANAGEMENT
JOINT PROGRAM
(with Rutgers University)
Allied Health Division
870 Bergen Avenue • (201) 360-4265
www.hccc.edu/ah

The Dietary Management Certificate Program is a 10-month, full-time program combining traditional classroom work with hands-on clinical experience. Students can enroll directly into the program through Rutgers School of Health Related Professions if all prerequisites have been met, or through Hudson County Community College for a joint certificate. The goal of the program is to prepare students to become certified dietary managers (CDM) who are competent in food service management and the nutrition issues in food and dietary services.

</tbody>
</table>

Total Course Credits Required: 15

¹ Must be taken first.
² Prerequisites: ENG 101 (or pass WPT) + any ARC 100 level course

The prerequisite may be waived for Proficiency Certificate students upon successfully passing the HCCC Writing Proficiency Test with a score of 7 or more. Students transferring credits to the 30-credit Certificate in Digital Media Art or the A.F.A. program are required to take the College Placement Test before matriculation into those programs.

Note: Basic computer skills are required for success in this program. Students who are uncertain of their level of expertise should consult with the program coordinator before enrolling. ARC 105, however, is designed to introduce students to the computer skills needed for success in the discipline.

EARLY CHILDHOOD EDUCATION
ASSOCIATE IN APPLIED SCIENCE (A.A.S.)
Social Sciences Division
119 Newkirk Street • (201) 360-4650
www.hccc.edu/ss

Graduates of this program are eligible to work as group teachers in child care centers, early intervention programs, as family or community workers, and in other child and family programs. With 60 college credits, students can apply for a Substitute Teacher’s Certificate for New Jersey public schools. Many school districts now require that teacher assistants and paraprofessionals hold an Associate Degree. All of the General Education and Liberal Arts course work and six credits of ECE/EDU/SED classes are applicable and transferable to many teacher education programs at four-year colleges.

School of Arts Division

**EARLY CHILDHOOD EDUCATION ASSOCIATE IN ARTS LIBERAL ARTS (A.A.)**

**Social Sciences Division**

119 Newkirk Street • (201) 360-4650 www.hccc.edu/SS

The AA Liberal Arts Early Childhood Education degree is the right choice for students who want to teach in pre-kindergarten through third grade. After earning this degree and satisfying all entrance requirements students are prepared to transfer to a four-year college or university to earn a Bachelor’s Degree in Early Childhood Education, required for certification. Depending on current articulation agreements, students can also earn a dual certification in Special Education or Elementary Education. Students will also be required to major in a content area specific to their desired Pre-K to Grade 3 teacher’s license in New Jersey. Coursework at HCCC integrates theory and practice and includes child/program observations in schools, child care centers, and in other group settings.

### Recommendations

1) Students are encouraged to check with the 4 year institutions to ensure electives are transferable.

2) All four year institutions in New Jersey require a 3.0 GPA for acceptance into their Teaching Programs

3) For students who have not attended a high school in the United States, HIS 105 & HIS 106 are encouraged. All history electives must be consecutive
The Liberal Arts Degree in Elementary/Secondary Education is the right choice for students who are interested in preparing for a professional teaching career in public school education. After earning the Associate of Arts Degree, students are prepared to transfer to four-year College or university to continue their education and earn a Bachelor’s Degree, required for certification.

At the four-year College or university, the program graduate will also be required to major in a content area specific to their desired K – 12 teacher’s license in New Jersey. Students are strongly encouraged to select electives carefully in order to satisfy transfer requirements.

ELECTRONICS ENGINEERING TECHNOLOGY
ASSOCIATE IN APPLIED SCIENCE (A.A.S.)
Science, Technology, Engineering and Mathematics (STEM) Division
870 Bergen Avenue • (201) 360-4265
www.hccc.edu/stem

The Associate in Applied Science degree in Electronics Engineering Technology provides students with a solid theoretical foundation and practical hands-on experience in electronics applications. Graduates of the program are prepared to work as electronics technicians with electronic circuits, control systems, computers, and robotics in the areas of design, analysis, testing, development, maintenance, production, research, and sales. Graduates may seek immediate employment or transfer to baccalaureate degree programs in engineering technology.

The A.S. Engineering Science degree prepares students to enter B.S. Engineering Science programs as juniors. Students develop a strong foundation in mathematics, physics, and chemistry, with emphasis on engineering applications and use of the computer as a problem-solving tool. A strong general education curriculum helps students develop communications and analytical skills. The engineering science facilities include electronics, physics and chemistry laboratories, a computer science center, and Pro-Engineer laboratory.

The English Option to an Associate in the Arts degree program is intended for students who want to broaden and deepen their understanding of literature and develop their own writing skills for professional and scholarly purposes, as well as for personal growth. Through the study of English — i.e. rhetoric, academic writing and research, immersion in and analysis of literature — graduates will be able to advance to four-year programs in English, Writing, Creative Writing, Communications, Literature, Media Studies, or Journalism as well as any other majors in which writing skills and an appreciation of literature are required.

The AAS in Hospitality Management-Entrepreneurship option is designed to provide students with an introduction to the unique concepts of business ownership in the Hospitality Industry. This option will focus on how new business ventures are created. The emphasis will be on current topics within Entrepreneurship and will include: Franchising Business, Innovation, Entrepreneurial Creativity, and targeted forms of market research. The option will also offer a practical hands-on experience with Entrepreneurship including the development and theoretical implementation of a business plan.

ENVIRONMENTAL STUDIES
ASSOCIATE IN SCIENCE (A.S.)
Science, Technology, Engineering and Mathematics (STEM) Division
870 Bergen Avenue • (201) 360-4265
www.hccc.edu/stem

The program is designed to integrate the social sciences, humanities, and natural sciences in a creative and interdisciplinary context that addresses contemporary environmental issues and problems from local to global. The Environmental Studies program meets the future demands for environmental technicians and professionals by providing foundation and specialized courses to prepare students to transfer to bachelor’s degree programs in Environmental Studies.

FUNERAL SERVICE
ASSOCIATE IN APPLIED SCIENCE MANAGEMENT (A.A.S.)
Business, Culinary Arts & Hospitality Management
161 Newkirk Street • 201-360-4631
www.hccc.edu/bch

This program prepares students for the business of funeral service and meets the New Jersey requirement for two years of college prior to entrance in the Funeral Service Certificate program located at Mercer County Community College. Instruction includes courses in business management, public health, the social, behavioral, and natural sciences as well as the legal, technical, and regulatory aspects of funeral service. The Funeral Service program prepares students for positions as Funeral Directors and Managers.

**GEOGRAPHICAL INFORMATION SCIENCE**

**ASSOCIATE IN SCIENCE (A.S.)**  
Science, Technology, Engineering and Mathematics (STEM) Division  
870 Bergen Avenue • (201) 360-4265  
www.hccc.edu/hst

Geographical Information Science (GIS) is a growing, diverse field which uses digital technology to help people work with geographic information. GIS technology majors learn to use software and other tools to gather, assemble, and present detailed geographic data in maps and other forms. Graduates will also gain knowledge of how to design a geo-database to store, query, and manipulate geographic information and spatial data. This degree allows students to combine their computer science skills with various science disciplines.

HEALTH SERVICES
ASSOCIATE IN SCIENCE (A.S.)
Allied Health Division
870 Bergen Avenue • (201) 360-4267
www.hccc.edu/ah

The program is designed to prepare students for seamless transfer into baccalaureate institutions in health related degrees. Many of these health related positions are not directly involved in patient care but serve as supportive services for the health care enterprise. With the prospect of health care reform, there will be expanded needs for allied health, nursing and health related business and managerial positions.

HCACC's Associate in Arts Liberal Arts History degree program prepares students for transfer to four-year colleges or universities after completing two years of undergraduate coursework at HCACC. Graduating students may advance to majors in history or related subjects. The Liberal Arts program allows many options when choosing courses; students should plan carefully by researching the degree requirements of four-year institutions which interest them.

The AAS in Hospitality Management-Hotel & Restaurant Management option provides students with operational and supervisory skills in sales and marketing, cost controls, and planning appropriate for entry-level career employment. The focus will be on current topics within the Hotel & Restaurant industries and may include the emerging sub-fields of Spa Management, Casino & Resort Management, and legal issues specific to hotels and restaurants. The program will also offer a variety of practical hands-on experiences across the range of activities within the hotel and restaurant industries.

The Human Services Program combines coursework in the social sciences, primarily sociology and psychology, with courses in human services to prepare students to work with clientele to cope with and/or prevent social and personal problems. Human Service professionals perform in a wide range of occupations and in a variety of settings including schools, group homes, community mental health facilities, nursing homes, rehabilitation centers, hospitals, halfway houses, and substance abuse program facilities. They help individuals, families, or groups cope with social problems such as inadequate housing, unemployment, disabilities, financial mismanagement, family disruptions, unplanned or unwanted pregnancy, serious illness, and substance abuse. Students who complete the Human Services degree program will qualify for employment as Human Service assistants in many agencies. They will also meet the prerequisites for admission to the Bachelor in Social Work at senior institutions.

HCCC's Associate in Arts in Latino Studies degree program prepares students for transfer to a four-year college after completing two years of undergraduate coursework at HCCC. Graduating students may advance to majors in Spanish Language and/or Literature, Latin-American History, or other majors in the social sciences, humanities, business, or education. The Liberal Arts program allows many options when choosing courses; students should plan carefully for the future by researching the degree requirements of four-year colleges which interest them.

The Medical Assisting Program prepares individuals to become multi-skilled practitioners qualified to provide clinical and administrative health care services under the supervision of a physician. Medical Assistants practice in a variety of clinical settings such as physicians’ offices, clinics, and ambulatory care facilities. While some course requirements may be completed through day or evening classes, other courses, such as the externship, must be completed during the day.

In addition to the regular admission procedure required by HCCC, the applicant must submit proof of good health by having a complete physical examination including specified laboratory procedures. Students are responsible for purchasing uniforms and shoes and paying transportation costs to externship sites. Students must also maintain professional liability insurance while on externship. Students are not compensated by the health care facilities to which they are assigned during their externship and do not replace any permanent employee. Some courses may be offered only once during an academic year. Please check with the Program Coordinator as to the availability of courses.

Upon completion of the Medical Assisting Program, students are qualified to take the Registered Medical Assistant (RMA) Examination, a credential that is required by the State of New Jersey for the performance of subcutaneous and intramuscular injections. Individuals who have been found guilty of, or pleaded guilty to, a felony are not eligible to take the examination.
MEDICAL TRANSCRIPTION
CERTIFICATE
Allied Health Division
870 Bergen Avenue • (201) 360-4267
www.hccc.edu/ah

Trained medical transcription professionals are in demand in the expanding health care industry. Certificate holders work in hospital departments, public health clinics, school-health facilities, insurance companies, large legal firms, military medical departments, governmental agencies, and physicians’ offices. Many of the courses are also applicable to other health-related degree programs at HCCC.

**NURSING**

COOPERATIVE NURSING PROGRAM
ASSOCIATE IN SCIENCE (A.S.)
Allied Health Division
870 Bergen Avenue • (201) 360-4267
www.hccc.edu/ah

This cooperative program is offered between HCCC and CarePoint Health School of Nursing (CPHSON). Students complete their general education and science courses at HCCC and the nursing/clinical courses through the school of nursing.

The Cooperative Nursing Program includes a theoretical base of general education and science courses together with a range of nursing theory and practical course designed to prepare graduates to be eligible for the state licensure examination for Registered Nurses (NCLEX-RN).
Graduates of the Cooperative Nursing Program must pass the National Council of State Boards of Nursing Licensure Examination for Registered Nurses in order to practice nursing.

Students who successfully complete this program will be awarded an Associate in Science Degree from Hudson County Community College and a Diploma in Nursing from the respective School of Nursing. Graduates of the Program may enter into upper division BSN Nursing programs through articulation agreements at many four-year institutions. The HCCC Cooperative Nursing Program has a joint admission agreement with the Nursing Program at New Jersey City University and Saint Peter’s University.

The school of Nursing is accredited by the New Jersey Board of Nursing and the ACEN—the Accreditation Commission for Education in Nursing, Inc.

Contact information is as follows:
New Jersey Board of Nursing, 124 Halsey Street 6th Floor
Newark, New Jersey 07102 - 973-504-6200
www.state.nj.us/lps/ca/medical/nursing.htm

Accreditation Commission for Education in Nursing Inc. (ACEN)
3343 Peachtree Road NE, Suite 850 Atlanta, Georgia 30326
404-975-5000 www.nlnac.org

Admission Requirements:
Applications must be made to both HCCC and the chosen School of Nursing. Candidates, for admission to the program, must have a high school diploma or GED, high school chemistry (or take CHP 100, Introduction to Chemistry at HCCC), and must pass the entrance examinations at the School of Nursing. In addition, prior to clinical courses, students will be required to complete a criminal background check.

**OCCUPATIONAL THERAPY ASSISTANT ASSOCIATE IN SCIENCE (A.S.)**

**JOINT PROGRAM – with Rutgers University**

Allied Health Division
870 Bergen Avenue • (201) 360-4267
www.hccc.edu/ah

The Associate in Science in Occupational Therapy Assistant (OTA) prepares graduates to work with and help people of all ages who are challenged by disability, trauma, and/or the aging process to participate in occupations that are necessary and meaningful for them.

Occupational Therapy Assistants work in healthcare, educational and other community settings in collaboration with a team and under the supervision of an occupational therapist.

This 75-credit joint Associate of Science Degree Program in Occupational Therapy Assistant is a joint program with Rutgers School of Health Related Professions. Students complete 33 credits of general education and required science courses at HCCC as pre-requisite to the 42 credits of professional coursework at Rutgers.

The Occupational Therapy Assistant (OTA) Program is a collaborative program between Hudson County Community College and Rutgers, The State University of New Jersey, and is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200 Bethesda, MD 20814-3449. ACOTE’s telephone num-
Graduates of an accredited OTA program are eligible to sit for the certification exam administered by the National Board for Certification in Occupational Therapy (NBCOT). Once nationally certified, the graduate can obtain licensure to practice as a Certified Occupational Therapy Assistant (COTA) in New Jersey and many other states.

A felony conviction may affect a graduate’s ability to sit for the NBCOT certification examination or attain state licensure.

**PARAMEDIC SCIENCE**

**ASSOCIATE IN APPLIED SCIENCE (A.A.S.)**

Allied Health Division

870 Bergen Avenue • (201) 360-4267

www.hccc.edu/hum

This partnership program is designed for the post-secondary certified Emergency Medical Technician (EMT) who wishes to further his or her education and/or career opportunities. The program consists of general education and basic sciences at Hudson County Community College and a professional Paramedic Science component at Jersey City Medical Center. The professional curriculum consists of lecture and laboratory courses and practical, hands-on experience at the program’s affiliated clinical laboratory sites. The clinical experiences allow the graduate a smooth transition into the fast paced, patient-centered environment of a modern emergency medical system.

Students must be 18 years of age, pass a criminal background check, possess a valid New Jersey Driver’s License, a post-secondary EMT – Basic Certificate, and earn the sponsorship of the Jersey City Medical Center. A second application to the Jersey City Medical Center is required.

* The Paramedic program sponsored by the Jersey City Medical Center is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

PARAMEDIC SCIENCE CERTIFICATE
Allied Health Division
870 Bergen Avenue • (201) 360-4267
www.hccc.edu/ah

The certificate in Paramedic Science is offered as a collaboration between Hudson County Community College and Liberty Health System, Inc. (Jersey City Medical Center) for individuals who wish to practice the art and science of out-of-hospital medicine in conjunction with medical direction. Through the performance of patient assessments and the provision of medical care, the paramedic’s goal is to prevent and reduce mortality and morbidity due to illness and injury. Paramedics primarily provide care to emergency patients in an out-of-hospital setting.

To be eligible for the Certificate Program, a student must have earned a prior college degree (Associate or higher), and must be sponsored by the JCMC. A maximum of 15 college credits can be transferred into this program.

* The Paramedic program sponsored by the Jersey City Medical Center is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

This certificate program prepares students for careers as Licensed Practical Nurses. Graduates will participate in the planning, implementation, and evaluation of caring interventions in a variety of health care settings under the direction of a registered nurse or physician. Responsibilities may include case finding, reinforcing patient and family teaching programs through health teaching, health counseling, and provision of supportive and restorative care.

Students must complete a program application, and admission examination, as well as successfully complete both English Composition I and Math for the Health Sciences. Health screening and criminal background check are also required.

Graduates of the Practical Nursing Program must pass the National Council of State Boards of Nursing Licensure Examination for Practical Nursing in order to practice as a licensed practical nurse.

HCCC’s Associate in Arts Liberal Arts Psychology degree program prepares students for transfer to four-year colleges or universities after completing two years of undergraduate coursework at HCCC. Graduating students may advance to majors in psychology or related subjects. The Liberal Arts program allows many options when choosing courses; students should plan carefully for the future by researching the degree requirements of four-year institutions which interest them.

RADIOGRAPHY
ASSOCIATE IN SCIENCE (A.S.)
(CarePoint Health School of Radiography)
Allied Health Division
870 Bergen Avenue • (201) 360-4267
www.hccc.edu/ah

The partnership degree program includes 33 credits of general education and science courses and 30 credits of specialized Radiography courses. Upon completion of total credits, students will receive an associate degree in science as well as a certificate in radiography, allowing them to sit for the American Registry of Radiological Technologists (ARRT) national examination.

The CarePoint Health School of Radiography (profession component), is a 24 month clinical competency based educational program. Students accomplished this by integrating science and technology and learning how to provide compassionate, caring, and unbiased patient care to people of all ages and backgrounds.

The CarePoint Health Radiography program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT) and approved by the New Jersey Radiologic Technology Board of Examiners.

New Jersey Radiologic Technology Board of Examiners requires all students graduating from a Board certified radiography program to successfully demonstrate competency in over 60 radiological examinations performed on patients prior to graduation. This standard is designed to produce entry level skilled graduates who are clinically competent and practice quality patient care methodologies.

RESPIRATORY CARE
ASSOCIATE IN SCIENCE (A.S.)
(Joint Program with Rutgers University)
Allied Health Division
870 Bergen Avenue • (201) 360-4267
www.hccc.edu/ah

The North Jersey Respiratory Care Program is a joint venture with seven community colleges: Essex, Hudson, Middlesex, Ocean, Warren, Union, and Raritan Valley in conjunction with the Rutgers School of Health Related Professions (Rutgers SHRP). Students complete general education courses at HCCC and clinical respiratory core courses at Rutgers SHRP.

Admission to Rutgers University, Newark is conditioned upon successful completion of various Rutgers University academic and administrative requirements including health and immunization requirements and a satisfactory criminal background check.

Respiratory care practitioners participate in the diagnosis, treatment, management, education, and preventative care of patients with disorders of the cardiopulmonary system. Graduates may assist patients in medical and surgical wards, emergency rooms, neonatal, adult and cardiac intensive care units, outpatient departments, patients’ homes, rehabilitative centers, nursing homes, or other health care facilities. Opportunities for advancement in areas such as supervision, education, equipment sales, and marketing are available to the experienced, credentialed practitioner. All practitioners must be licensed in New Jersey and graduates of an accredited school of Respiratory Care such as Rutgers SHRP. Graduates receive a joint A.S. degree in Respiratory Care from Rutgers SHRP and HCCC and are eligible for the entry-level and Advanced Practitioner examinations offered by the National Board for Respiratory Care (NBRC).

### SCIENCE AND MATHEMATICS-GENERAL ASSOCIATE IN SCIENCE (A.S.)

Science, Technology, Engineering and Mathematics (STEM) Division

870 Bergen Avenue • (201) 360-4265
www.hccc.edu/ stem

Graduates of the Associate in Science in Science and Mathematics transfer to four-year colleges and universities to complete a bachelor’s degree in one of the sciences. The curriculum permits students to tailor the program to individual goals. Students undecided about a field of specialization may explore the various sciences before committing to a more specific major. Those with clearly defined goals may transfer into specialized programs, such as majors in the statistical or actuarial fields, pre-medicine, pre-dentistry, physical therapy, pharmacy, physics, engineering, or related subjects.

HCCC's Associate in Arts Liberal Arts - Sociology degree program prepares students for transfer to four-year colleges or universities after completing two years of undergraduate coursework at HCCC. Graduating students may advance to majors in sociology or related subjects. The Liberal Arts program allows many options when choosing courses; students should plan carefully for the future by researching the degree requirements of four-year institutions which interest them.

**STUDIO ARTS**

ASSOCIATE IN FINE ARTS (A.F.A.)

The two-year Associate in Fine Arts-Studio Arts (AFA) degree program provides students with a solid foundation in the visual arts. HCCC studio arts majors take a series of courses in drawing, design, color theory, and art history as well as electives in other studio disciplines. In the final semester of study, students learn how to present their portfolios to four-year colleges and universities and potential employers. In addition, AFA students take general education courses in order to develop important skills in communications, research, and computer technology. Other courses in the humanities and the social sciences are designed to broaden knowledge essential for a successful career in the arts.

TECHNICAL STUDIES

ASSOCIATE IN APPLIED SCIENCE

Science, Technology, Engineering and Mathematics (STEM) Division

870 Bergen Avenue • (201) 360-4265

www.hccc.edu/stem

The Associate in Applied Science Degree in Technical Studies allows individuals who have successfully completed technical training in an appropriate career field, such as Business, Computer Science, Computer Technology, or Electronics Engineering Technology, to advance their studies and attain a college degree. The program will provide opportunities for workers to apply knowledge and skills learned in certified apprenticeship training programs as credits toward the Associate in Applied Science Degree in Technical Studies.

The A.A Liberal Arts – Theatre Arts Option is designed for students who wish to transfer to a bachelor’s degree or higher in the field of Theatre Arts. In addition to the foundation in liberal arts education, the curriculum provides foundation in theatre, acting, directing and playwriting. Field trips to local/NYC theaters will be integrated into the degree program.

| TOTAL   | 15                                 |       |

Total Credits Required: 61/63

The AAS in Hospitality Management-Travel and Tourism option prepares students for entry-level operations, management, and supervisory positions within the travel and tourism industries. The degree option focuses on various components of the tourism industry such as: travel careers, culture and geography, tour marketing, event planning, and information systems specific to travel and tourism. The program will also offer a variety of practical hands-on experiences across the range of activities through externship.

WOMEN’S STUDIES
ASSOCIATE IN ARTS
LIBERAL ARTS (A.A.)
Humanities Division
119 Newkirk Street • (201) 360-4650
www.hccc.edu/hum

HCCC’s Associate in Arts Women’s Studies degree program prepares students for transfer to a four-year college after completing two years of undergraduate coursework at HCCC. Graduating students may go on to major in Women’s Studies or other subjects in the social sciences, humanities, business, or education. Liberal Arts degree programs allow many options when choosing courses; students should plan carefully by researching the degree requirements of four-year colleges which interest them.

*See Electives Section on pages 102-104
Each major program curriculum includes general education and major requirements. Electives should be chosen from the corresponding list.

* Electives for General Education Requirements (NJ GE Electives)

The HCCC general education requirements follow the New Jersey Community College General Education Foundation guidelines (NJTransfer.org) and, when taken in accordance with HCCC AA and AS degree curricula, will be accepted for transfer in fulfillment of up to half of the credits required for a basic four-year bachelor’s degree at any New Jersey public institution. HCCC graduates with an AA or AS will also be considered to have completed all lower division General Education requirements.

**Oral and Written Communication Electives**

COM 101  Interpersonal Communication  
ENG 101  College Composition I  
ENG 102  College Composition II  
ENG 112  Speech  
ENG 103  Technical Report Writing (for AAS)

**Mathematics Electives**

MAT 100  College Algebra  
MAT 102  Math for the Health Sciences  
MAT 104  Contemporary Mathematics  
MAT 106/107/108  Mathematics Analysis I/II/III  
MAT 109  Health Care Statistics  
MAT 110  Pre-Calculus  
MAT 111/112/211  Calculus I/II/III  
MAT 114  Intro. to Statistics & Probabilities  
MAT 116  Precalculus for Business and Social Sciences  
MAT 212  Differential Equations  
MAT 215  Linear Algebra

**Science/Lab Science Electives**

BIO 100  General Biology  
BIO 107  Human Biology (lab)  
BIO 120  Human Sexual Biology  
BIO 111/211  Anatomy & Physiology I/II (lab)

PHL 102 Religions of Asia (or Humanities)
PHL 103 Religions of the West (or Humanities)
SOC 230 Religion & Society
SOC 260 Race & Ethnic Relations

** Electives for Major Program Requirements

The following electives satisfy the program major requirements as prescribed for each degree program.

Approved Liberal Arts Electives
(AA - American Studies, General, Psychology)

Courses may be chosen from the list of NJ GE Electives/or any of the following subjects:

American Studies, Anthropology, Art, Biology, Chemistry, Communications, Computer Art, Creative Writing, Criminal Justice, Economics, Film, History, Interdisciplinary, Journalism, Literature, Mathematics (excluding MAT 102 and MAT 109), Modern Languages, Music, Philosophy, Physics, Political Science, Psychology, Sociology, Women’s Studies and Theatre Arts

Computer Science Electives
CSC 101 Scientific Programming
CSC 104 Introduction to Geographic Information Systems
CSC 109 Web Page Design
CSC 111 Computer Science I
CSC 112 Computer Science II
CSC 117 Java Programming
CSC 226 Database Design and Concepts
CSC 227 Introduction to Operating Systems
CSC 230 Data Communications Concepts
CSC 231 Information Systems Analysis and Design
CSC 240 Fundamentals of Computer Networking

Criminal Justice Electives
CRJ 213 Criminal Justice Report Writing
CRJ 215 Juvenile Justice
CRJ 220 Police Organization & Administration
CRJ 221 Police Role in the Community
CRJ 222 Criminal Investigations
CRJ 224 Community-Based Corrections
CRJ 230 Ethics and Justice
CRJ 290 Criminal Justice Externship

Early Childhood Education Electives
ECE 211 Early Childhood Curriculum
ECE 213 Creative Experience
ECE 214 Guiding the Young Child’s Behavior
ECE 215 Emerging Literacy
ECE 220 The Anti-Bias Curriculum
ECE 230 Infant and Toddler Curriculum
ECE 231 ECE Externship I
ECE 241 ECE Externship II
EDU 211 Foundations of American Education
(For AAS Program Majors Only)
EDU 235 Young Children with Special Needs
SED 290 Introduction to Special Education
(For AAS Program Majors Only)
INTD250 Child, Family and Community
PSY 270 Psychology of Teaching and Learning

Fine Arts Electives
(Selected AA & AS degrees & AFA degree)

ARC 105 Introduction to Computer Arts
ARC 106 Digital Imaging
ARC 107 Print Design
ARC 109 Interactive/Web Design
ARC 201 Digital Video
ARC 202 Digital Animation
ART 101 Experiencing Art
ART 103 Two-Dimensional Design
ART 106 Drawing I
ART 107 Painting I
ART 113 Three-Dimensional Design
ART 114 Color Theory
ART 115 Art History I
ART 116 Drawing II
ART 117 Painting II
ART 125 Art History II
ART 126 Figure Drawing
ART 127 Water Color
ENG 210 Creative Writing
FLM 101  Introduction to Film
FLM 102  Latin-American Literature in Film
FLM 103  Women in Film
MUS 101  Introduction to Music
MUS 102  Introduction to World Music
MUS 104  The African-American Musical Heritage
THA 101  Introduction to Acting
THA 102  Introduction to Theatre
THA 201  Acting II
THA 205  Introduction to Playwriting

**Electronics Engineering Electives**
CTC 221  Microprocessor/Microcomputer System Design
CTC 224  Computer Peripherals
EET 226  Communications Systems
EET 227  Control Systems
EET 229  Microprocessor/Microcomputer System Design

**Engineering Science Electives**
CHP 225  Organic Chemistry I
CHP 230  Organic Chemistry II
CSC 212  Computer Organization and Design
CSC 214  Data Structure
CSC 240  Fundamentals of Computer Networking
EET 111  Electric Circuits I
(Please provide foundations may not transfer to BS)
PHY 212  Engineering Physics III

**GIS Information Science Electives**
GIS 105  Cartography and Visualization of Geospatial Data
GIS 201  Surface Analysis
GIS 204  Advanced Applications in Geographic Information Systems
GIS 205  Fundamentals of Remote Sensing
GIS 206  Three-Dimensional (GIS) Visualization

**Humanities Electives**
Unless the curriculum outline states otherwise, Humanities Electives may be chosen from Art, Creative Writing, Cultures and Values, Film, History, Journalism, Literature, Modern Languages, Music, Philosophy, Theater Arts, Women’s Studies, and Interdisciplinary courses.

**Literature Electives**
Any literature course (LIT) is permitted and
THA 208  Contemporary Drama

**Mathematics Electives (Liberal Arts)**
Any college-level mathematics course is permitted with the exception of MAT 102, MAT 104, MAT 109 and MAT 114.

**Approved Math & Science Electives (AS degrees)**
BIO 115  Principles of Biology I
BIO 116  Principles of Biology II
BIO 208  Ecology
BIO 209  Comparative Anatomy of Vertebrates
BIO 230  Histology
CHP 220  Quantitative Analysis
CHP 230  Organic Chemistry II
EGS 101  Engineering Graphics
GEO 111  Physical Geology
MAT 211  Calculus III
MAT 212  Differential Equations
MAT 215  Linear Algebra
PHY 212  Engineering Physics III

**Modern Languages Elective**
Any Modern Language course (ML*) is permitted.

**Philosophy Electives**
Any philosophy course (PHL) is permitted.

**Psychology Electives**
PSY 120  Psychological Methods and Applications
PSY 211  Developmental Psychology I
PSY 212  Developmental Psychology II
PSY 215  Psychology of Women
PSY 260  Life Span Development
PSY 270  Psychology of Teaching and Learning
PSY 280  Abnormal Psychology

**Science Electives (AA or AAS Degrees)**
Science courses (Biology, Chemistry, Physics, and Physical Science) with or without laboratory components are allowed. However, some four-year colleges specifically require laboratory science courses for transfer.

**Social Science Electives (for Program Major Requirements)**
Students may choose from Anthropology, Criminal Justice, Communications, Economics, History, Political Science, Psychology, Sociology, or Interdisciplinary courses.

**Sociology Electives**
SOC 200  Introduction to Gerontology
SOC 201  Sociology of the Family
SOC 211  Social Problems
SOC 230  Religion & Society
SOC 240  Criminology
SOC 260  Race & Ethnic Relations
SOC 280  Social Research Methods

**Visual Arts Electives**
(AFA – Studio Arts degrees)
ARC 105  Introduction to Computer Arts
ARC 106  Digital Imaging
ARC 107  Print Design
ARC 109  Interactive/Web Design

ART 116  Drawing II
ART 117  Painting II
ART 125  Art History II
ART 126  Figure Drawing
ART 127  Water Color
Course Descriptions

Courses numbered 000-099 are taken by students who need to strengthen their basic skills, or by students whose native language is not English and who need to improve English skills. The credits earned in these courses are not applicable toward degree or certificate programs. Courses numbered 100 level or above are applicable toward certificate and associate degree programs.

COURSE CREDITS

The credit value of each course appears to the right of each course title. One credit is equivalent to one weekly lecture period of 50 minutes during the course of a 15-week semester.

The Catalog refers to the number of laboratory and lecture periods as “contact” hours, indicating the time spent under the direct supervision of a faculty member. It is possible for a course to have more “contact” hours than its credit value. Lecture hours include seminar and discussion periods; laboratory hours include supervised practicum and “hands-on” work experience.

PREREQUISITES AND CO-REQUISITES

Enrollment in most degree credit courses requires students to attain appropriate scores on the College Placement Test (CPT) in Reading, Writing, Basic Mathematics, and Algebra. Certain other courses may be permitted while students are taking Academic Foundations or ESL courses to strengthen skills in Reading, Writing, and/or Basic Mathematics or Algebra. Rules for placement in college level courses are defined in the College Placement Matrices, and are determined by scores on the College Placement Test.

Prerequisites are courses or their equivalents that must be taken prior to enrolling in advanced courses. Courses appearing in special sequences (usually identified by the numerals indicated in the course descriptions) require that prerequisites be completed prior to taking the course. Co-requisites are courses taken at the same time. Some courses may not be offered every semester; check with your counselor for information.
ACCOUNTING

ACC 121 Principles of Accounting I 4 CR
Previous accounting knowledge is not required. The course covers the entire accounting cycle from analysis of transactions, journalizing, posting, worksheets, preparation of financial statements, closing entries, post-closing trial balance, and reversing entries. Also introduced are the accounting principles as applied in the United States (GAAP). Emphasis is placed on practical applications of accounting procedures as well as conceptual comprehension of accounting principles used in both service- and product-related businesses. Prerequisite: Exit CPT in Math and Algebra

ACC 211 Computerized Accounting 3 CR
An introduction to the construction and implementation of computerized accounting systems used to accurately document, record, and summarize financial information. The course emphasizes how such systems safeguard the assets of the client and ensure the integrity of the reporting system. Students will use source documents as a means of developing an information base. Students will design special journals and voucher systems as a means of facilitating recording functions and they will also develop a subsidiary ledger for purposes of recording secondary information. The course will conclude with students operating a fully-integrated computerized general ledger system that may be applied to the accounting needs of individuals, organizations, and small business enterprises. Students will also independently complete computer laboratory projects using specialized computer software. Prerequisite: ACC 121

ACC 221 Principles of Accounting II 4 CR
Continuation of Principles of Accounting I, emphasizing accounting applications for partnerships, corporations, and manufacturing. A survey of cost accounting and budgetary procedures including the preparation and use of financial information needed for management planning and decision-making. Prerequisites: ACC 121 or equivalent knowledge/experience

ACC 224 Federal Taxation 3 CR
A study of Federal Income Tax law and its practical application in the preparation of tax forms for the individual, partnerships, and corporations. Prerequisite: ACC 221

ACC 226 Auditing 3 CR
This course will cover the theory of auditing principles and standards employed by the external and internal auditor. These standards are based on generally accepted auditing standards and the related literature of the American Institute of Certified Public Accountants. Emphasis is on auditing procedures. Prerequisite: ACC 221

ACC 228 Cost Accounting 3 CR
Examines cost accounting information systems; cost of materials, labor and manufacturing expenses, standards, and cost controls; direct costing, and cost analysis. Prerequisite: ACC 221

ACC 240 Intermediate Accounting I 4 CR
This course presents a balanced approach to the treatment of conceptual and procedural problems in accounting. The course explains the rationale behind business transactions and addresses the accounting and reporting of those transactions. The course will include discussions of the latest developments in the accounting profession and practice. Prerequisite: ACC 221

AMERICAN SIGN LANGUAGE

ASL 101 American Sign Language I 3 CR
ASL 101 is an introductory course to American Sign Language as it is used within the American Deaf community, as well as an introduction to Deaf Culture and history. The class will emphasize non-verbal communication as students learn basic vocabulary, sentence structure, facial expressions, signing parameters, and other grammatical markers. Students will start to build basic expressive and receptive skills in American Sign Language that will be reinforced by a variety of activities. Prerequisite: Basic English Writing/Reading II or ESL Level III

ASL 102 American Sign Language II 3 CR
ASL 102 is a second-level course in American Sign Language as it is used within the American Deaf community, as well as a continuation of discussion of Deaf Culture and history. The class will emphasize non-verbal communication as students continue to build their sign vocabulary, sentence-structure, facial expression, and other grammatical markers. Students will continue to strengthen their expressive and receptive skills in American Sign Language as they engage in conversations that will be reinforced by a variety of activities. Content from ASL 101 will be continually reviewed and built on in this course. Prerequisite: ASL 101

AMERICAN STUDIES

AMS 135 Introduction to American Studies 3 CR
This course provides an introductory overview to the field of American Studies. It seeks to answer the question, “What does it mean to be an American?” It integrates several disciplines, taking a holistic view of the American perspective. The goal is to introduce students to the ideas and theories most closely linked to the field. These include topics in American history, philosophy, cultural studies, art, literature, political science, and international relations. Prerequisite: ENG 101

ANTHROPOLOGY

ANT 101 Introduction to Cultural Anthropology 3 CR
This course is an introduction to the basic concepts, theories, data and research methods in the field of cultural anthropology and to the anthropological study of the nature and functions of human culture. The course examines how different cultures respond to certain needs expressed by patterns of social organization and a variety of social institutions such as family, religion, politics and the like. Understanding human nature and cultural diversity is at the core of this course. Prerequisite: ENG 101
ART & COMPUTER ARTS

ARC 105  Introduction to Computer Arts  3 CR
This course provides an introductory level exploration of the Macintosh Operating System®; print, interactive and time-based graphics applications; typography; and color theory for print, web, and video. Students will also learn conceptual, historical, and theoretical aspects of art and design made with digital media.
3 hours lecture/1 hour lab. Co-requisite: ENG 101

ARC 106  Digital Imaging  3 CR
This course provides students with the necessary knowledge and techniques for the creation and manipulation of photographic digital images using digital cameras and scanners for input, Photoshop® for editing and manipulation, and photo quality inkjet printers for output. Assignments and discussions address critical issues in contemporary digital practices.
3 hours lecture/1 hour lab Co-requisite: ENG 101

ARC 107  Print Design  3 CR
This course will provide students with the necessary technical, conceptual, and aesthetic knowledge to create effective designs for print that comprehensively communicate ideas through visual graphic form. Preparation of photos, graphics, and text for use in layout and design will be thoroughly addressed. The use of typography and its integration with images to communicate specific ideas and content to a desired audience will also be a main focus of the course. Adobe® InDesign®, Illustrator®, and Photoshop® software applications will be utilized.
3 hours lecture/1 hour lab

ARC 109  Interactive/Web Design  3 CR
This course will provide students with the necessary conceptual knowledge of the visual aesthetics of interactive design. Students will design web sites that use intuitive visual layouts and interactivity to communicate information and ideas to a specific audience. The course also covers the basic technical skills required to prepare images and content for the web. The Adobe Dreamweaver® software application will be utilized in this course. 3 hours lecture/1 hour lab.

ARC 201  Digital Video  3 CR
Through lectures, demonstrations, and project-based assignments, students will acquire knowledge of digital video pre-production, production and post-production by studying treatment and storyboard design, lighting techniques, shot composition using high-definition video cameras, editing video and sound, creating title sequences, compositing video, compressing data, and publishing digital video. Industry standard desktop video and audio editing software applications will be utilized. This course will also examine the role digital video and moving images have played in contemporary art, documentation, and mass media. Equipment will be supplied.
Prerequisites: ENG 101 and any ARC 100 courses

ARC 202  Digital Animation  3 CR
This course provides students with the necessary knowledge and skills to create dynamic two-dimensional digital animation and motion graphics. Students will acquire the analytical and critical thinking skills required to conceive, produce, and publish original digital animations utilizing industry standard software applications. Students will use storyboarding, roto-scoping, animated typography, original character development, and scene production techniques. 2D animation fundamentals as well as concepts of motion and continuity will be thoroughly covered in this course. This course will also briefly introduce 3D compositing and interactivity. Equipment will be supplied.
Prerequisites: ENG 101 and any ARC 100 courses

ARC 280  Computer Arts Portfolio & Presentation  3 CR
Computer Arts Portfolio and Presentation provides student artists and designers with the knowledge to meet both their educational and professional goals. Students will prepare their work to be presented to both future clients and employers as well as for admission to senior academic institutions. Students will acquire conceptual knowledge and technical skills to effectively present their work in many formats including as a printed portfolio, a web-based portfolio, a video reel for animation and video works, an interactive video disk, in an exhibition setting, and as a multimedia presentation to an audience. The course will culminate with an exhibition and presentation of students' work. Computer Arts Portfolio and Presentation is the Capstone course for the A.F.A. Studio Arts - Computer Arts Option.
Prerequisites: ENG 101, plus 24 credits of core curriculum "ARC/ART" courses inclusive of ARC 105, 106, 107, 109, ART 103, 106

ART 101  Experiencing Art  3 CR
This course is designed as an introduction to the Studio Arts for non-art majors. Students will learn through the basic theories and practices of Art History, Drawing, Painting, Printmaking, and Sculpture.
3 hours lecture/1 hour lab.

ART 103  Two-Dimensional Design  3 CR
Two-Dimensional Design introduces the organization of visual elements on a two-dimensional plane. The elements of art and concepts of design such as composition, perspective, color, and other art elements will be examined through lectures, demonstrations and related studio problems for the students to explore and solve. Techniques for handling materials will be developed.
3 hours lecture/1 hour lab.

ART 106  Drawing I  3 CR
This is an introductory course in basic drawing skills. Emphasis is on drawing from direct observation or life with a variety of traditional drawing materials and techniques. It includes an introduction to various systems of drawing - e.g., linear perspective and principles of chiaroscuro.
3 hours lecture/1 hour lab.

ART 107  Painting I  3 CR
This course is an introductory studio (laboratory) course in basic painting skills and techniques. Focus will be upon the use of paint to create fine art and explore individual creative potential. Emphasis will be on control and proficiency in handling the medium of paint and learning the fundamental painting techniques. This course is designed for beginners with little or no experience of painting. Proficiency in drawing is beneficial but not critical to successful completion of the course.
3 hours lecture/1 hour lab. Prerequisite: ART 106

ART 113  Three-Dimensional Design  3 CR
Student artists will learn to create practical and theoretical three-dimensional objects using a variety of techniques and materials. Through the study of nature and geometry, students will learn to use line, plane, mass, volume, and surface.
3 hours lecture/1 hour lab. Prerequisites: ART 103, ART 106

ART 114  Color Theory  3 CR
Color theory teaches student artists how color affects the human brain, psyche, emotion, and eye. Through lecture, multimedia presentation, and hands-on studio assignments, they learn how color functions with light, computers, and pigment.
3 hours lecture/1 hour lab.
ART 115  Art History I  3 CR
Art History Part I traces the development of art from prehistory through the early Renaissance. The course surveys the major developments in painting, drawing, sculpture, ceramics, and architecture through the western canon and provides an introduction to the art of Africa, the Near East, South and Southeast Asia, China and Japan.
Prerequisites: ENG 101

ART 116  Drawing II  3 CR
A continuation of Drawing I, this course will focus on individual development, a thorough understanding of drawing principles, and further the use of drawing materials and techniques. Students are responsible for the purchase of their own supplies.
3 hours lecture/1 hour lab.
Prerequisite: ART 106

ART 117  Painting II  3 CR
A continuation of Painting I, this course is an advanced studio painting class stressing individual painting skills and personal style. Painting II focuses on compositional theories and practice, experimentation with mediums, and creative approaches to subjects. Students are responsible for the purchase of their own supplies.
3 hours lecture/1 hour lab.
Prerequisite: ART 107

ART 125  Art History II  3 CR
Art History traces the development of art from the 14th century Renaissance in Italy through the conclusion of the twentieth century. The course provides a foundation in the historical and intellectual content of western visual culture highlighting the aesthetic and cultural achievements of the Renaissance, Baroque, Enlightenment and Modern world. Art History II surveys the major developments in drawing, painting, sculpture and architecture of the western canon: Europe and the United States.
Prerequisite: ENG 101

ART 126  Figure Drawing  3 CR
Student artists will learn to draw the nude and clothed male and female form. Emphasis is placed on scale, proportion, anatomy, expression, and appreciation of the figure.
3 hours lecture/1 hour lab.  Prerequisite: ART 116

ART 127  Watercolor  3 CR
In this course, students will learn through demonstration and experience how to paint using the medium of watercolor. Students will create still life, landscape (out of doors, weather-permitting), figurative, and abstract paintings. Students who successfully complete this course will possess a basic painting kit, a portfolio of watercolor paintings, and the fundamental knowledge and basic skills needed to effectively use the medium.
3 hours lecture/1 hour lab.  Prerequisite: ART 106

ART 130  Portfolio and Presentation  3 CR
Portfolio and Presentation will provide student artists with the knowledge and skills to meet both their educational and professional goals. First, student artists will develop a physical and digital portfolio showcasing their best works created at HCCC. This will allow students to seamlessly enter the third year of any four-year art program. Second, student artists will learn to market themselves to clients, museums, and galleries. A résumé, artist’s statement, PowerPoint® presentation, slide packet, and website will be produced. New technologies will be stressed along with traditional (non-digital) methods to prepare the student for the professional art world.
3 hours lecture/1 hour lab.
Prerequisites: ART 113 and ART 116

BIOLOGY

BIO 100  General Biology  3 CR
This is an introductory course in contemporary biology designed to provide a foundation for further studies in biology. Instructional techniques include lectures, demonstrations, and laboratory.

BIO 107  Human Biology  4 CR
This course focuses on an understanding of the biological functioning of humans. Additional emphasis is given to genetics, ecology, and microbiology. Laboratories include hands-on exercises and lab dissections.
3 hours lecture/3 hours lab.

BIO 111  Anatomy and Physiology I  4 CR
This course examines the structure and physiological processes of the human body and provides a background for understanding health problems, diagnosis, and treatment.
3 hours lecture/3 hours lab.

BIO 115  Principles of Biology I  4 CR
Principles of Biology I is a lecture and lab course that addresses some fundamental concepts and applications of biology. Students learn the chemical context of life and the structure and function of large molecules like DNA. Students also learn the cell structure, function and how processes such as photosynthesis, metabolism, cell cycle, and cellular respiration take place inside the cell. The course also give students a clear understanding of some molecular and genetic concepts such as mendelian inheritance and transcription & translation inside a cell.
3 hours lecture/3 hours lab.

BIO 116  Principles of Biology II  4 CR
This course is a continuation of Principles of Biology I. Students will study the structure, function, and behavior of organisms and the unity and diversity of life. They will learn about biological organisms and processes and how to correlate new biological concepts with the ones previously learned. Laboratory exercises will encourage students to practice science through hands-on experiments.
3 hours lecture/3 hours lab.

BIO 120  Human Sexual Biology  3 CR
This non-lab science course is designed for liberal arts and other non-science majors. It gives students the opportunity to discover and understand the major biological aspects of human sexuality. It focuses on the anatomical and physiological study of the reproductive system, conception process, pregnancy period, prenatal development and delivery stages, sexual maturation, gender distinctiveness, and the infectious maladies and specific medical conditions associated with human sexuality. Video simulations in selected topics are incorporated to reinforce scientific exploration and formulation.
Co-requisite: BIO 115

BIO 201  Practical Nutrition  3 CR
This course stresses the application of nutritional principles to daily health maintenance and conditions that require special diet management. It is designed for Nursing and Health-related or Culinary Arts/Hospitality Management programs.

Academic Programs of Study
BIO 208 Ecology 4 CR
In this course, students will understand the mechanisms governing the structure and function of ecological systems, particularly the relationship between organisms and the environment. Students will investigate key environment issues such as: global climate change, acid deposition, loss of biodiversity, and genetically modified food.
3 hours lecture/3 hours lab.
Prerequisite: BIO 100 or BIO 115

BIO 209 Comparative Anatomy of Vertebrates 4 CR
Comparative Vertebral Anatomy focuses on the evolution of vertebrates and diversity of body forms including some extinct species. Specifically, this course will explore how vertebrates originate, develop and diversify, and compare different anatomical and physiological features among vertebrates. Laboratory exercises include detailed dissection of selected vertebrates for example: the Lamprey eel, the dogfish shark, the mud puppy, the cat and other animals. The laboratories will provide hands-on experience to compare morphological and anatomical characteristics of different vertebrates.
Prerequisite: BIO 211 or BIO 116

BIO 211 Anatomy and Physiology II 4 CR
This course is a continuation of Anatomy and Physiology I. Students will become acquainted with the basic functions, complexities, and interrelationships of the components of the human body. Topics include the circulatory, endocrine, digestive, excretory, and reproductive systems. Lectures are supplemented by laboratory sessions which will include dissection and elementary physiologic experiments.
3 hours lecture/3 hours lab.
Prerequisite: BIO 211

BIO 230 Histology 4 CR
In this course, students will recognize the structure and function of cells, tissues, and organs at the microscopic level. They will identify and recognize all of the major cell and tissue types of the human body. Histology is a laboratory course and lectures often take the form of slide demonstrations. The lab and lecture will be combined into a single learning experience.
3 hours lecture/3 hours lab.
Prerequisite: BIO 116

BIO 240 Genetics 4 CR
This course examines the principles of inheritance and gene action, from the molecular to the organism level, and populations. Topics include Mendelian principles, molecular genetics, genetic mapping, population genetics, quantitative genetics, gene regulation, mutations, repair mechanisms, and the modern genetic manipulation.
3 hours lecture/3 hours lab
Prerequisite: BIO 116

BIO 250 Microbiology 4 CR
This course is geared for individuals entering the medical or health sciences professions. It will encompass a survey of microorganisms with emphasis on bacteria and applications of microbiology. The laboratory sessions will stress isolation, cultivation, and various biochemical and identification techniques of selected bacteria and other microorganisms.
3 hours lecture/3 hours lab.
Prerequisite: BIO 211

BUS 103 Introduction to Business 3 CR
This is an introductory course in contemporary business practices. Students develop a basic understanding of key functional areas of business including management, marketing, finance, economics, accounting and technology. Special attention is paid to current dynamic issues facing business such as globalization, entrepreneurship, ethical reasoning and the legal/regulatory environment.

BUS 230 Business Law 3 CR
Provides a basic knowledge of business law covering the nature, structure, and processes of our legal systems and the laws involving constitutional law, contracts, intellectual property, torts, and product liability. The case study approach will be used extensively, and the ethical issues in the business environment will also be addressed throughout the course.

CHEMISTRY

CHP 100 Introduction to Chemistry 3 CR
This course is designed for students who have not had high school chemistry and for those who wish to review the subject. The course emphasizes descriptive chemistry. Topics include measurements and units, the periodic table, the atom, nuclear radioactivity, bond formation, simple stoichiometry, acid-base, redox, and organic compounds. The associate laboratory involves common measurement techniques and illustrates the lecture materials presented.
2 hours lecture/2 hours lab.
Prerequisite: Exit CPT Math

CHP 105 Introduction to Environmental Chemistry 4 CR
This course explores the earth's atmosphere, hydrosphere, Lithosphere and Biosphere from a chemical perspective and the chemical compositional and reactions that characterize the earth's systems are investigated. Also, chemical processes in each of these spheres are used to illustrate and explain fundamental chemical concepts. Topics include ozone depletion, acid rain, radiochemical dating, and global climate change. Labs will reflect and enhance the lecture topics.

CHP 111 College Chemistry I 4 CR
This course is an introduction to common physical and chemical properties of substances and solutions. Topics cover scientific measurements and SI units, atomic structure and the periodic table, inorganic nomenclature, gas laws, chemical stoichiometry, chemical bonding, molecular geometry and polarity, thermochimistry, liquid properties, cubic crystals, and solutions. Laboratory work illustrates common lab techniques as well as chemical principles.
3 hours lecture/3 hours lab.
Co-requisite: MAT 100 or MAT 106

CHP 211 College Chemistry II 4 CR
This course is a continuation of College Chemistry I and an introduction to physicochemical concepts. Topics cover reaction rate, chemical equilibria, precipitation, acid-base, complexion, redox, electrochemistry, nuclear reactions, and thermodynamic quantities. Laboratory work introduces experiments pertinent to lecture subjects and consists of semi-qualitative analysis.
3 hours lecture/3 hours lab.
Prerequisite: CHP 111
CHP 225 Organic Chemistry I 4 CR
This is the first of a two-course sequence of introductory organic chemistry. The physical and chemical properties of organic compounds, including aliphatics, alicyclics, and aromatics are studied through an examination of their structure, preparation, reactivity, and spectral properties. The study of organic functionality centers in the hydroxyl and carbonyl groups. The laboratory component includes separation and purification techniques and other synthetic procedures.
3 hours lecture/3 hours lab.
Prerequisite: CHP 211

CHP 230 Organic Chemistry II 4 CR
This course is a continuation of Organic Chemistry I. The studies proceed to aromatic compounds, aldehydes, ketones, carboxylic acids and their functional derivatives, amines, phenols, and arylhalides. Emphasis is placed on group functionality and reaction mechanisms. Laboratory work illustrates organic synthesis, reactions, chemical analysis, and spectroscopic identification.
3 hours lecture/3 hours lab.
Prerequisite: CHP 225

CHILD DEVELOPMENT ASSOCIATE – INFANT/TODDLER

CDI 100 Infant/Toddler CDA I 4 CR
This course introduces students to the Child Development Associate Credentialing process and provides comprehensive instruction in early childhood education/child development. Students will begin development of a professional resource file and practice strategies for observing and recording children’s behavior. At the conclusion, students will have satisfied 60 hours of the 120 hours of formal training required by the CDA National Credentialing Program. Students are expected to be employed, or to volunteer, either full or part-time, in an Early Head Start program or a child care center, with children between the ages of birth through 36 months. The course may be applied to the Early Childhood Education programs as a substitute for ECE 201, Introduction to Early Childhood Education.

CDI 110 Infant/Toddler CDA II 4 CR
This course helps students expand their knowledge of the Child Development Associate credentialing process and provides comprehensive instruction in early childhood education/child development. Students will develop skills in planning curriculum for infants and toddlers and complete their professional resource file. The course offers 60 contact hours of formal training. Combined with CDI 100, Field Experience in I/T Setting, students will satisfy the 120 contact hours of formal training, as required by the CDA National Credentialing System. Students are expected to be employed, or to volunteer, either full- or part-time, in a child care center, preschool or pre-kindergarten program, with children between the ages of 3 and 5. The course may be applied to the Early Childhood Education programs as a substitute for ECE 211, Early Childhood Curriculum.
Prerequisite: CDI 100; Co-requisite: CDI 120

CDI 120 Field Experience in a Preschool Setting 3 CR
Students will be expected to self-place in a licensed preschool center, Head Start program or may be observed in their place of employment. They will meet once a week for 50 minutes of class time. These 120 hours may be applied to the 480 hours necessary to apply for the Preschool CDA Credential.
Prerequisite: CDI 100; Co-requisite: CDI 110

COLLEGE STUDENT SUCCESS

CSS 100 College Student Success 1 CR
Helps students acquire the skills and perspective they need in order to simultaneously succeed in college and prepare for careers. Students explore the cultures of college and the workplace with an emphasis on the role of communication skills, credentials, and research techniques in each. Time and stress management are also considered. Students submit weekly journals on assigned topics. In addition, they participate in small group discussions and seminars, investigate the support services available in the College and community, and prepare job search portfolios.

COMMUNICATIONS

COM 101 Interpersonal Communication 3 CR
This course is designed to introduce students to the fundamentals of interpersonal communication. Students will learn the basic elements of the communication process, the psychology of communication, the messages in communication, and various types of interpersonal communication, including gender and intercultural communication. Practical experience will be gained through in-class workshops and field research assignments.
CSC 100  Intro to Computers & Computing  3 CR
This course introduces beginning students to computers and the latest application software. The course includes the history of computers, information processing, file management, discussion of hardware and software, operating systems and utility programs, and the Internet. The laboratory component includes Microsoft Office®. This course may not be used for credit by Computer Science or Management Information Systems majors. 2 hours lecture/2 hours lab.

CSC 101  Scientific Programming  3 CR
This is an introductory course in scientific programming using FORTRAN 90 to solve science and engineering problems. Emphasis is on the logical analysis of a problem and the formulation of a computer program leading to the solution. 2 hours lecture/2 hours lab.
Prerequisite: CSC 100 or equivalent knowledge of computing and exit CPT in Algebra

CSC 109  Web Page Design  3 CR
This course introduces the different tools needed to design and maintain web pages. The standard tool of web page design, HTML (HyperText Markup Language), will be the core design tool. Interactivity through the use of scripts will also be addressed. The process of transferring HTML pages through FTP (File Transfer Protocol) to be published on an official web site will also be addressed. Auxiliary tools such as graphics design, which is an important component of web page design, will also be investigated. 2 hours lecture/2 hours lab.
Prerequisite: CSC 100 or permission of instructor

CSC 111  Computer Science I  3 CR
Introduces the fundamentals of computer science. Algorithm design, flowchart, structure, programming methodology, hardware, and software are discussed. A programming language such as Pascal, C++, or Visual Basic 6.0 is used to illustrate these concepts.
2 hours lecture/2 hours lab.

CSC 112  Computer Science II  3 CR
Provides further study of the construction of algorithms and their implementation in a programming language. Techniques of structured programming are featured. Emphasis is placed on the solution of engineering problems. Students are expected to construct and execute problems using top-down step-wise refinement approach.
2 hours lecture/2 hours lab.
Prerequisite: CSC 111

CSC 113  Computer Logic and Discrete Mathematics  3 CR
The basics of number systems. Boolean algebra and logic gates lay the foundation for the study of combinational logic and computer science. Combinatorial applications include Karnaugh Map techniques for logic simplification.
Co-requisite: MAT 100 or 106 or 107 or higher

CSC 115  Programming in C++ for Computer Science and Engineering  3 CR
In this course, the fundamentals of computer science are introduced, with emphasis on programming methodology and problem-solving. Topics include, but are not limited to, concepts of computer systems, software engineering, and algorithm design, programming languages, and data abstraction, with applications. A high level language is fully discussed and implemented and serves as a vehicle to illustrate many of the concepts taught.
2 hours lecture/2 hours lab.
Prerequisite: MAT 100 or MAT 106 or MAT 107 or MAT 110
The course will cover the basic theoretical and analytical foundations for systems planning, formulating strategic plans, optimizing operations in business, designing information systems, and augmenting business activities on web. Topics include five systems cycles, hardware selection criteria, input/output design, file structures, and design. This is a case study-oriented course.

2 hours lecture/2 hours lab.
Prerequisites: CSC 101 or CSC 111 or CSC 115 or CSC 117

This course provides students with the basic concepts of network computing, the seven layers of the Open System Interconnection (OSI) Model, Institute for Electrical and Electronics Engineering (IEEE) 802 networking model, and the benefits of various protocols. Students will understand peer-to-peer and server-based networks, and their differences. They will become familiar with various networking topologies and how to select the best network topology for an environment. Students will learn how to install and configure NetWare TCP/IP software, how to use common TCP/IP applications, and how to troubleshoot common problems that may occur in a TCP/IP environment. This course also provides the background information needed in preparation for network management and certification.

2 hours lecture/2 hours lab.
Prerequisite: CSC 227
Co-requisite: CSC 101, CSC 111, CSC 115 or CSC 212

The operation of Flip-Flops as memory elements and counter analysis of Ripple/Synchronous mod counters are covered as building blocks for future design application. The major emphasis on counters is on the design of irregular and truncated counters using D and J-K Flip-Flops and integrated circuit applications of Up/Down counters and dividers. Also includes a coverage of timers, oscillators, and three-state operation. Registers are covered and include counting (Ring and Twisted Ring), shifting (Left/Right), and timing applications. The latter part of the course is devoted to arithmetic applications including 2’s complement adders and subtractors with overflow and underflow detection, and BCD arithmetic and arithmetic/logic I.C. units. Computer instructions, timing and control, executions of instructions, and designs of a basic accumulator-based computer are also covered. The laboratory exercises are organized to support the above theory and to enable students to design, assemble, and test applications constructed with MSI/LSI chips.

3 hours lecture/3 hours lab.
Prerequisite: CSC 113; Co-requisite: EET 212

This course presents the architecture and operation of the microcomputer. Topics include an introduction to the 8086 microprocessor including its architecture, operation, and instruction set. The instruction set is studied through programming examples. Interfacing to the 8086 microprocessor is thoroughly studied. Input/output port configuration and interrupt management are introduced and used in numerous design projects. The laboratory experiments consist of designing projects. Students are exposed to projects that include solving both software and hardware issues. The tools used include a PC loaded with an 8086 assembler and connected serially to a SDK-86 kit. Laboratory experiments cover an 8086 arithmetic program, accessing data in memory, using a PC to write a program with an assembler, generating digital waveforms, nested loops programming, reaction time programming, using D/A converters with microprocessors, and vector graphics.

3 hours lecture/3 hours lab.
Prerequisite: CTC 212

Topics include interfacing peripherals, Input/Output: parallel I/O, memory mapped I/O, programmed I/O, interrupt driven I/O, direct memory access (DMA), UART (Universal Asynchronous Receiver/Transmitter), bus standards: RS 232 and IEEE 488, Secondary storage techniques: floppy and rigid disk technologies; A/D and D/A conversion; Microcomputer control applications, and troubleshooting techniques.

2 hours lecture/2 hours lab.
Prerequisite: CTC 221

This is an introductory course on the nature of the criminal justice system. The history, development, and current functioning of the system are examined. Emphasis is on the inter-relationship of various elements within this system including the police, the prosecutor, the defense, the courts, corrections, probation, and parole officers.

This course is a case and textbook study of substantive criminal law, and the variations and similarities between the states and the federal system of criminal law principles, with an emphasis on New Jersey criminal law.

An introduction to the Constitutional civil liberties and rights assured to the American people. The course provides students with an understanding of the dynamics of the United States Supreme Court’s approach to the Constitution’s guarantees of personal liberties and civil rights. Students will explore such diverse topics as the preferred freedoms of speech, press and religious expression, separation of Church and State, the Constitutional right of privacy, the rights of persons accused of crime, and the civil rights of historically-disadvantaged groups and persons.
Prerequisite: ENG 101

Focuses on report content through interpretation and evaluation of information. Emphasis is placed on accurate terminology.

Various correctional settings and approaches are examined. Topics include punishment, probation, the prison community, and parole. Also studied is the role of community resources in treating the non-institutionalized offender, e.g., through halfway houses, alternative programs, and work and study release.

An introduction to the American juvenile justice system. The course provides an overview of the history of juvenile justice and a theoretical basis for interpreting the meaning and frequency of delinquent behavior and status offenses. Students will explore the various causes of delinquency, including psychological and sociological theories, the relationship between gangs, drugs and delinquency, and the modes of interaction between law enforcement and juveniles. Students will also examine juvenile court procedures, due process rights of juveniles, alternative dispositions of offenders, including community intervention and residential/institutional confinement, and the future of juvenile justice.
Prerequisite: ENG 101
CRJ 220 General Police Organization & Administration 3 CR
Examines the organization and functioning of law enforcement agencies including recruitment, career development, and leadership selection. The historical and contemporary relationships of various levels of police organization are examined as well as the structure of police organizations in the United States.

CRJ 221 The Police Role in the Community 3 CR
Focuses on the nature and responsibilities of the police officer’s role. Topics include the following: police work as a profession, image of the police, tensions, conflicts, and the cooperation between the police and the community.

CRJ 222 Criminal Investigation 3 CR
Examines the techniques, methodologies, and procedures of criminal investigation. Topics include conduct at the scene of the crime, recognition, development and the preservation of evidence, and interview and interrogation techniques. Finally, the role of surveillance and use of informants are analyzed. Legal and ethical issues are also discussed.

CRJ 224 Community-Based Corrections 3 CR
This course explores the numerous community-based correctional programs which are intended to rehabilitate offenders and reintegrate them into society. Students will engage in a critical analysis of the theories, practices, and effectiveness of community-based program models. Major topics of the course are probation and parole. Students will also explore the more recent modes of intervention and treatment, including specialized diversionary and self-help programs, intensive supervision programs, half-way houses, house-arrest, community service, fine and restitution, “shock” incarceration, family intervention, and counseling. Students will also examine the needs of special offender populations, including juveniles, women, drug abusers, sex offenders, and the mentally ill. Students will critically examine the problems associated with the management of these various programs, and their interaction with the other components of the criminal justice system.

CRJ 230 Ethics & Justice 3 CR
This course explores a wide range of ethical issues and moral dilemmas confronting practitioners in the field of criminal justice. The student is exposed to the traditional and competing theories of ethics in general; and, using case studies, applies these approaches to contemporary issues and problems confronting persons engaged or practicing in law enforcement, the courts, corrections, and criminal justice policy-making. Prerequisite: ENG 101 and CRJ 111

CRJ 290 Criminal Justice Externship 3 CR
The externship in Criminal Justice is designed to develop professional standards and practical skills. This elective course will provide students with the opportunity to integrate theoretical principles learned in the classroom with first-hand experience in actual Criminal Justice agency settings. Students will perform tasks and engage in meaningful learning activities in order to acquire knowledge of the workings of a significant component of the criminal justice system. Students will develop interpersonal skills, values, and the attitudes associated with professional growth. Under the direction of a faculty member and the supervision of an agency Field Supervisor, students will perform agency tasks eight (8) hours per week for 15 consecutive weeks for a total of 120 hours. In addition, students will attend weekly seminars at the College during the externship to discuss and share their experiences and observations with faculty and peers. Prerequisites: ENG 102, CRJ 111, CRJ 120 & CRJ 214.

CULINARY ARTS

CAI 115 Food Sanitation and Culinary Principles 3 CR
This course is an introduction to the professional life of a chef, coupled with the application of sanitation concepts in the operation of a food service establishment. Kitchen safety, personal hygiene, and state and federal regulations are discussed in relation to their involvement in the sanitary service of food product. By explaining the role of the chef as a leader, this course will discuss the significance of active learning during one’s experience in food service education. This course also includes a nationally recognized ServSafe certification exam provided by the Educational Foundation of the National Restaurant Association (NRAEF).

CAI 114 Table Service I 2 CR
An introduction to the various types of table service styles and settings, including American, French, Russian, banquet, and family style. Emphasis is placed in proper dining room preparations, customer relations, placing and retrieving orders, clearing of tables, and securing the dining room. Students will also be exposed to the role of the dining room in the overall business plan of the restaurant business. The course also covers an introduction of wines and wine making.

CAI 117 Production Kitchen Skills I 2 CR
This course is intended to provide a strong foundation in the basic fundamentals of commercial food preparation and practices. Proper knife skills and the use and care of tools and equipment is demonstrated and practiced in the laboratory. Emphasis is placed with students using hands-on experience in food production utilizing designed introductory menus. The hands-on experience is supported with demonstrations and lecture in the laboratory. Students will learn the appropriate cooking methods that may be applied to meats, fish, poultry, starches, and vegetables. The basic cooking methods are introduced and practiced in the laboratory. Students will also learn the proper techniques used in the preparation of stocks, soups, and sauces.

CAI 118 Pantry and Breakfast Cookery 2 CR
An introduction to the basic and advanced level of breakfast cookery, including basic egg preparations, breakfast meats, potatoes, quick breads, batters, various breakfast items, farinaceous, and hot and cold cereals. Students will experience short order cooking, and will gain knowledge of time and temperature in the preparation of various breakfast items. Skills and techniques will be developed in the preparation of meat products, such as sausage-making, and in the preparation of other breakfast meats. Ethnic and multicultural breakfast foods will be explored, as well as creative and modern breakfast alternatives. This course also serves as an introduction to the preparation of various salads, including simple, composed, bound, and hot/cold combinations. Emphasis will be on the preparation of dressings, dips, spreads, classical and modern sandwich-making, identification and use of salad greens, and fruit preparations.

CAI 119 Bakeshop I 2 CR
An introduction to the preparation of basic quick breads, rolls, breakfast items, and basic desserts, including various icings and butter cream, puddings, cakes, cookies, and pies. Students will gain skills in the preparation of pie crusts, pie washes, and pie fillings. Emphasis will be placed on the understanding and use of ingredients, weights and measures, tools, and equipment used in the bakeshop.
CAI 121  Product Identification and Purchasing  3 CR
This course introduces students to the four most important foundations in foodservice purchasing: market and distribution systems, storeroom operations, cost controls, and product identification. Students will identify the most commonly used cuts of meat, poultry, and seafood. Identification of fruits and vegetables will also be covered. Students will examine the steps that need to be taken in order to have proper purchasing and receiving controls in place. In addition, this course covers present-day issues like security, legal and regulatory compliance, sustainable agriculture, aquaculture and genetically modified organisms (GMOs).

CAI 124  Table Service II  2 CR
An extension and reinforcement of the skills practiced in Table Service I. Emphasis is placed on knowledge of the menu, suggestive selling techniques, napkin folding, and the use of wines and spirits in the restaurant business. Banquet service will be performed through a designed and scheduled buffet.
Prerequisite: CAI 114

CAI 125  Externship I  1 CR
This is a course designed to provide the student with on-the-job food service experience. The course allows the student to gain supervised practical experience working in a variety of food-service settings related to the student's area of interest. Students must successfully complete 150 hours of practical experience in an approved food-service establishment.
Prerequisite: CAI 117 & CAI 118

CAI 126  Production Kitchen Skills II  2 CR
A continuation and reinforcement of the concepts and practices of Production Kitchen Skills I. This course exposes the students to more advanced techniques and applications utilizing different cooking methods. Students will be exposed to a variety of seafood items, as well as commercial meat cuts used for beef, lamb, veal, pork, and poultry.
Prerequisite: CAI 117

CAI 127  Introduction to Garde Manger  2 CR
This course exposes students to the preparation of brunch items, fish and shellfish, hot and cold hors d’oeuvres, cold canapés, cold plated entrees, and specialty sandwiches as well as the design of salad bar setups. Basic forcemeat preparations used for pâtés, galantines, terrines, and spreads are practiced in the laboratory. This course also includes the preparations of basic cheese-making, relishes, condiments, and chutneys, including jams and jellies. Students will also prepare various entrée salads.
Prerequisite: CAI 118

CAI 128  Bakeshop II  2 CR
This course is an extension and reinforcement of the concepts and practices of Bakeshop I. Students will be exposed to a variety of designed menus to strengthen their skills in the preparation of baked goods. They will also learn how to utilize leftover baked goods to prepare various products. Emphasis is placed on the preparation of various cake batters and icings.
Prerequisite: CAI 119

CAI 129  Menu and Facilities Design  3 CR
This course introduces students to the fundamental principles of menu development as well as the procedure for designing and building a food-service operation. Strong emphasis is given to the consequential interrelationship between the two and is substantiated through cogent explanation and demonstration. The student will be able to develop basic menus for a variety of meal periods based on a learned systemization. The course will examine the tried and true process for designing, building and commissioning a restaurant including space allocation, work and product flow, facilities engineering, equipment selection and energy practices. The student will also be able to utilize practices and policies from other courses which will assist the student in the preparation of menus and the design of a foodservice operation.

CAI 214  Advanced Table Service III  2 CR
The student will gain knowledge of the overall operation of a restaurant, including the training of various techniques and styles of service. Emphasis will be placed on the study of wines from various regions, and the art of pairing wine with food. Hands-on beverage service and mixology are practiced in the laboratory. French culinary terminology will be integrated.
Prerequisite: CAI 214

CAI 215  Externship II  1 CR
This is a course designed to provide the student with on-the-job food service experience. The course allows the student to gain supervised practical experience working in a variety of food service settings related to the student’s area of interest. Students must successfully complete 150 hours of practical experience in an approved food service establishment.
Prerequisite: CAI 125

CAI 216  Restaurant Operations Management I (See HMT 116 Restaurant Operations Management I)  3 CR
The student will gain knowledge of the overall operation and management of a restaurant, including employee training and the organizational structure of the service staff. Emphasis will be placed on strategies of servicing food, wines, and beverages. This course will include management's perspective on meeting customer expectations and the importance of the interaction with guests. This course will also cover a financial overview of the industry, the major factors affecting the growth of the business, food merchandising, promotion, and sales. Students will learn the crucial elements involved in the successful operation of a restaurant.
Prerequisite: CAI 114

CAI 217  Advanced Kitchen - International  2 CR
Students will become familiar with the characteristics of various national cuisines, as well as the global interaction of cooking techniques, equipment, and ingredients affecting the modern professional kitchen. Students will prepare a variety of international soups, sauces, vegetables, stashes, and entrees from various regions around the world, as well as gain an understanding of dietary guidelines and dining habits of numerous regions of the world. Prerequisite: CAI 127

CAI 218  Intermediate Garde Manger  2 CR
An introduction to the preparation of vegetable and fruit carvings, ice sculpturing, aspics, chaud-froid, and timbales through lectures, demonstrations, and hands-on experience. Emphasis will be placed on the proper techniques of garde manger preparations, terminology, departmental structure and design, and the use of various equipment and tools. Students are also introduced to the preparation of marinades, mousses, pickling, canning, pates, forcemeats, galantines, sausages, and charcuterie. The techniques, terminology, planning, and design of buffets are also learned and practiced.
Prerequisite: CAI 128

CAI 219  Advanced Bakeshop III  2 CR
Students are introduced to advanced pastries, classical desserts, and cake decorations. They will learn various mixing methods, the preparation of mousses, and advanced piping techniques with an overall emphasis on plate presentation.
Prerequisite: CAI 129
CAI 223  Food, Beverage, and Labor
Cost Control  3 CR
This course is designed to familiarize the student with the methods, tools, and procedures used to control food, beverage, and labor costs in a food service organization. Emphasis is placed on each step in the flow of costs: purchasing, receiving, storage, issuing, preparation, portioning, service, and accounting for sales. Labor costs as they relate to the operation are discussed. Active problem-solving and practical applications are used in class. Basic computer applications of cost-control systems will be introduced. Applied problems in the hospitality industry will also be included.

CAI 224  Advanced Table Service IV  2 CR
This course examines the techniques, methodologies, and procedures involved in the successful operation of a restaurant. Students will develop skills in the tableside preparation and service of appetizers, entrées, salads, and desserts. This course will include the perspective on meeting customer expectations, and the importance of the interaction with guests. The student will gain practical knowledge of structuring a banquet, and the ability to design and coordinate a buffet. French culinary terminology will be emphasized.
Prerequisite: CAI 214

CAI 225  Externship III  2 CR
This is a course designed to provide the student with on-the-job food service experience. The course allows the student to gain supervised practical experience working in a variety of food service settings related to the student’s area of interest. Students must successfully complete 300 hours of practical experience in an approved food-service establishment.
Prerequisite: CAI 215 or HMT 121

CAI 227  Advanced Kitchen - Classical  2 CR
Students will gain an understanding of the historical importance and effect of classical French cuisine on cooking in the 21st century. Emphasis will be placed on the preparation of classical soups, sauces, vegetables, starches, and entrées. In addition, students will examine contemporary interpretations of traditional dishes and how variations can be introduced and executed in kitchens across each segment of the food-service industry.
Prerequisite: CAI 217

CAI 228  Advanced Garde Manger  2 CR
This course is structured to provide the student with theoretical and practical experiences in advanced garde manger. Students will also be introduced to salt sculpturing, cold sauces and dressings, curing and smoking of foods, sushi and sashimi preparations, international appetizers and hors d’oeuvres, and cheese identification and presentation. Emphasis will be placed on the planning, preparation, design, and setup of cold food preparations for a buffet. They will also be introduced to tallow and shortening sculpturing, platter garnishes, and decorative show platters. Lectures will include off-premise catering, food show rules and regulations, food presentation, and platter arrangement.
Prerequisite: CAI 218

CAI 229  Advanced Bakeshop IV - Classical  2 CR
Students will be introduced to classical showpiece mediums, such as nougat, pastillage, chocolate work, and advanced cake preparations. The course will focus on the various techniques needed to produce these mediums, along with learning how to prepare a classical dessert buffet.
Prerequisite: CAI 219

CAI 230  Advanced Bakeshop V - Classical  2 CR
Prerequisite: CAI 229
This course will focus on the various techniques needed to produce these mediums, along with learning how to prepare a classical dessert buffet. The emphasis will be placed on the use of timeless fillings and icings such as ganache and Bavarian cream, as well as the production of classical desserts such as Linzer Torte, Sachertorte, and Gateau St. Honore. The ever popular cupcake will also be produced showing its versatility in today’s market.

BAKING AND PASTRY – CULINARY ARTS

CBP 120  Intro to Professional Baking  3 CR
This course introduces the basic principles and techniques used in bread baking and pastry arts. It covers: Product identification, proper use of equipment, measurements, baking terminology along with food costing and storeroom procedures, and demonstrations of mixing methods for yeast raised breads, cakes, custards, chocolate, sugar and creams are included. Prerequisites: CAI 113, CAI 114, CAI 117, CAI 118, CAI 119

CBP 121  Basic Bench Work  2 CR
Emphasis will be on various bread mixing methods and their characteristics. Students will learn the relationship between mixing and fermentation. The understanding of gluten and its importance in the bakeshop will be a key component to the lab. Lean and rich doughs will be produced using hands-on techniques. Also the craft of artisan breads will be taught using a diversity of pre-ferments and sponges showing their advantages and disadvantages.
Pre-requisite: CAI 119
Co-requisite: CBP 120

CBP 122  Quick Breads, Pies and Pastries  2 CR
Students will create a variety of dough, including pate sucree, pate brisee, pie dough, and quick breads using professional methods learned through lecture, demonstration, and hands-on practice. In addition, American and classic pastries will be produced applying basic dessert presentation and its complementary sauces.
Prerequisite: CBP 121
Co-requisite: CBP 120

CBP 124  Tarts, Tortes and Gateaux  2 CR
Students will utilize cake mixing methods to create traditional and non-traditional desserts. The use of timeless fillings and icings such as ganache and Bavarian cream will culminate with the student creating classical desserts such as Linzer Torte, Sachertorte, and Gateau St. Honore. The ever popular cupcake will also be produced showing its versatility in today’s market.
Prerequisite: CAI 129 & CBP 122; Co-requisite: CBP 120

CBP 211  Meringues, Soufflés and Frozen Desserts  2 CR
Students will learn how to work with an ice cream machine to create basic frozen desserts, such as sorbets, sherbets, ice creams, and Italian icings. Techniques to produce meringues and their various applications will be taught. An introduction of hot and cold soufflés completes the course.
Prerequisite: CBP 124

CBP 212  Desserts for Restaurants and In-Store Retail  2 CR
This class is designed for students to have an understanding of a different career option available in the pastry arts. The class is divided into two distinct styles of desserts. The first half of the class will be devoted to learning restaurant and café style pastries along with the art of plating. The second half of the class will cover the mass production aspect of the pastry industry. The focus will be on in-store retail/bakery style desserts using pre-mixes.
Prerequisite: CBP 211

CBP 220  Petits Fours, Mignardise and Candies  2 CR
The art of working with chocolate, candy making, and petits fours is the emphasis of this class. Students will learn chocolate tempering, and will be able to apply it to create a wide variety of truffles, molded candies, and decorations. Students will produce popular candies using knowledge gained in Introduction to Professional Baking. Also the production of mignardise, petits fours, such as sec and glace, will be covered.
Prerequisite: CBP 212

CBP 221  Meringues, Soufflés and Frozen Desserts  2 CR
Students will learn how to work with an ice cream machine to create basic frozen desserts, such as sorbets, sherbets, ice creams, and Italian icings. Techniques to produce meringues and their various applications will be taught. An introduction of hot and cold soufflés completes the course.
Prerequisite: CBP 124

CBP 222  Desserts for Restaurants and In-Store Retail  2 CR
This class is designed for students to have an understanding of a different career option available in the pastry arts. The class is divided into two distinct styles of desserts. The first half of the class will be devoted to learning restaurant and café style pastries along with the art of plating. The second half of the course will cover the mass production aspect of the pastry industry. The focus will be on in-store retail/bakery style desserts using pre-mixes.
Prerequisite: CBP 211

CBP 220  Petits Fours, Mignardise and Candies  2 CR
The art of working with chocolate, candy making, and petits fours is the emphasis of this class. Students will learn chocolate tempering, and will be able to apply it to create a wide variety of truffles, molded candies, and decorations. Students will produce popular candies using knowledge gained in Introduction to Professional Baking. Also the production of mignardise, petits fours, such as sec and glace, will be covered.
Prerequisite: CBP 212

CBP 220  Petits Fours, Mignardise and Candies  2 CR
The art of working with chocolate, candy making, and petits fours is the emphasis of this class. Students will learn chocolate tempering, and will be able to apply it to create a wide variety of truffles, molded candies, and decorations. Students will produce popular candies using knowledge gained in Introduction to Professional Baking. Also the production of mignardise, petits fours, such as sec and glace, will be covered.
Prerequisite: CBP 212
**CDI 100  Infant/Toddler CDA Workshop I  4 CR**  
This course introduces students to the Child Development Associate Credentialing process, and provides comprehensive instruction in early childhood education/child development. Students will begin development of a professional resource file and practice strategies for observing and recording children's behavior. At the conclusion, students will have satisfied 60 hours of the 120 hours of formal training required by the CDA National Credentialing Program. Students are expected to be employed, or to volunteer, either full or part-time, in an Early Head Start program or a child care center, with children between the ages of birth through 36 months. The course may be applied to the Early Childhood Education programs as a substitute for ECE 201, Introduction to Early Childhood Education.

**CDI 110  Infant/Toddler CDA Workshop II  4 CR**  
This course helps students expand their knowledge of the Child Development Associate credentialing process, and provides comprehensive instruction in early childhood education/child development. Students will develop skills in planning curriculum for infants and toddlers and complete their professional resource file. The course offers 60 contact hours of formal training. Combined with CDI 100, Infant/Toddler CDA Workshop I, students will satisfy the 120 contact hours of formal training, as required by the CDA National Credentialing System. Students are expected to be employed, or to volunteer, either full or part-time, in a child care center, preschool or pre-kindergarten program, with children between the ages of 3 and 5. The course may be applied to the Early Childhood Education programs as a substitute for ECE 230, Infant/Toddler Curriculum.

**CDI 120  Field Experience in Infant/Toddler Setting  3 CR**  
Students will be expected to self-place in a licensed Infant/Toddler center, an Early Head Start program, or may be observed in their place of employment. All students will meet once a week for 50 minutes of class time, as well. These 120 hours may be applied to the 480 hours necessary to apply for the Infant/Toddler CDA Credential.

**CDP 100  Preschool CDA Workshop I  4 CR**  
This course introduces students to the Child Development Associate Credentialing process, and provides comprehensive instruction in early childhood education/child development. Students will begin development of a professional resource file and practice strategies for observing and recording children's behavior. At the conclusion, students will have satisfied 60 hours of the 120 hours of formal training required by the CDA National Credentialing Program. Students are expected to be employed, or to volunteer, either full or part-time, in a child care center, preschool, or pre-kindergarten program with children between the ages of 3 and 5. The course may be applied to the Early Childhood Education programs as a substitute for ECE 201, Introduction to Early Childhood Education.

**CDP 110  Preschool CDA Workshop II  4 CR**  
This course helps students expand their knowledge of the Child Development Associate credentialing process, and provides comprehensive instruction in early childhood education/child development. Students will develop skills in planning curriculum for preschoolers and complete their professional resource file. The course offers 60 contact hours of formal training. Combined with CDP 100, Preschool CDA Workshop I, students will satisfy the 120 contact hours of formal training, as required by the CDA National Credentialing System. Students are expected to be employed, or to volunteer, either full- or part-time, in a child care center, preschool or pre-kindergarten program, with children between the ages of 3 and 5. The course may be applied to the Early Childhood Education programs as a substitute for ECE 211, Early Childhood Curriculum.

**CDP 120  Field Experience in a Preschool Setting  3 CR**  
Students will be expected to self-place in a licensed preschool center, a Head Start program, or may be observed in their place of employment. All students will meet once a week for 50 minutes of class time, as well. These 120 hours may be applied to the 480 hours necessary to apply for the Preschool CDA Credential.

**NUTR 1100  Food Service Management  5 CR**  
Food Service Management will introduce meal service systems for health care environments. The course will discuss service and delivery systems, menus and selections, forecasting, purchasing, receiving and storage, food production, employee safety, tools of management, human resource management, and governmental legislation and regulations, productivity, and budgets.

**NUTR 1109  Sanitation and Food Safety  3 CR**  
Sanitation and Food Safety is designed to enhance the student's ability to learn and retain comprehensive food safety knowledge on all aspects of handling food; from receiving and storing to preparing and serving. Specific focus will be given to providing safe food in the micro-world, the flow of food through the operation, clean and sanitary facilities & equipment, and sanitation management. Sanitation and Food Safety clinical practicum is designed to enhance the student's ability to learn and retain comprehensive food safety knowledge on all aspects of handling food; from receiving and storing to preparing and serving. Students will understand through hands on experience how to provide safe food in the micro-world, the flow of food through the operation, clean and sanitary facilities & equipment, and sanitation management.
ECE 100 Child Development Associate (CDA) Workshop I 4 CR
This course introduces students to the Child Development Associate Credentialing process, and provides comprehensive instruction in early childhood education/child development. Students will begin development of a professional resource file and practice strategies for observing and recording children’s behavior. At the conclusion, students will have satisfied 60 hours of the 120 hours of formal training required by the CDA National Credentialing Program. Students are expected to be employed, or to volunteer, either full or part-time, in a child care center, preschool, or pre-kindergarten program. The course is required for the Child Care Certificate and can be applied to the A.A.S. degree in early childhood education as a substitute for ECE 201, Introduction to Early Childhood Education.

ECE 110 Child Development Associate (CDA) Workshop II 4 CR
This course helps students expand their knowledge of the Child Development Associate credentialing process, and provides comprehensive instruction in early childhood education/child development. Students will develop skills in planning curriculum for preschoolers and complete their professional resource file. The course offers 60 contact hours of formal training. Combined with ECE 100, CDA Workshop I, students will satisfy the 120 contact hours of formal training, as required by the CDA National Credentialing System. Students are expected to be employed, or to volunteer, either full- or part-time, in a child care center, preschool, or pre-kindergarten program. This course is required for the Child Care Certificate and can be applied to the A.A.S. degree in Early Childhood Education as a substitute for ECE 211, Early Childhood Curriculum.

ECE 201 Introduction to Early Childhood Education 3 CR
An introduction to the field of early childhood care and education, core knowledge is introduced in the areas of child development theory, a healthy, safe environment, developmentally-appropriate curriculum, child guidance, family relationships, cultural, and individual diversity and professionalism. Students will understand the importance of early childhood education as part of the whole educational process. Pre- or Co-requisite: ENG 101
(This course meets one of the required components of the New Jersey Infant/Toddler Credential)

ECE 211 Early Childhood Curriculum 3 CR
In this course, students extend their understanding of early childhood education. Emphasis will be on planning programs and activities that are developmentally-appropriate for children ages birth through eight. To help in understanding and meeting the needs of different age groups, developmental characteristics for each age group will be related to planning, curriculum, and general expectations. Students will develop themes and lesson plans, construct learning materials, and collect ideas for interest areas and activities.
Prerequisite: ECE 201

ECE 212 Creative Experience 3 CR
Students will develop curricula based on a few important principles. The approach is a practical one, with opportunity to gather a wide repertoire of ideas, as students experience creative and cooperative learning practices. Field trips to museums and places of interest are required.
Prerequisite: ECE 201

ECE 213 Guiding the Young Child’s Behavior 3 CR
Students will acquire knowledge, skills, and dispositions in using individual and group guidance and problem-solving techniques to develop positive and supportive relationships with children. Methods will be practiced in promoting positive strategies of conflict resolution, and in developing personal self-control, self-motivation, and positive self-esteem for the child, ages birth to eight.
Prerequisite: ECE 201 or EDU 211 for all AA Education programs; ECE 110 for Child Care Certificate

ECE 214 Emerging Literacy 3 CR
Students will learn how children acquire communication skills, and how teachers can strengthen children’s natural explorations of speaking, listening, writing, and reading. Whole language, the natural approach, and emerging literacy will be presented. The goal is for students to understand their role in helping children to become readers.
Prerequisite: ECE 201

ECE 215 The Anti-Bias Curriculum 3 CR
Course materials and class activities will provide a means for students to develop an appreciation for diversity. Attitudes will be examined, along with the development of knowledge of culture, gender, social class awareness, and physical differences. Strategies for valuing children will prepare future teachers for teaching with dignity in a diverse world. Students will practice, via class discussion, role play, and other process-oriented techniques, the infusion of an anti-biased perspective in all curriculum areas.
Prerequisite: ENG 101
ECONOMICS

ECO 201 Principles of Macroeconomics 3 CR
This course introduces students to the basic structure, terminology, and scope of macroeconomics. Topics include a definition of economics; supply, demand, and the resulting macroeconomic problems; national income accounting; determination of output and employment levels; savings and investments; inflation and unemployment; money and banking; and fiscal and monetary policy.
Prerequisite: Exit CPT in Basic Math and Algebra

ECO 202 Principles of Microeconomics 3 CR
This course is a continuation of ECO 201. It covers market structures; theory of consumer behavior; supply, demand and elasticity; costs of production; price and output determination; current economic problems; and international economics.
Prerequisite: ECO 201

EDUCATION

EDU 211 Foundations of American Education 3 CR
Based on the current ideas about teaching in America today, this course is a practical introduction to the teaching profession. It explores the knowledge, attitudes, behaviors, and skills of good teachers and provides a realistic foundation for understanding the field of education and teaching as a profession. Students build a foundation of self-knowledge, knowledge of education as an institution and as a career, knowledge of teaching competencies, and of issues in education. Students are required to spend a minimum of 12 hours in an elementary or secondary school classroom observing and recording child behaviors.
Prerequisite: ENG 101
Co-requisite: ENG 102

ELECTRONICS ENGINEERING TECHNOLOGY

EET 111 Electric Circuits I 4 CR
An integrated study of AC and DC circuits in which the sinusoidal system is introduced early in the course. The course covers the concepts of Ohm’s Law, Kirchhoff’s Laws, and DC circuits such as series circuits, parallel circuits, and series-parallel circuits. The study of capacitors and inductors serves as an introduction to the sinusoidal system and the behavior of R, L, and C in such a system. The laboratory component includes the use of test instruments in experiments dealing with Ohm’s Law, series circuits, parallel circuits, and series-parallel circuits, followed by a study of internal resistance and loading. The final experiment supplies facility in the applications of the oscilloscope.
3 hours lecture/3 hours lab.
Pre-requisite: MAT 100 or 106

EDU 211 Electric Circuits II 4 CR
Continuation of the integrated approach of Electric Circuits I. Concepts are extended to the analysis of AC systems power transformers, network theorems, network analysis, resonance, and filters. The associated laboratory supplements the course and introduces the use of additional test instruments as signal generators, frequency counters, and AC measuring instruments. The experiments cover Thevenin’s Theorem, RC transients, Lissajous figures for phase shift measurement, AC series circuits, AC parallel circuits, and series and parallel resonance.
3 hours lecture/3 hours lab
Prerequisite: EET 111
Co-requisite: MAT 107

EET 212 Active Electronic Devices 4 CR
Introduces solid state devices. Emphasis on device terminal characteristics and models. The course includes the PN junction transistor characteristics, BJT biasing techniques, BJT models, BJT small signal amplifiers, junction field effect (JFET), and metal oxide silicon-field effect (MOSFET) transistor characteristics. Experiments cover semiconductor diode circuits, half-wave rectifiers, full-wave characteristics, common emitter transistor characteristics, and the parameters and components of a transistor amplifier circuit.
3 hours lecture/3 hours lab.
Co-requisite: EET 211

EET 214 Active Circuit Analysis and Design 4 CR
Continuation of EET 212, Active Electronics Devices. Bipolar junction transistor (BJT) small signal multistage amplifiers, decibels, and power amplifiers are studied. Junction field effect and metal-oxide-silicon field effect transistor biasing, and small-signal operations are covered. Consideration will be given to the frequency response characteristics of BJT and JFET circuits. The experiments study the performance of small-signal amplifiers, connected in the common-emitter mode, the emitter-follower mode, and the common-base mode, followed by an analysis of cas-
EET 229  Microprocessors/Microcomputer System Design  4 CR

This course involves the student in practical aspects of electronic fabrication from proposal preparation to printed circuit board assembly and test. Application of electronic schematics, parts lists, layouts, and artwork enables the students to produce similar documentation for a personal project that he/she will select as part of the course requirement. Heavy emphasis on parts selection and procurement, breadboarding, printed circuit board fabrication, assembly, soldering techniques and heat sinking are provided in this laboratory-based course.

1 hour lecture/3 hours lab.
Prerequisites: EET 214 and EET 216
Co-requisite: EET 222

EET 228  Electronics Project Laboratory  2 CR

This course involves the student in the practical aspects of electronic fabrication from proposal preparation to printed circuit board assembly and test. Application of electronic schematics, parts lists, layouts, and artwork enables the students to produce similar documentation for a personal project that he/she will select as part of the course requirement. Heavy emphasis on parts selection and procurement, breadboarding, printed circuit board fabrication, assembly, soldering techniques and heat sinking are provided in this laboratory-based course.

1 hour lecture/3 hours lab.
Prerequisites: EET 212

EET 223  Integrated Circuits in Digital Systems  4 CR

An introduction to the characterization and operation of integrated circuits in digital systems. A description of the various families of digital integrated circuits are given, including T-FL, ECL, and CMOS. Emphasis is on the operation and applications of TTL digital IC’s such as the 7400 family of chips. Basic digital blocks such as the AND, OR, and NOR gates are first studied, followed by the combinational and sequential IC systems, which are commercially available. These include the hex inverter, NAND/NOR gates, BCD to decimal decoder, exclusive OR, AND-ORINVERT gate, full adder flip-flops, and emory. Also, counters shift registers and A/D-D/A conversion are discussed. The laboratory component of the course permits the student to properly breadboard, test, and evaluate digital integrated circuits and to observe and verify the applications of these systems by performing experiments in IC logic elements, combinational logic analysis and implementation, decoders, data selectors and data distributors, counter analysis, counters and registers, and troubleshooting. 3 hours lecture/3 hours lab.

Co-requisite: EET 212

EGS 230  Statics and Dynamics  4 CR

This course is an extension of engineering physics courses on mechanics. Topics covered include the equilibrium of particle and rigid body systems subject to concentrated and distributed forces, the motion of particles and rigid bodies, the relation of motion of particles to various force distributions and torques, work energy relations, impulse momentum relations, and conservation principles.

Prerequisites: PHY 111 and MAT 112
**ENGLISH**

**ENG 070 Fundamentals of Basic Writing 3 CR**
This course is designed for students who need to develop introductory writing skills before attempting college-level coursework. Students are guided through the process of writing by engaging in activities such as pre-writing, editing, and revising. They review essential grammar and paragraph structure. Offered in conjunction with RDG 070, Fundamentals of Basic Reading and RDG 074, Introduction to Analytical and Critical Reading.

**ENG 071 Basic Writing I 3 CR**
This course is designed for students who need to develop writing skills before attempting college-level coursework. Students are guided through the writing process and practice such pre-writing activities as freewriting, brainstorming, and outlining. They learn the principles of paragraph structure and development strategies for editing, and review essential grammar. Offered in conjunction with RDG 071, Basic Reading I and RDG 075, Developing Analytical Thought I.

**ENG 072 Basic Writing II 3 CR**
This course is designed for students who need to develop writing skills before attempting a full college-level schedule. Students are guided through the writing process and practice such pre-writing activities as freewriting, brainstorming, and outlining. They learn the principles of paragraph structure and development, strategies for editing, and review essential grammar. In addition, they learn the principles of developing and organizing longer essays. Offered in conjunction with RDG 072, Basic Reading II.

**ENG 073 Basic Writing III 3 CR**
This course is designed for students who need preparatory work in writing before attempting a full college-level program. Students practice developing and organizing essays in response to a series of challenging readings. Grammar is reviewed on an individual basis as needed. Offered in conjunction with RDG 073, Basic Reading III.

**ENG 091 English Foundations 3 CR**
Includes a review of the principles of paragraph structure, essay writing, and basic grammar. The course is offered for students who score 4 on the HCCC Writing Placement Test and 83 on the HCCC Reading Placement Test.

**ENG 096 College Composition Workshop 1 CR**
This workshop, required of ENG 101 students whose writing sample score is less than 7, provides instruction in essay revision. Students use word processors to facilitate revisions; instructors meet with students as essays are revised both at the terminals and at the conference desk. Co-requisite: ENG 101

**ENG 097 Composition Workshop for English Language Learners 1 CR**
This workshop is required of ENG 101 students whose Writing Sample score is less than 7 and who are enrolled in dedicated sections of College Composition I for former ESL students. The course provides guided practice in writing, revising, and editing while offering additional instruction in two areas where proficiency is needed for communicative competence, but where non-native speakers’ less extensive knowledge puts them at a disadvantage: grammar and culture. Students use a word processor to write and revise paragraphs and short essays. Co-requisite: ENG 101

**ENG 101 College Composition I 3 CR**
This course offers instruction in essay writing. While some attention is given to common grammatical problems, the course focuses primarily on the writing process. Students are taught pre-writing, composing, and editing techniques through practical demonstrations, in-class exercises, and analysis of readings in expository prose.

**ENG 102 College Composition II 3 CR**
This course is a continuation of College Composition I. It provides instruction in writing essays, with a special focus on argumentation and research. Required readings survey a range of current social and political issues. The course culminates in a research paper based on library research. Prerequisite: ENG 101

**ENG 103 Technical Report Writing 3 CR**
This is a writing course that prepares students for the many technical writing tasks they will encounter in the workplace. It provides thorough coverage of the basic skills and common techniques of technical writing. Students will use a wide range of examples and model documents to help them develop the skills necessary to produce clear and effective reports. Prerequisite: ENG 101

**ENG 112 Speech 3 CR**
This course teaches the oral communication skills students need in order to accomplish their college and career goals. All students address the class in talks designed to inform, persuade, and instruct. They also explore interviewing strategies; giving and using feedback; group discussion rules and roles; and the impact of culture, gender, and politics on communication. Students submit weekly logs chronicling their responses to readings and films as well as their own selected speaking/listening experience.

**ENG 113 Introduction to Journalism 3 CR**
This course is designed for students interested in learning the art and science of journalism, including how to write a feature, conduct an interview, and edit columns. It covers fundamental concepts and techniques that are common to all the media, with practical experience in those techniques: analysis of what is produced in the media; techniques that are specific to print, radio or television news reporting; with experience in producing material in the three media; and some of the professional issues, standards, and traditions that inform journalism as a career. Further, it introduces electronic resources that are now part of everyday life for a journalist. Prerequisite: ENG 101

**ENG 210 Creative Writing 3 CR**
Students will develop their skills as fiction, poetry, and drama writers. They work at conceptualizing, composing, revising, and editing their work. They keep a writer’s journal, discuss assigned readings, and meet for individual conferences with the instructor. Key goals are to increase students’ awareness of the possibilities of expressive writing forms, styles, and themes, and also to increase awareness of the creative process in its many variations. Prerequisite: ENG 101

**ENG 211 Business Communications 3 CR**
This course offers instruction in the techniques of effective business communication. Students practice formats and rhetorical strategies required in the business environment, including common types of letters, memoranda, and reports. Organization, tone, and diction are stressed, as are grammar, punctuation, and spelling. Prerequisite: ENG 101
ENG 215  Memoir and Creative Non-Fiction  3 CR
In Memoir and Creative Non-Fiction, students read diverse selections of non-fiction, create their own personal essays, and develop in-depth memoirs. Students develop and submit portfolios at mid-semester and end-of-semester.
Prerequisite: ENG 101

ENVIRONMENTAL STUDIES

ENV 103  Sustainability & Conservation  3 CR
This course explores the origins and evolution of the discourse surrounding the idea of sustainable development, as it applies to global and local processes and practices. Students will focus on concerns with synthesizing across ecological, economic and social domains in a way that takes account of the long-term consequences of present-day actions. Students will engage with issues such as population growth dynamics, energy and resource use, pollution, climate change mitigation and adaptation, food and nutrition, health and sanitation, water, social justice and equality, and poverty reduction. Students will develop a sound understanding of the use of sustainability indicators and quality-of-life metrics, and will understand the ways in which these can be applied to help guide the practices of sustainability and conservation across domains as diverse as business management, urban planning and community development.

ENV 105  Weather & Climate  3 CR
This course is designed for both students majoring in Environmental Studies and also for non-Science majors who are interested in learning the fundamental weather and climate principals and will focus on the atmosphere as an important part of our environment. The topics will include the composition and general structure of the atmosphere, energy balance and energy exchange, atmospheric moisture and cloud formation, atmospheric pressure and wind, as well as general, regional and local circulations, cyclonic and several storms, climate classification and climate change and environmental issues relating to weather and climate.

ENV 110  Introduction to Environmental Studies  3 CR
Introduction to Environmental Studies focuses on various aspects of biology, chemistry, geology, physics, and social science and their interplay in shaping and influencing the environment. In this course students learn about climate change, ecology, air and water pollution, human population, and renewable and non-renewable sources for power generation, sustainable agriculture, formation and preservation of soil, and genetically modified food.
Prerequisite: ENG 101

ENV 201  The Urban Environment  3 CR
This course explores the social, cultural, and technological forces that shape our contemporary cities. Students will understand the policies and preferences that gave rise to urban, suburban and exurban ecologies, and the ways in which these places might be made more sustainable. Using examples from around the world, the course exposes students to exemplars of place-based sustainability—from the level of the dwelling through the neighborhood, and on to the metropolitan agglomeration. The course exposes students to urban ecology as a way of re-integrating nature into our cities, exploring concepts such as urban heat island mitigation and green infrastructure—rain gardens, green roofs, permeable pavements and Low Impact Development—as well as urban agriculture, community gardens, urban parks, and Brownfield remediation.

ENV 203  Environmental Sociology  3 CR
This course focuses on the interactions between the natural environment, social organizations, and social behavior, with studies of the social factors that cause environmental problems, the societal impacts of those problems, and societal efforts to solve these problems. The course explores issues of science and technology, popular culture, economics, urbanization, racial and gender relations, as well as social movements. This course develops a broad understanding of society and environmental issues.
Prerequisite: ENG 101

ENV 205  Environmental Public Policy  3 CR
This course begins with an overview of present environmental policies as expressed in State and Federal legislation, and proceeds with an examination of both the process and substance of environmental policy. The history of the modern environmental movement and the impact it continues to have on public policy are explored. Topics include: environmental policy formation and implementation; influences of public interest groups, industry, the courts, and the media; issues concerning solid waste management, catastrophic events, and global climate change. The course explores as well the significance of the National Environmental Policy Act, the Endangered Species Act, the Clean Water Act, the Clean Air Act and Right-to-Know laws. Students are expected to participate in information gathering through active research from legislative histories, agency backgrounds, and, where appropriate, attending public hearings.
**ENGLISH AS A SECOND LANGUAGE**

**ESL 020**  
**Introduction to ESL Writing**  
3 CR  
Introduction to ESL Writing in conjunction with ESL 030 Introduction to Grammar for ESL Writing is designed for students whose placement scores indicate limited or no ability to write in English. Students begin by writing simple sentences about their own lives and experience. As they study vocabulary and the organization of writing in English, including concepts of main ideas and supporting details, they gradually move to writing multi-paragraph compositions using the structures and concepts they have studied.  
Co-requisite: ESL 030, Introduction to Grammar for ESL Writing

**ESL 021**  
**ESL Writing I**  
3 CR  
Introduces the beginning ESL student to writing in English using the process approach, and self- and peer-editing strategies. Fluency and correctness are developed through the application of basic grammatical structures taught in ESL 031.  
Co-requisite: ESL 031, Grammar for ESL Writing I

**ESL 022**  
**ESL Writing II**  
3 CR  
ESL Writing II builds upon the writing skills acquired in Level I. Using the process approach to writing, this course focuses on developing topic sentences and expanding compositions through the use of supporting ideas and details. Editing skills are developed through the application of grammatical structures taught in Grammar for ESL Writing II. Co-requisite: ESL 032, Grammar for ESL Writing II

**ESL 023**  
**ESL Writing III**  
3 CR  
ESL Writing III provides intensive writing practice for low-intermediate ESL students. Both the writing process and the development of a clearly-written product are addressed. The course introduces multi-paragraph essays and focuses on paragraph and essay development in a variety of rhetorical modes. Use of coherence markers, cohesive devices, and sentence variety is emphasized. Intermediate grammatical structures taught in Grammar for ESL Writing III are applied to writing using self- and peer-editing strategies.  
Co-requisite: ESL 033, Grammar for ESL Writing III

**ESL 024**  
**ESL Writing IV**  
3 CR  
ESL Writing IV builds upon the writing skills acquired in Level III. Using the process/product approach to writing, this course focuses on writing multi-paragraph essays. The thesis statement with appropriate topic sentences and supporting ideas and details is developed in a variety of rhetorical modes. Use of coherence markers, cohesive devices, and sentence variety is emphasized. Intermediate grammatical structures are introduced and practiced in class through speaking and writing. Additional basic structures such as adverbs, prepositions, and future forms are addressed in the context of writing. Students apply grammar concepts in writing activities using self- and peer-editing strategies.  
Co-requisite: ESL 022, ESL Writing II

**ESL 025**  
**ESL Writing V**  
3 CR  
ESL Writing V builds upon the writing skills acquired in Level IV. Introducing process and product approaches to writing, this course focuses on writing multi-paragraph essays. Editing skills to improve accuracy are developed through the application of grammatical structures reviewed and practiced in Editing for ESL Writing V. The thesis statement, appropriate topic sentences, and supporting ideas and details are developed in a variety of rhetorical modes.  
Co-requisite: ESL 035, Editing for ESL Writing V

**ESL 030**  
**Introduction to Grammar for ESL Writing**  
3 CR  
Introduction to Grammar for ESL Writing combined with Introduction to ESL Writing supports and develops the ability of beginning writers to express themselves in English. It is designed for those students whose placement scores indicate limited or no knowledge of English. Basic grammatical structures are introduced and practiced in class through speaking and writing. Proficiency in grammar is defined as the ability to use the structures studied in the writing the students do.  
Co-requisite: ESL 020, Introduction to ESL Writing

**ESL 031**  
**Grammar for ESL Writing I**  
3 CR  
Introduces basic grammatical structures in the context of writing. Structures such as the present and simple past tense verb forms, subject-verb agreement, basic modifiers as well as word order are studied and applied in writing activities using peer- and self-editing strategies.  
Co-requisite: ESL 021, ESL Writing I

**ESL 032**  
**Grammar for ESL Writing II**  
3 CR  
Grammar for ESL Writing II develops usage of previously learned basic grammatical structures by focusing on word and tense choice in narrative and descriptive writing. Additional basic structures such as adverbs, prepositions, and future forms are addressed in the context of writing. Students apply grammar concepts in writing activities using self- and peer-editing strategies.  
Co-requisite: ESL 022, ESL Writing II

**ESL 033**  
**Grammar for ESL Writing III**  
3 CR  
Grammar for ESL Writing III continues study and application of grammatical structures in the context of writing. The course refines usage of previously-learned structures and introduces use of perfect tenses, comparatives and superlatives, and adjectival clauses. Students apply grammar concepts to writing activities using self- and peer-editing strategies.  
Co-requisite: ESL 023, ESL Writing III

**ESL 034**  
**Grammar for ESL Writing IV**  
3 CR  
Grammar for ESL Writing IV continues emphasis on structures acquired in previous levels and on self-editing strategies. More complex structures, such as the passive, noun clauses, unreal conditionals, and reported speech are introduced and incorporated in writing activities.  
Co-requisite: ESL 024, ESL Writing IV

**ESL 035**  
**Editing for ESL Writing V**  
3 CR  
Editing for ESL Writing V focuses on refining independent editing skills. The course continues emphasis on structures acquired in previous levels and on self-editing strategies. More complex structures, such as the passive, noun clauses, unreal conditionals, and reported speech which were introduced in the previous level, are practiced and incorporated in writing activities from ESL 025 (Writing V).  
Co-requisite: ESL 025, ESL Writing V

**ESL 040**  
**Introduction to ESL Reading**  
3 CR  
Introduction to ESL Reading – together with ESL 060, Introduction to ESL Academic Discussion – is designed for those students whose placement scores indicate limited ability to comprehend written English. Phonics and pronunciation, vocabulary, reading strategies, and skills such as comprehension, drawing inferences, identifying main ideas and supporting details are taught and practiced in the context of thematically related readings.  
Co-requisite: ESL 060: Introduction to ESL Academic Discussion

</table>
FILM

FLM 101 Introduction to Film 3 CR
This is a basic course in film history focusing on the technical and artistic evolution of the medium, including the basic vocabulary of the cinema. Students view films from a variety of periods and genres by influential directors and studios, considering the political and social impact as well as historic perspective.
Co-requisite: ENG 101

FLM 102 Latin American Literature in Film 3 CR
This course provides an introduction to the literature of Latin America through the examination of selected films. Major Latin American literary and historical periods are examined as represented within these films. Writing, in the form of reaction papers and a research paper, is an essential component of the class. The course is taught in English.
Co-requisite: ENG 101

FLM 103 Women in Film 3 CR
This course explores the roles played by women in the movies, past and present, both on screen and behind the camera. Students consider the history of female directors, producers, and screenwriters as well as actresses. Students also examine the ways the cinema has shaped the images of women in our society.
Prerequisite: ENG 101

GEOLOGY

GEO 111 Physical Geology 4 CR
This course introduces basic landforms and geological processes. Topics include an introduction to plate tectonics, rocks and minerals, volcanoes, weathering, geologic history, earthquakes, crustal deformation, mountain building, and formation of the continents. The concept of global plate tectonic will be a frame structure for discoveries through the course. Laboratory work includes minerals and rocks analysis, earthquakes, and review of the geologic calendar.
2 hours lecture and 2 hours lab
Pre-requisite: Exit Basic Math
Co-requisite: ENG 101

GEOGRAPHIC INFORMATION SCIENCE

GIS 104 Introduction to Geographic Information Systems 3 CR
This introductory course covers the evolution of maps and projections, as well as the modern uses of GIS and Remote Sensing (RS). This course explores various methods of capturing data for use in GIS, including digitizing from maps, digital photos, satellite imagery, and Global Positioning Systems (GPS). A NASA program used to simulate satellite movements is utilized in this course.
2 hours lecture/2 hours lab
Pre-Requisite: Exit all Basic Skills

GIS 105 Cartography and Visualization of Geospatial Data 3 CR
This course provides a comprehensive study of cartography related to Geographic Information Systems (GIS) including visualization of geospatial data, cartographic principles, data acquisition techniques, and methods of base map development. The course includes map projections, map scales, types of thematic maps, field mapping techniques including GPS, and map accuracy. Scanning, digitizing, and coordinate geometry techniques used in GIS base map development are introduced through hands-on exercises and computer-assisted mapping projects using ArcMap™ and ArcCatalog™.
2 hours lecture/2 hours lab
Prerequisites: Exit Basic English; MAT 100 or MAT 106 or higher

GIS 201 Surface Analysis 3 CR
Students will use the ArcGIS Spatial Analyst software extension to learn the five types of applications in Surface Analysis. Focus is placed on the various methods and uses of displaying continuous or grid data over a surface. Students map data that differs from one location to the next such as elevation, rainfall and temperature on the surface of the earth. Types of analysis include mapping distance, density, interpolation, surface analysis, and statistics.
2 hours lecture/2 hours lab
Prerequisite: GOS 104 or GIS 105

GIS 204 Advanced Applications in Geographic Information Systems 3 CR
In this advanced level Geographic Information Systems course, students learn techniques to display, manage, query, symbolize, and create geospatial data. Students gain experience with spatial analysis, network analysis, 3-D analysis, GIS modeling, geostatistics, and GPS. GPS units are used to collect, store, import, analyze, integrate, and communicate geographic information. Students plan and build an inventory of regional data to be used for analysis and gain knowledge of cartographic principles and practices used for designing maps.
2 hours lecture/2 hours lab
Prerequisite: GIS 104

GIS 205 Fundamentals of Remote Sensing 3 CR
This course provides an understanding of the principles of remote sensing, image processing, and their many applications. Students learn how to use satellite imagery and aerial photography to better understand Earth’s land, atmosphere, and oceanic processes. Emphasis is placed on how remote sensing applications are applied to issues related to geography, environmental science, climate change, and resource management.
2 hours lecture/2 hours lab
Prerequisite: GIS 104 or GIS 105

GIS 206 Three-Dimensional (GIS) Visualization 3 CR
Students study the local area as well as the world in three dimensions using two components of ArcGIS Three-Dimension (3D) Analyst: ArcScene and ArcGlobe. Students learn skills such as viewing and displaying data in ArcScene, how to acquire and process data from online resources, how to display non-elevation data in 3D, how to apply surface analysis to 3D, how to add raster and vector data to ArcGlobe, and how to animate and export projects.
2 hours lecture/2 hours lab
Prerequisite: GIS 104 or GIS 105
HISTORY

HIS 104  History of American Immigration and Ethnicity  3 CR
This course surveys the history of American immigration, both forced and voluntary, from colonial times to the present. Emphasis is placed on understanding how America changes immigrants and how immigrants have changed America. The course explores the formation of identity and values by different ethnic groups over time and the resultant tensions created within the common bonds of community. Prerequisite: ENG 101

HIS 105  U.S. History I  3 CR
This course examines the various social, cultural, economic, and political currents that led to the formation of the United States of America. The course considers the first Americans, the settlement of North America by Europeans, the American Revolution, Federalism and the Constitution, slavery, the Civil War, and other key issues and events in the American past from pre-Columbian times to 1877. Prerequisite: ENG 101

HIS 106  U.S. History II  3 CR
This course traces the course of American history over the last 110 years. Subjects to be considered include Reconstruction, the destruction of the Plains Indians, the peopling of America, ethnic and racial tension, the rise of America to a global power, the Great Depression, World War II, the Cold War, the Civil Rights Movement, the Sixties, and the recent past. Prerequisite: HIS 105

HIS 130  African-American History  3 CR
The historical experience of African-Americans has often underlined the shortcomings of American society: slavery, Civil War, racism, and Jim Crow laws. Yet, from Jamestown in 1619 to Anytown, USA today, African-Americans have helped build America, fought its wars, and, most importantly, helped to define our unique American identity. This is a story for all Americans. Prerequisite: ENG 101

HIS 131  Islamic and African History  3 CR
This course considers Africa and the Islamic Middle East by examining their often intersecting histories. Key issues include African kingship, the gold and slave trades, the rise and spread of Islam, the Ottoman Empire, European Imperialism, nationalism, and the challenges of the recent past. Prerequisite: ENG 101

HIS 132  Latin-American and Caribbean History  3 CR
This course surveys the broad sweep of Latin American history from the Mayan and Incan civilizations through the recent past. The volatility of the multicultural societies of these lands, spilling over into fractious violence and brilliant creativity, will be a recurrent theme. Prerequisite: ENG 101

HIS 137  Women in American History  3 CR
This course is designed as a survey course that examines the experiences of women in the United States. This course will focus on the history of women from pre-European contact to the present. Students will come to understand the role of women and their contributions by examining their written records from the past to the present. Prerequisite: ENG 101

HIS 210  History of Western Civilization I  3 CR
This course examines the history of Western Civilization from ancient times to about 1400. It covers the development of Greek, Roman, Medieval, and early modern civilizations including Africa and Asia. Topics include the first world religions, the first cities, the origins of democracy, and many other crucial beginnings. While the focus shifts from country to country, the subject always remains the same: the rise of the West from a global perspective. Prerequisite: ENG 101

HIS 211  History of Western Civilization II  3 CR
This course focuses on the principal political, economic, and social revolutions that have swept through Europe, Asia, and Africa over the past 300 years. Students will consider, for example, how the Scientific Revolution and the Enlightenment have shaped our modern world view and its impact on the continents of Asia and Africa. Other topics that will be considered include the impact of the French Revolution on modern politics, and the meaning of “Liberty, Brotherhood, and Equality.” The course will also cover the Industrial Revolution and its effect on the lives of ordinary men and women in Europe, Nationalism, Imperialism, and European expansion. Consideration will be given also to the horrors and accomplishments of the twentieth century on a global level. Prerequisite: HIS 210

HEALTH

HLT 103  Principles of First Aid  3 CR
This course combines lectures, demonstrations, and hands-on training and practice. Students will learn to recognize and respond to emergencies including shock, cardiac emergencies, poisonings and first aid assessments and interventions. A significant amount of the course involves demonstrations and practice labs. Prerequisite: Exit Basic English 2 hrs lecture/2 hrs lab

HLT 111  Health Care Delivery Systems  2 CR
This course is designed to introduce students to the health care delivery systems within the United States. There is an emphasis on the knowledge of the roles and interrelationships of the allied health care team. The development of medical specialties, the roles and skills of the practitioners who directly impact patient care, and professional, accrediting and licensing organizations are discussed. Professional attitudes, responsibilities, ethics, and standards are covered. An awareness is developed of the changing health care environment and its impact on both consumer and provider.

HLT 112  Pathophysiology  3 CR
Examines the concepts of both wellness and illness in terms of causation, prevention, diagnosis, treatment, and classification. Knowledge of anatomy and physiology and medical terminology is helpful for the successful completion of this course. Course may be offered only once during an academic year. Prerequisite: MDH 106 and Exit Basic English Co-requisite: MDH 224

HLT 115  Dynamics of Health Care in Society  3 CR
This course is an orientation to health care delivery from an interdisciplinary perspective, with a focus on process skills to include critical thinking, ethical reasoning, effective communication, and self-directed learning abilities. The professional competencies will be stressed as applied to general issues and topics common to all health care providers. Emphasis will be placed on the role of the allied health practitioner as both provider and consumer of health care services. Prerequisite: Exit Basic English
HMT 104 Culinary for Hospitality 3 CR
This course is designed for Hospitality Management students with emphasis on equipment, tools, and cooking methods used in the Culinary Arts. The student will develop an understanding of the “back of the house” operations and basic customer service from a management perspective.
2 hours lecture and 2 hours lab

HMT 106 Culture and Geography in Tourism 3 CR
This course is designed to provide students with the knowledge and skills necessary to work and travel in a global environment focusing on the interrelationships between geography, tourism, & culture. The course includes the cultural, recreational, and social significance of geography and regional economy to the traveler.
Co-requisite: ESL Writing Level III or Basic English II

HMT 110 Introduction to the Hospitality Industry 1 CR
This course is an introduction to the organization and structure of hospitality organizations from a management perspective. It is designed to provide the student with the basic understanding of the dimensions and scale of the hospitality industry, and identify many of the career opportunities available to them. Guest lecturers are utilized to provide a balance from the industry’s perspective.

HMT 111 Introduction to Entrepreneurship 3 CR
This course is designed to provide a foundation in entrepreneurship. The course will provide students with an understanding of the ongoing challenges for entrepreneurs in the key functional areas such as marketing, finance, and operations. Learning media, such as case studies and business plan templates, will be used to examine the opportunities that exist in new venture planning. Individual and organizational level issues will be addressed. Additionally, the course covers the legal and ethical implications that exist for entrepreneurial planning.
Prerequisite: Exit Basic Math and Basic English II

HMT 112 Introduction to Travel and Tourism 3 CR
This course will cover an overview of the travel & tourism industry, through its involvement of transient clientele. Students will learn about the dynamics of the industry and its many foreign and domestic elements. The course will include an overview of the history of travel, including the characteristics of the popular modes of travel. Favorable destinations and career opportunities that can service those destinations will be covered.
Co-requisite: HMT 110

HMT 115 The Urban Entrepreneur 3 CR
The urban approach to entrepreneurship will be discussed, emphasizing the successful use of interpersonal and presentation skills. This course is designed to assist students in identifying the environments within which urban entrepreneurs operate. While not only discussing the significant role that business owners play in urban communities, the course will also offer cross-functional solutions to business problems.
Prerequisite: Exit Basic English, HMT 111 or MAN 121

HMT 116 Restaurant Operations Management I (Formerly CAI 216) 3 CR
The student will gain knowledge of the overall operation and management of a restaurant, including employee training and the organizational structure of the service staff. Emphasis will be placed on strategies of servicing food, wines, and beverages. This course will include management’s perspective on meeting customer expectations and the importance of the interaction with guests. This course will also cover a financial overview of the industry, the major factors affecting the growth of the business, food merchandising, promotion, and sales. Students will learn the crucial elements involved in the successful operation of a restaurant.
Prerequisite: CAI 114

HMT 121 Hotel Practicum 2 CR
Students must successfully complete 300 hours of practical experience within the 15 weeks of the semester at an approved establishment. Practical experiences may include hotel front office, telecommunications, guest reception, cash handling and control, housekeeping, and convention sales and services. Assistance in finding appropriate placement is provided. The employers evaluate the student’s performance, and a coordinator monitors each student’s progress. Practicum sites must be approved prior to the beginning of the semester by the Coordinator or Executive Director.
Prerequisite: Completion of one semester.

HMT 122 Front Office Operations 3 CR
This course introduces the student to the overall operations of a hotel through the front office guest cycle. It features information on front office computer/technology, yield management, and reservation systems. Emphasis is on the front office responsibilities and the various tasks involved during a guest’s stay.

HMT 128 Event Planning in Travel & Tourism 3 CR
This course is designed to introduce students to the methods and techniques utilized in planning, organizing, and promoting events specific to the travel and tourism industry. The course will emphasize the planning...
process and students will develop the skills expected of meeting and event planners within travel tourism. Topics will include negotiations and contracts, site selection, and program development.
Pre-requisite: Exit all Basic Skills

HMT 202 Innovation, Creativity & Marketing 3 CR
This course is designed to explore various levels of creativity and innovation within companies. It will entail the use of non-conventional teaching methods, in addition to lecture and discussion. Modern and creative methods of solving problems and finding solutions will be covered. Variables that exist throughout the process of creating new ideas and concepts will be discussed in this course. Prerequisites: Exit Basic Algebra, HMT 111
Co-requisite: ENG 101

HMT 204 Fundamentals of Wine & Food 3 CR
This course will cover the basic knowledge of wine and food pairing. The student will review the categories of wine and how they may be used to make food combinations on menus and wine lists. This course will incorporate etiquette and protocol in business and social settings to include domestic and international common courtesies, greetings and introductions, communications, and dining etiquette. Pre-Requisite: HMT 104

HMT 206 Information Systems in Hospitality & Tourism 3 CR
This course introduces Hospitality Management students to the dynamic and critical field of technology within the hospitality and travel industry. Students learn the basics of purchasing, implementing, maintaining, and effectively managing today’s information systems in hospitality and travel.
Prerequisites: HMT 128, HMT 112 and CSC 100

HMT 209 Tour Marketing, Sales and Promotions 3 CR
This course introduces Hospitality Management students to the dynamic and diverse tourism industry. This course views the industry from a business perspective - examining the management, marketing, and finance issues most important to industry members. Students learn the basics of marketing, selling and promoting to the traveling public, how to connect with tourism service suppliers, and the steps to putting together a tour for a specific market segment. This course offers a view of today’s tourism industry that is as interesting and multi-faceted as the field itself.
Prerequisites: HMT 112 and HMT 128

HMT 210 Hospitality & Travel Law 3 CR
This course is designed to enable the students to identify and understand the principles of laws and their relevance to the hospitality industry. Students will obtain the legal knowledge needed to enhance the guest experience and to prevent hazards that could potentially lead to lawsuits.
Prerequisite: ENG 101

HMT 211 Special Events Practicum I 1 CR
This course involves a hands-on approach in the planning and execution of special events. The student will gain supervised practical experience working in a variety of catered functions. Students must complete a minimum of 150 hours of practical experience in this course.
Prerequisite: HMT 121 or permission of the practicum coordinator.

HMT 213 Principles of Hospitality Marketing 3 CR
The student will gain an understanding of the marketing function in the field of hospitality. Emphasis is placed on marketing, planning, generation and use of marketing information, segmentation, positioning, and the development and use of specific marketing tools. The course also covers areas such as menu design, advertising, sales and promotion, merchandising, personal selling, and the use of external advertising media.

HMT 214 Hotel Group & Convention Sales Management II 3 CR
This course introduces students to the related responsibilities involved in managing convention and group business. Convention sales, planning, post-convention evaluations, and marketing techniques used to promote ideas into the various market segments are discussed. The course is useful for both meeting planners and convention service managers.
Prerequisite: HMT 110

HMT 215 Housekeeping Management 3 CR
This course is an overview of all aspects of housekeeping management. It includes the phases of staffing, planning, and organizing the technical details of covering each area of a hotel. Topics covered also include laundry room management, inventory control, departmental operating budgeting, and risk and environmental management.

HMT 216 Restaurant Operations Management II 3 CR
The student will gain an in-depth knowledge of the overall operation and management of a restaurant. This course will also include the human resources aspect of restaurant operations to include employee training and the organizational structure of the service staff. Emphasis will also be placed on strategies of serving food, wines, and beverages. A financial overview of the industry will cover the financial analysis relative to operational costs and controlling variable expenses.
Prerequisite: HMT 116 (Formerly CAI 216)

HMT 217 Franchising 3 CR
This course is designed for Hospitality Management students with an emphasis on how franchising comprises a significant role in the distribution of goods and services, within the Hospitality Industry. Students will be able to differentiate between the characteristics of entrepreneurship and franchising. In addition, students will be exposed to specific criteria for franchise selection, through proper market analysis. Included within this course will be the legal responsibilities associated with operating a franchised location for the franchise.
Pre-requisites: HMT 115 & HMT 210 Co-requisite: ENG 101

HMT 221 Special Events Practicum II 1 CR
The course involves an in-depth approach toward the aspects of event planning and execution. Students will receive guidance in all phases of event management. The course includes advanced management concepts and applications. This course incorporates information learned from previous courses. Students must complete a minimum of 150 hours of practical experience in this course.
Prerequisite: HMT 211 or permission of the practicum coordinator.

HMT 226 Catering Management 3 CR
This course provides the student with theoretical and practical information specifically directed toward the management of catering-related businesses. Emphasis is placed on menu development, pricing and controls, and the marketing and overall management of a catering operation.
HUMANITIES

HUM 101  Cultures and Values  3 CR
Integrates materials from literature, the fine arts, the social sciences, and religion. Students learn about cultures and perspectives other than their own and write a series of essays examining value systems and cultural differences. Readings for the course are chosen from novels, short stories, plays, autobiographies, and ethnographic works.
Prerequisite: ENG 101

HUM 120  Introduction to Women’s Studies  3 CR
An introductory course in Women’s Studies that includes explanation of the origins of traditional male and female roles and the effects of these on work, family, sexuality and education.
Prerequisite: ENG 101

HUM 121  Seminar in Women’s Issues  3 CR
The Seminar on Women’s Issues examines the principles of feminist literary analysis, scholarship, and research through texts authored by women writers and through diverse theoretical writings on race, language, sexuality, creativity, class, and subordination which form the basis of feminist criticism. Within the theoretical context students will explore writings by women from diverse ethnic and cultural traditions on issues of current feminist scholarship.
Prerequisites: ENG 101 and HUM 120

HUM 128  Food & Culture  3 CR
This course examines the effect that food acquisition and production has had on the development of civilization. Topics include ancient to modern methods of food-gathering and preparation, as well as technological developments. These topics will be examined for their relationships to the anthropological and sociological evolutions as affected by the diets throughout the history of humanity. Different cultures will be explored in an effort to better understand their origins and how they evolved.
Prerequisite: ENG 101

HUMAN SERVICES

HUS 101  Introduction to Human Services  3 CR
This introductory course offers an overview of the human services profession. It emphasizes human needs and social problems; provides an historical perspective of the development of the profession; and introduces students to professional values, ethical behavior, theories, knowledge, and methods necessary for helping others.
Pre-requisite: ENG 101

HUS 121  Helping Strategies and Relationships  3 CR
Students deepen their understanding of professional values, strategies of intervention, and behavior necessary for helping others. Students learn problem-solving skills and participate in activities to increase self-understanding.
Prerequisite: HUS 101

HUS 200  Groupwork in Human Services  3 CR
Students experience group dynamics and interpersonal skills by observing and engaging in the process directly. They examine goal setting, decision-making, power and control, conflict resolution, and leadership. Students learn interpersonal skills of small group communication as they express and develop their own behavioral styles. Students learn about types of groups such as discussion groups, counseling groups, and team development.
Prerequisites: HUS 121, ENG 101, and ENG 112

HUS 210  Human Services and the Aged  3 CR
Students study the range of health care and social services as it applies to the aging population in the United States. Emphasis is on examining the aging process from the perspective of wellness. Students identify the appropriate range of human services specific to problems as they commonly appear in the elderly and impact on the family and other social environments.

HUS 221  Community Organization  3 CR
Students learn how human service professionals produce change in the communities in which they live, work, and participate in order to improve the quality of life and relationships among the members of those communities.
Prerequisite: HUS 121

HUS 230  Interviewing Techniques  3 CR
Examines the methods of data collection employed within a variety of social service agencies. Emphasis is placed on the helping interview, its elements, and characteristics. In addition, concepts of communication, interaction, the self, and interviewing skills will be examined and practiced.
Prerequisites: HUS 121, ENG 112

HUS 231  Service Learning in Human Services I  3 CR
Students are placed in a social service agency to perform tasks and engage in learning activities associated with acquiring professional standards, behaviors, and conduct. Under the supervision of a faculty member and a field supervisor, students are expected to fulfill these requirements eight hours per week for 15 consecutive weeks. In addition, students attend a weekly seminar to discuss their experiences and observations.
Prerequisite: HUS 121

HUS 241  Service Learning in Human Services II  3 CR
Students are placed in a second social service agency that extends and deepens HUS 231. The expectation in this course is the integration of knowledge and theory gained from the classroom throughout the human services sequence as it is applied in the field experience. The requirements are fulfilled on the basis of working eight hours per week for 15 consecutive weeks. In addition, students attend a weekly seminar to discuss their experiences. Students may remain in the same agency two terms with permission from the faculty member.
Prerequisite: HUS 231

INTERDISCIPLINARY COURSES

INTD 200  Death and the Human Experience  3 CR
This course examines the important place that death and dying hold in the human experience, and the many ways in which people come to terms with this essential aspect of living. Students will learn about the impact of history, culture, religion, and developmental status on understanding death and final rites and rituals. Contemporary ethical issues involved with death and technology will also be considered.

INTD 235  Exploring Multicultural Studies  3 CR
This course will explore the significance, purpose, and aim of multicultural studies in a diverse society. Relying on history, sociology, anthropology, political science, and education, students will focus on learning the content and meaning of multiculturalism in America. Students will be encouraged and required to participate in activities intended to deepen their understanding of diversity and then reflect on the ways in which this knowledge might inform multicultural studies in practice. Aspects of culture and identity that will be covered include race, socioeconomic class, religion, ethnicity, gender, and ability. Students will also be encouraged to consider the various approaches to multicultural studies and the schooling practices that result. Prerequisite: ENG 101
INTD 250  The Child, Family and Community  3 CR
This course examines the nature of the contemporary family and its relationship to the school, and provides practical advice for developing strong home-school relationships. Examples of building good home-school partnerships and fostering familial involvement in schools with examples of activities and strategies will be practiced. Students are required to spend a minimum of 12 hours in interviewing, observing and recording parent and child behaviors.
Co-requisite: ENG 101 (This course meets one of the required components of the New Jersey Infant/Toddler Credential.)

LITERATURE

LIT 201 Introduction to Literature  3 CR
This course aims at fostering appreciation for the language of literature, as well as for literature as an examination of human experience and values. Students read short stories, poetry, drama, and one or two novels. The readings for the course illustrate a variety of cultural perspectives. Students are required to write a series of interpretive essays.
Prerequisite: ENG 101

LIT 202 Survey of American Literature  3 CR
This course fosters appreciation for the forms and content of American literature as an imaginative exploration of the nation’s experience and values. It is a representative survey of American fictional and non-fictional prose and verse. Students read a variety of writers and genres from all periods of American literature, 1600 to the present. Students are required to write a series of interpretive essays.
Prerequisite: ENG 101

LIT 203 Caribbean Women Writers  3 CR
This course introduces students to the literature of Caribbean women. Readings highlight Caribbean women’s heroism, grassroots activism, courage, and struggles in their own words from their own perspectives. Through a variety of readings, students will gain knowledge and an understanding of the struggles, difficulties, and triumphs in the lives of Caribbean women.
Prerequisite: ENG 101

LIT 204 Introduction to the Short Story  3 CR
In this course students read, discuss, analyze, write about and experience the short story, in the process learning about the genre’s elements and its variety of forms. Students are exposed to a range of periods, regions, and sensibilities, and are made familiar with a variety of literary sub-genres and literary terminology.
Prerequisite: ENG 101

LIT 205 Introduction to Cultural Studies  3 CR
This course introduces students to the academic study of culture. Novels, songs, movies, and other cultural artifacts will be analyzed in the context of race, class, gender, ethnicity, etc. The students will read the writings of literary and cultural critics and learn to write and present their own analyses.
Prerequisite: ENG 101

LIT 206 Introduction to Poetry  3 CR
Introduction to Poetry is a survey class that introduces students to poetry as a literary form. Students analyze poems in terms of language, meaning, form, and cultural and historical contexts.
Prerequisite: ENG 101

LIT 207 Introduction to Drama  3 CR
This course introduces students to a wide variety of dramatic forms through the study of plays ranging from ancient Greece to modern times. Students will learn to read, discuss, and write about plays exemplifying a variety of approaches to drama.
Prerequisite: ENG 101

LIT 208 Contemporary Drama  3 CR
Contemporary Drama focuses on late 20th - 21st Century plays, and the intensive analysis of their theatrical structures from the perspective of theatre artists – playwrights, actors, directors, and designers. The emphasis of the course is to develop the student’s ability to synthesize the intellectual and intuitive work required to create a theatrical experience from a written text in today’s theatre.
Pre-Requisite: ENG 101. (cross-listed with THA 208)

LIT 209 Children’s Literature  3 CR
In this course, students examine children’s literature in its historical, cultural, and literary contexts. Poetry, fiction, and nonfiction for children from infancy through adolescence are examined in the light of cultural and historical ideas about children and their development. Special attention is given to ways in which issues of culture, ethnicity, race, and gender are represented in children’s literature.
Prerequisite: ENG 101

LIT 210 Latin-American Literature  3 CR
This course provides an introduction to a variety of literature from Central and South America, and the Caribbean. Special attention is given to the ways in which literary works reflect Latin America’s political turmoil, social tensions, and remarkable cultural history. All works are taught in English translation.
Prerequisite: ENG 101

LIT 211 African-American Literature  3 CR
In African-American Literature, students read a variety of fictional and non-fictional prose and verse by African-Americans from the eighteenth century to the present. In addition to oral literature, autobiographies, slave narratives, and letters, the course surveys poetry, drama, the short story, and the novel. The material is treated in both literary and non-literary contexts in order to foster understanding and appreciation of the African-American experience.
Prerequisite: ENG 101

LIT 212 Introduction to the Latino Literature of the U.S.  3 CR
This course provides an introduction to the Latino literature of the United States, which is written in English. Although writers from various Latino backgrounds will be studied, the course will primarily examine the literature of the Chicano, Cuban-American, and Nuyorican writers who write from an American perspective. Topics such as identity, assimilation, bilingualism, and growing up in the U.S. are analyzed while exploring this new literature.
Prerequisite: ENG 101

LIT 213 Women’s Voices: The Autobiography  3 CR
The many changes in women's autobiographical works of the 20th century now make it possible to explore contemporary issues of and about self in rewarding and challenging ways. Students will read a richly diverse selection of 20th century women writers across cultures. This course develops an understanding of the female experience through women's autobiographies and participants' writings including students' autobiographical essays. Discussions will be focused on literary techniques and the genre of autobiography.
Prerequisite: ENG 101
LIT 215  World Literature I  3 CR
World Literature I is a historical survey introducing the literary master-
works of the great world civilizations from the first extant creation
narratives through the European Renaissance or 16th Century. Attention
is also given to religious works underlying major world religions.
Prerequisite: ENG 101

LIT 220  Science Fiction  3 CR
An introduction to science fiction through a range of novels and short
stories. Special attention will be given to ways in which science fiction
imagines the impact of scientific and technological change.
Prerequisite: ENG 101

LIT 225  World Literature II  3 CR
World Literature II is a historical survey introducing the literary master-
works of the great world civilizations from the 17th century to the present.
This course introduces selected works from the Pacific, Asia, Africa,
Europe, and the Americas. Emphasis is placed on historical background,
cultural context, and literary analysis of selected prose, poetry, and drama.
Prerequisite: ENG 101

MANAGEMENT

MAN 121  Principles of Management  3 CR
An introduction to the basic functions underlying the sound manage-
ment of a business enterprise. Topics covered are planning, organizing,
staffing, influencing, and controlling.

MAN 221  Marketing  3 CR
A study of business activities involved in the flow of goods from physical
production to consumption. Operations management, international man-
agement and business ethics are also studied.

MAN 231  Management of the Small Enterprises  3 CR
Introduction to the challenges and problems encountered in small busi-
ness operations. Specific evaluation of organizational, financial, and per-
sonnel aspects are studied. The role of the Small Business Administration
is examined as well as other types of assistance to the small enterprise.
Prerequisite: MAN 121 or permission of instructor.

MAN 232  Human Resources Management  3 CR
The development and direction of personnel, including job planning,
recruitment, selection, career development, evaluation, grievances, and
discipline. Prerequisite: MAN 121

MAN 241  Corporate Finance  3 CR
The financial problems and policies of a business corporation are dis-
cussed. The following areas are covered: financial planning, management
of short-term and intermediate credit, working capital, trade credit, finan-
cial statements, retained earnings, credit and collection practices.
Prerequisites: ACC 221 and MAT 114

MAN 242  Labor Relations  3 CR
A study of labor/management relations focuses on the collective bar-
gaining process. Federal/state legislation, grievance procedures, and
wage issues are discussed. Prerequisite: MAN 121

MAN 251  Consumer Behavior  3 CR
The process of consumer decision making based on individual consumer
needs, attitudes, perceptions, lifestyle, and population characteristics.
Prerequisite: MAN 221

MAT 070  Basic Algebra Workshop  1 CR
This workshop is required for all students taking MAT 073, Basic Algebra
I. The workshop emphasizes problem-solving.

MAT 071  Basic Mathematics  3 CR
Basic computational skills and problem-solving using these skills. Topics
include whole numbers, integers, introduction to variables, fractions, dec-
imals, percents, ratio, proportion, measurement, statistics and probability,
and geometry. Placement is determined by the College Placement Test.

MAT 073  Basic Algebra  3 CR
Topics in this elementary algebra course include real numbers, equations,
inequalities, exponents, polynomials, factoring, quadratic equations, sys-
tems of equations, rational expressions, and graphing. Placement is
determined by the College Placement Test.
MAT 082 Basic Math Express 1 CR
An intensive, four-day course in basic computation for students who score 40-77 on the College Placement Test or 154-167 on the Math Exit Test. Topics include whole numbers, integers, introduction to variables, fractions, decimals, percents, ratio, proportion, measurement, statistics and probability, and geometry.

MAT 083 Basic Algebra Express 1 CR
This is an intensive four-day course in elementary algebra for students who score 55-63 on the College Placement Test or 154-167 on the Algebra Exit Test. Topics include real numbers, equations, inequalities, exponents, polynomials, factoring, quadratic equations, systems of equations, rational expressions, and graphing.

MAT 100 College Algebra 3 CR
This course teaches the essentials of college algebra. The topics include polynomials, first-degree equations, word problems, graphing, systems of linear equations, factoring, exponents, quadratic equations, matrices, and radicals.
Pre-requisite: Exit CPT in Basic Math and Algebra.

MAT 102 Mathematics for the Health Sciences 3 CR
This course provides an introduction to the logic of mathematics and measurement. The role of mathematics in the health professions and the application to problems encountered by the health professional are discussed. Topics covered include basic computation with non-negative rational and real numbers, ratios and proportions, scientific notation, and logarithms. The metric system, its nature, and specific applications to medical dosages and other health problems are also examined.
Pre-requisite: EXIT Basic Mathematics

MAT 103 Business Mathematics 3 CR
This course covers the mathematical and numerical skills for ratios, proportions, rate and percentage problems, and the metric system. Also included are the following: the mathematics of buying, pricing and selling, payrolls, insurance, depreciation and profits, simple and compound interest, bank discounts, consumer credit, corporation stocks and bonds, and other investments.
Pre-requisite: Exit CPT in Basic Math and Algebra

MAT 104 Contemporary Mathematics 3 CR
This course is intended for non-mathematics/science/technology majors. Topics covered will be chosen from the history of mathematics, number theory, logic, set theory, voting theory, functions, geometry, graph theory, and introductory probability and statistics. The course emphasizes mathematical concepts and understandings of real-life problems that are relevant to liberal arts and social sciences.
Pre-requisite: Exit CPT in Basic Mathematics and Algebra

MAT 106 Mathematical Analysis I 3 CR
This course covers the basics of college algebra and trigonometry with applications in science and technology. Topics include linear equations, functions and graphs, trigonometry, complex numbers, and graphs of trigonometric functions.
Pre-requisite: Exit CPT in Basic Math & Algebra

MAT 107 Mathematical Analysis II 3 CR
This course is a continuation of Mathematical Analysis I. Topics include trigonometric, exponential, and logarithmic functions and their graphs; simultaneous equations and determinants; fractional and quadratic equations; and an introduction to analytic geometry.
Pre-requisite: MAT 100 or MAT 106

MAT 108 Mathematical Analysis III 3 CR
An introduction to differential calculus, with elements of analytical geometry, integral calculus, and its applications. Topics covered include derivatives to curve sketching, motion, rate of change, and maximum-minimum.
Pre-requisite: MAT 107 or MAT 110

MAT 109 Health Care Statistics 3 CR
This course provides the preparation necessary for students who intend to study calculus for science and engineering programs. Topics include the following: fundamentals of algebra; linear inequalities; functions and relations; polynomial, rational, exponential, and logarithmic functions; trigonometric functions; analytic trigonometry; analytic geometry; complex numbers; and discrete algebra, logic, and proof.
Pre-requisite: MAT 100 or MAT 106

MAT 111 Calculus I 4 CR
This course considers the limits, continuity, theory, and techniques of differentiation and integration, with applications of both processes to science/engineering. The use of mathematical software in problem-solving is emphasized.
Pre-requisite: MAT 110 or MAT 107

MAT 112 Calculus II 4 CR
This course is a continuation of MAT 111. Topics include calculus of transcendental functions, integrations by parts, trigonometric integrals, improper integrals, sequences, and infinite series. The use of mathematical software in problem-solving is emphasized.
Pre-requisite: MAT 111

MAT 114 Introduction to Statistics & Probability 3 CR
This course offers an analysis of the basic ideas and methods of collecting, tabulating, and representing data. Topics include frequency distributions, histograms and frequency polygons: measures of central tendency, variability percentiles; Z-scores, elementary probability, binomial and normal distributions; linear regression and correlation, and hypothesis testing.
Pre-requisite: Exit CPT in Basic Math and Algebra

MAT 116 Precalculus for Business 4 CR
A course in mathematics with special emphasis on applications to business, economics, and related fields. Topics include linear, quadratic, exponential, and logarithmic functions with applications involving supply, demand, revenue, cost, profit and break-even points, matrices and systems of linear equations, graphing, Leontief Input-Output model, and mathematics of finance. Classroom instructions will be presented using a TI-83+ graphing calculator.
Pre-requisite: MAT 100 College Algebra or equivalent

MAT 211 Calculus III 4 CR
Continuation of MAT 112. The main topics considered are conic sections; parameterized curves; polar, cylindrical, and spherical coordinates; vectors in plane and space; functions of two or more variables; multiple integrals; and integrations in vector fields. Use of mathematical software in problem-solving is emphasized.
Pre-requisite: MAT 112

A world of possibilities 131
MAT 212  Differential Equations  4 CR
Methods for solving ordinary differential equations are studied, together with physical and geometrical applications. Laplace transforms and numerical and series solutions are included. Use of mathematical software in problem-solving is emphasized.
Prerequisite: MAT 211

MAT 215  Linear Algebra  3 CR
Systems of linear equations, Gauss elimination, matrices, determinants, vector spaces of ordered n-tuples and functions, linear transformations, inner products, orthogonal basis, eigenvalues, eigenvectors, and related vectors. Machine computation will be used to illustrate and supplement mathematical ideas and concepts.
Prerequisite: MAT 211

MEDICAL ASSISTING

MDA 106  Medical Terminology  3 CR
This is a basic course in the development of the medical vocabulary commonly used in medical practice. Emphasis is placed on the study of prefixes, suffixes, root words, and combining forms. Physiologic and anatomic terms referring to human tissues and organ systems are introduced. Emphasis is also placed on building the professional vocabulary required of a career in a health care facility. 2 hours lecture/2 hours lab.
Prerequisite: Exit Basic English

Because of the breadth and depth of material that is to be covered, this course will require a minimum of one hour per week of independent laboratory time.

MDA 113  Clinical Office Procedures I  3 CR
An introduction to the clinical aspects of medical assisting. Practical experience is provided in the following areas: vital signs, positioning and draping, assisting with examinations, sterilization, asepsis, dressing wounds, recording health history, nutritional needs. Course is offered only once during the academic year.
2 hours lecture/2 hours lab.
Co-requisite: Exit Basic English

MDA 114  Medical Office Procedures I  3 CR
This course begins the administrative portion of the medical assisting curriculum. It is a study of the techniques associated with patient reception, appointment scheduling, processing mail, management of telephone calls, medical record keeping, maintenance of medical office files, composing, and processing medical correspondence. Course is offered only once during the academic year.

2 hours lecture/2 hours lab.
Co-requisite: Exit Basic English

MDA 211  Clinical Office Procedures II  3 CR
This course is a continuation of COP I. Practical experience is provided in the following: minor office surgery, administration of medications, venipuncture, ECG, asepsis, examinations and procedures in specialties, first aid, and CPR. Course is offered only once during the academic year.
2 hours lecture/2 hours lab.
Prerequisite: MDA 113

MDA 214  Medical Office Procedures II  3 CR
This course continues the study of the administrative aspects of a medical practice, beginning with professional fees and credit arrangements to an overview of management responsibilities. CPT-4 and ICD9 CM coding will be introduced and the student will code insurance forms. Course is offered only once during the academic year.
Prerequisite: MDA 114

MDA 223  Typing/Medical Machine Transcription  3 CR
The course focuses on the mastery of the typewriter, PC, dictaphone, and care and operation of the equipment. Correct English usage, business letter forms, and the transcription of recorded medical dictation in appropriate report form are stressed. Emphasis is placed on the development of accuracy and speed to meet the special requirements of the medical field.
2 hours lecture/3 hours lab
Prerequisite: MDA 106

MDA 224  Pharmacology  3 CR
This course is an introduction to drugs and drug therapy, including sources of drugs, dosage forms, drug legislation, principles of drug action, and pharmacokinetic factors in drug therapy, drug interactions, and incompatibilities. Major drug classifications are identified and studied according to physiologic action and/or body system affected. Course is offered only once during the academic year.
Prerequisite: MDA 106
Co-requisite: HLT 112

MDA 231  Medical Assisting Externship  4 CR
Students are placed in the offices of participating physicians, HMOs, or clinics for a minimum of 200 hours of practical experience in medical assisting during the health care facility's regular hours of operation. They perform all the duties of a medical assistant under the direction and supervision of the physician and those health care providers employed in the practice. Students gain insight into the operation of health care facilities and will perform all the duties expected of medical assistants. Students will meet for a regularly-scheduled seminar to discuss experiences and to prepare résumés and cover letters. Students are supervised and evaluated by the site supervisor and the faculty member assigned to the externship program. All prerequisite courses must be completed with a grade-point average of 2.0 before the student is permitted to begin the externship. Course is offered only once during the academic year.

MODERN LANGUAGES

MLA 101  Elementary Arabic I  4 CR
Elementary Arabic I is a proficiency-based course designed to develop the linguistic skills necessary for academic, personal, and professional life. The course will develop all four major language skills (listening, speaking, reading, and writing), and will also introduce the student to some aspects of Arab cultures. Arabic is the primary language of instruction.
Co-requisite: Students must be in Basic Level II or above or ESL Level IV or above

MLA 102  Elementary Arabic II  4 CR
Elementary Arabic II is a proficiency-based course designed to continue development of linguistic skills necessary for academic, personal, and professional modes of communication. The course will continue the development of all four major language skills (listening, speaking, reading, and writing), and will expose the student to additional aspects of Arab cultures beyond those to which the students were first introduced in Basic Arabic I; the prerequisite to this course. Arabic is the primary language of instruction.
Prerequisite: MLA 101

MLA 111  Arabic for Heritage Speakers I  4 CR
Arabic for Heritage Speakers I is a course designed for students who are familiar with spoken Arabic (‘Ammiyya) to develop proficiency in Modern Standard Arabic (Fusha), the variety of the language that is learned in school. The course is intensive by design, as it combines into one semester all of the material that is taught in two semesters of Basic Arabic. Its focus is on the productive skills (speaking and writing) in Fusha, while simultaneously exposing students to grammar and vocabulary of a high
The course is conducted in Spanish. If you speak Spanish at home or with your friends, but find that you cannot communicate as well in it as you can in English, and feel language is needed.

This course is a continuation of Basic Spanish I. Students are encouraged to expand acquired listening, speaking, grammar, reading, and writing skills. Attention is given to individual grammatical problems.

This course is taught in Spanish. Successful completion of both courses, i.e., MLA 111 and 112, will permit a student to enroll in Third Year Arabic.

This course introduces students to the French language and culture. Instruction integrates listening, speaking, grammar, and writing skills.

This course is a continuation of Basic Spanish I. Language skills are developed further through intensive practice of listening, speaking, grammar, and writing.

This course provides students with an introduction to the Spanish language and culture through a competency-based approach. Pronunciation and vocabulary are emphasized through guided student interaction with one another and with the instructor. Cultural awareness and grammar are integrated as students progress. NOTE: This course is not open to Spanish speakers.

This course is a continuation of Basic Spanish I. Students are encouraged to expand acquired listening, speaking, grammar, reading, and writing skills in Spanish by the use of real-life situations in the classroom. In addition, students are introduced to social customs and attitudes of Spanish-speaking people. NOTE: This course is not open to Spanish speakers.

This course is designed for the fluent or near-fluent speaker of Spanish who needs to develop proficiency in reading and writing. Oral presentations, reading, and numerous written assignments emphasize speaking and writing skills. Attention is given to individual grammatical problems. The course is taught in Spanish.

In this course, students are introduced to the literature of Latin America, from pre-Columbian times to the present. The course proceeds in chronological fashion, and each literary period and its works are studied within the historical framework in which they were created. All work in this course, from the readings to the assignments, is done in Spanish. Prerequisite: MLS 201

This course is designed to foster an appreciation for a range of musical forms and styles. Students are introduced to the basic elements of music, including the fundamentals of rhythm, harmony, structure, and instrumentation. The course is centered on a survey of the Western Classical tradition. Varieties of American music and some non-Western traditions are also examined. Special attention is given to the social and cultural roles of music.

This course surveys the forms of music associated with the African-American community from the 19th century to the present—worksongs, spirituals, gospel, blues, jazz, R&B, soul, and hip-hop, among others. The course considers the influence of the music's African roots and also the role of race in American cultural history. Co-requisite: ENG 101

This introductory course includes basic nursing concepts and skills. The focus is on wellness. Areas of emphasis will include the profession of nursing, values, communications, nursing process, physical/psychosocial assessment, nutrition, and pharmacodynamics.

This course builds on the knowledge and skills learned in the first nursing course. The student will care for patients with simple acute and chronic health alterations. Content will be arranged in physiologic, self-concept, role function, and interdependent modes. Mental health nursing and physical/psychosocial assessment and intervention are included. Requirements will be given to those experiencing health deviations will be included. 4 hours lecture/15 hours lab. Prerequisites: NSG 110, ENG 101 and BIO 111
This course focuses on patient in crisis requiring complex nursing care. Content will be arranged in physiologic, self-concept, role function, and interdependent modes. It will include Child Health Nursing. Emphasis will be placed on managing nursing care for multiple patients, delegation, and assumption of leadership role. Pharmacology will be integrated throughout the course. 4 hours lecture/15 hours lab.

Prerequisites: NSG 210, BIO 250 and PSY 260
Co-Requisite: NSG 220

NSG 230 Nursing Seminar 1 CR
This seminar consists of an analysis of current health trends and issues, and their impact on the practice of nursing. Emphasis will be placed on an exploration of contemporary ethical dilemmas, economic and social issues, and concepts related to nursing leadership and the role transaction. 1 hour lecture.

Prerequisites: NSG 210
Co-requisite: NSG 220

NSG 240 Nursing Leadership 2 CR
This seminar consists of an analysis of current health trends and issues, and their impact on the practice of nursing. Emphasis will be placed on an exploration of contemporary ethical dilemmas, economic and social issues, and concepts related to nursing leadership and the role transaction.

Prerequisite: NSG 220

OCTH 1010 Occupational Therapy Foundations for the OTA 3 CR
This course teaches the history, philosophy, and values of the occupational therapy profession, and the domain of OT practice identified by the AOTA Practice Framework – II (2008). The concepts of occupation and activity are explored through the completion of an occupational profile and a comprehensive activity analysis. The roles and responsibilities of the OTA, the nature of the OTA/OT supervisory relationship, and regulatory requirements that impact OT practice are topics central to this course. 2 hours lecture/2 hours lab

Prerequisites: All pre-professional general education credits
Co-requisite: PRST 1102

OCTH 1019 Level I Fieldwork A: Integration and Practice Applications 1 CR
Level I Fieldwork A: Integration and Practice Applications is the first of three Level I Fieldwork courses in the OTA curriculum. Students are assigned to a healthcare, educational, or other community setting where they observe and interact with clients across the lifespan under the supervision of an occupational therapist, or an occupational therapy assistant and his or her OT supervisor.

This first fieldwork experience develops understanding of how various bio-psychosocial conditions can impact an individual’s occupational performance and participation. Students gather information about client’s occupational history, observe and describe factors that support or hinder occupational performance, and may assist the occupational therapy professional in providing occupation based interventions. Students have the opportunity to practice professional communication and interpersonal skills through interactions with clients, supervisors, and team members. A classroom based pre and post fieldwork seminar clarifies assignments, guides professional skill development, and is used to assess the competencies developed during the combined semester coursework.

Prerequisites: All Pre-professional general education credits
Corequisite or Prerequisite: OCTH 1010; PRST 1102; OCTH 1020 and OCTH 1031

OCTH 1020 Occupational Performance and Participation: Skills and Client Factors 3 CR
Using the structure and terminology of the Occupational Therapy Practice Framework – II, this course focuses on the person factors that contribute to occupational performance, expanding upon foundational coursework in the structure and function of the human body, and human development across the lifespan. Students learn to recognize sensory-perceptual and motor skills used in daily activities, and to understand how underlying body functions and structures in part support abilities and skills. An emphasis is placed on the subjective sense of doing and the unity of mind and body when observing, discussing, analyzing, and participating in activities and occupations. Laboratory sessions concentrate on developing therapeutic touch and handling while gathering information on person factors including joint range of motion, gross muscle strength, postural control, sensation, and sensory processing.

Prerequisites: All pre-professional general education credits.
4 hours lecture/15 hours lab

OCTH 1031 Conditions Impacting Occupation, Participation and Health I – Adult/Older Adult 2 CR
This is the first in a series of two courses in which students study bio-psychosocial conditions and learn how to analyze their potential effect on body functions and structures, skills, occupational performance, and participation. Case examples guide an understanding of the natural course of aging and the impact of health conditions on the adult and older adult. The language of the OT Practice Framework and medical terminology are taught and practiced. The course lays the foundation for safe practice with adult populations by instructing students on medication side effects, and following safety precautions and contraindications. 1 hour lecture/2 hours lab

Prerequisite: All Pre professional general education credits
Prerequisite or co requisite: OCTH 1010; OCTH 1020 and OCTH 1019

OCTH 1032 Conditions that Impact Occupation, Participation, & Health II - Children and Youth 2 CR
This is the second in a series of two courses in which students study bio-psychosocial conditions and learn how to analyze the potential effect on body functions and structures, the development of skills, occupational performance, and participation. Case examples guide an understanding of conditions common to children including heritable diseases, genetic conditions, disability, trauma, and injury. The course furthers mastery of the language of the OT Practice Framework (II) and medical terminology, and an understanding of the precautions, contraindications, medication side effects, and safety issues necessary for practice with infants, toddlers, children, and adolescents. Contextual factors that support health and wellness throughout the development process for children and youth are discussed. Integrated classroom and laboratory (8 weeks total); Integrated Classroom Instruction and Lab: 32 hours

Prerequisites: OCTH 1010, 1020, 1031, 1019, 1029, 1040, 1051, 1052, PSRT 1102, 1103
Co-requisites: OCTH 1053, 1059, 1071
OCTH 1051  Principles and Practices I: Wellness and Mental Health  2 CR
Building from the OT Practice Framework –II, this course focuses on Wellness and Mental Health and the importance of evaluating occupation, client factors and performance patterns for effective outcomes in a variety of practice settings. This course enables students to understand how mental health and substance use challenges impact Occupation, Client Factors, Performance Skills (sensory, perceptual, emotional regulation, coping and communication and social) and Performance Patterns (roles, habits, routines and rituals). Students will gain an understanding of OT process including the available evaluations and observational approaches necessary to select evidence based and promising interventions and modalities offered by OTA practitioners and other healthcare professionals. Students will participate in classroom lectures, lab activities, and facilitated discussions, as well as complete assignments. This course will prepare students to engage and involve persons with mental, emotional and social challenges in the OT process as a means for improved occupational performance, quality of life, health and wellness, social participation, self advocacy, occupational justice and role competence.
1 hour lecture/2 hours lab

OCTH 1052  Principles and Practices II: Rehabilitation, Disability, Aging and Participation  3 CR
This course focuses on the practice areas of Rehabilitation, Disability and Participation, and Productive Aging. Through class instruction, simulation, practice, and reflection on case scenarios, students learn the OT process (OT Practice Framework-II), as they assist in identifying the intervention approach and developing a plan that is guided by a practice model(s) and evidence. Students practice implementing interventions and completing documentation based on case study scenarios from adult practice settings. Psychosocial, cognitive, and contextual factors that affect participation for adults and older adults are emphasized throughout the course.
2 hours lecture/2 hours lab

A pre and post fieldwork seminar clarifies assignments, guides professional development, and is used to assess the competencies developed during the combined semester coursework.

OCTH 1040  Occupational Performance and Participation: Therapeutic Applications  3 CR
This course fosters the student’s ability to provide therapeutic intervention through practice in analyzing, grading, and adapting activities and environments for individuals with varied abilities across the lifespan. Students explore ways to teach and train clients and significant others as part of the OT intervention process. Preparatory modalities are taught and practiced as a support to occupation based intervention. Students learn to follow standard precautions and monitor vital signs and this is reinforced throughout the course to ensure safe practice.

OCTH 1039  Level I Fieldwork C: Integration and Practice Applications  1 CR
Level I Fieldwork C: Integration and Practice Applications is the third of three Level I Fieldwork courses in the OTA curriculum. Students are assigned to a healthcare, educational, or other community setting where they observe and assist with the occupational therapy process for children and youth under the supervision of an occupational therapist, or an occupational therapy assistant and his or her OT supervisor. Level I fieldwork provides the opportunity to practice skills developed during the combined semester coursework. It is expected that students demonstrate professional skills and adhere to all safety procedures as appropriate to the setting.

A pre and post fieldwork seminar clarifies assignments, guides professional development, and is used to assess the competencies developed during the combined semester coursework.

OCTH 1053  Principles and Practices III: Children and Youth  2 CR
This course focuses on the Occupational Therapy practice area of Children and Youth. Through class instruction, simulation, practice, and reflection on case scenarios, students learn the OT process (OT Practice Framework-II), as they assist in identifying intervention approaches and developing intervention plans that are guided by practice model(s) and evidence. Students practice implementing interventions and completing documentation based on case scenarios from practice settings inclusive of children and youth. Psychosocial, cognitive, and contextual factors that affect participation for children and youth are emphasized throughout the course.

OCTH 1071  Professional Seminar I  1 CR
Professional Seminar I is the first of two that support the student’s transition to Level II Fieldwork and OT Practice. This seminar highlights the roles and professional conduct and responsibilities of the OTA, and focuses on developing the skills to assist with the management of OT services.

To this end, the course explores legislation, regulation and ethics, reimbursement systems and documentation requirements, quality improvement, program development, and marketing.

Students complete the NBCOT OTA Knowledge Exam on the final day of this class.

PSRT 1102  Communication Techniques  3 CR
This course teaches students the principles and skills necessary for effective communication in the helping professions, including psychiatric rehabilitation and occupational therapy. Students will learn to apply these skills in professional communication and therapeutic interactions. Students will also explore how personal values, beliefs and attitudes, as well as professional ethics, impact helping/therapeutic relationships. Learning will be enhanced through active participation in faculty supervised clinical lab exercises and audio/video recorded interactions.

OCTH 2019  OTA Practice – Level II Fieldwork: Adult/Older Adults  5 CR
This Level II Fieldwork is an in-depth, 8-week experience with the adult or older adult population, requiring the student to gather information, assist in planning, and deliver occupational therapy services under the direct supervision of an occupational therapist or an occupational therapy assistant. The student must exhibit professionalism including safe and ethical practices, and clinical reasoning appropriate to the occupational therapy assistant role. The student must demonstrate entry level competence for an OTA as measured by the American Occupational Therapy Association Fieldwork Performance Evaluation for the Occupational Therapy Assistant Student.

Prerequisites: All academic coursework must be completed with a passing grade and an earned cumulative grade point average of 2.5 (on a 4.0 scale) or above prior to beginning Level II Fieldwork.
Co-Requisite: OCTH 2072 Professional Seminar II
Fieldwork Education (Clinic/Practicum): 320 total hours (64 clinic hours per credit) Each student completes the full-time equivalent of 40 days at the fieldwork site
This Level II Field work in an in-depth 8-week experience with the children and youth population, requiring the student to gather information, assist in planning, and deliver occupational therapy services under the direct supervision of an occupational therapist or an occupational therapy assistant. The student must exhibit professionalism including safe and ethical practices, and clinical reasoning appropriate to the occupational therapy assistant role. The student must demonstrate entry level competence for an OTA as measured by the American Occupational Therapy Association Fieldwork Performance Evaluation for the Occupational Therapy Assistant Student.

Fieldwork Education (Clinic/Practicum) – 320 total hours (64 clinic hours per credit) (Each student completes the full-time equivalent of 40 days at the fieldwork site)

This course integrates pathophysiological principles and assessment findings to formulate a field impression, and implement the treatment plan for neonatal, pediatric, geriatric, patients and persons who have sustained abuse/assault, those with special challenges, and those with acute deterioration of a chronic problem.
Prerequisites: EMT 101, EMT 110 and EMT 120
Co-requisite: EMT 220

This course covers aspects of trauma care including: mechanisms of injury, hemorrhage, shock, soft tissue trauma, burns, head and facial, spinal, thoracic, abdominal, and musculoskeletal trauma.
Prerequisites: EMT 220 and EMT 230;
Co-requisite: EMT 245

This course integrates the principles of assessment-based management in the implementation and plan for patients with common complaints. In addition, the course will cover safe and effective ground and air medical transport, general incident management, multiple casualty management, rescue awareness and operations, hazardous material incidents, and crime scene awareness.
Prerequisites: EMT 220 and EMT 230
Co-requisite: EMT 240

This course provides extensive clinical practice experiences so that the student may apply learned theories and skills while still under the guidance of a preceptor. Once completed, the student will be eligible for the certification examination for EMT– Paramedic status.

This Level II Field work in an in-depth 8-week experience with the children and youth population, requiring the student to gather information, assist in planning, and deliver occupational therapy services under the direct supervision of an occupational therapist or an occupational therapy assistant. The student must exhibit professionalism including safe and ethical practices, and clinical reasoning appropriate to the occupational therapy assistant role. The student must demonstrate entry level competence for an OTA as measured by the American Occupational Therapy Association Fieldwork Performance Evaluation for the Occupational Therapy Assistant Student.

Fieldwork Education (Clinic/Practicum) – 320 total hours (64 clinic hours per credit) (Each student completes the full-time equivalent of 40 days at the fieldwork site)

This course integrates pathophysiological principles and assessment findings to formulate a field impression, and implement the treatment plan for patients experiencing problems with the following systems: pulmonary, cardiology, neurology, endocrinology, allergy/anaphylaxis, gastroenterology, and renal/urology.
Prerequisites: EMT 101 & EMT 110
Co-requisites: EMT 250

This course introduces students to the nature, history, patterns, and problems of philosophic thought. In addition, students are encouraged to understand philosophy as a means of learning about the world and our place in it.
Prerequisite: ENG 101

This course offers an introduction to the history, structure, and scriptural doctrines of the major religions of Asia, including Islam, Buddhism, and Hinduism.
Prerequisite: ENG 101

This course is an inquiry into the origin, meaning, and evolution of the three following monotheistic religions: Judaism, Christianity, and Islam. This goal is accomplished through an analysis of the following basic concepts as they pertain to: the beliefs of these three as concerns the divine; their respective heritages and spiritual practices; and the many forms each of these religions takes within its own nexus (for example, historical alterations). Or put differently, interest is in exploring the way of life, structure, practice, and historical reality of each of these three great monotheistic religions.
Prerequisite: ENG 101
PHYSICS

PHY 111  Engineering Physics I  4 CR
This is an introductory course in calculus-based mechanics. Topics include vector algebra, equilibrium of particles and rigid bodies, and kinematics and dynamics of particles and simple rigid body systems. Emphasis is placed on Newton’s laws of motion and conservation principles involving work, energy, and momentum.
3 hours lecture/2 hours lab. Prerequisite: PHY 113

PHY 113  Physics I  4 CR
This is the first of a two-course sequence in introductory physics that deals with mechanics. Topics include measurements, vectors, simple kinematics of uniformly accelerating bodies, projectile and circular motion work, energy, power, and simple rotational dynamics.
3 hours lecture/3 hours lab. Prerequisite: PHY 111

PHY 211  Engineering Physics II  4 CR
Provides an introduction to electricity and magnetism. The course starts with electrostatics and culminates with Maxwell’s equations. Topics covered include Coulomb’s laws, the electric and magnetic field, the electrostatic potential, Gauss’s law, Biot-Savart law, Ampere’s law, and Basic DC and AC circuit theory.
3 hours lecture/2 hours lab. Prerequisite: PHY 111

PHY 212  Engineering Physics III  5 CR
The third course of a three-course sequence on introductory engineering physics. Topics covered include vibratory and wave motion in general, interference of mechanical waves and related standing wave patterns, resonance and phenomena of beats, Doppler shift of sound waves, geometrical optics and applications to lens and mirror system, diffraction interference, and polarization of light. Also covered are special relativity, photoelectric effect, Bohr-atom, continuous and discrete spectra, Compton effect, DeBroglie and wave particle duality of matter, wave mechanics modification of classical mechanics, and the nuclear atom. Lab experiments are performed spanning the broad-spectrum of topics discussed in lecture.
4 hours lecture/2 hours lab. Prerequisite: PHY 211

PHY 213  Physics II  4 CR
Covers the following topics: simple harmonic motion, wave motion, light and lenses, electric forces and Coulomb’s Law, electric fields, and electromagnetism. 3 hours lecture/3 hours lab. Prerequisite: PHY 113

PHASE 1

PSC 101  Introduction to Political Science  3 CR
Provides an introduction to political theories and methods of politics as a science. The course includes analysis of structures and processes that characterize political behavior and political institutions.

PSC 102  American Government  3 CR
Examines the structure and operations of the American political system, the philosophical principles and theories upon which it rests, and the social forces and pressures operating on it.
Co-requisite: ENG 101

PSC 200  State and Local Government  3 CR
This course is an introduction to the structures and functions of state and local government in the United States. The student is exposed to state and local institutions, processes and policies including their powers, organizations, functions, and development as well as the interrelationship between the federal, state, and local political jurisdictions.

PSC 210  International Relations  3 CR
This course introduces students to the development and contemporary status of international relations and world politics. The course examines the emergence of the modern nation-state system, competing theories and strategies in foreign policy decision making, the great power rivalries between states, including their causes, consequences, and implications for the future. Other topics include the status of power politics in the 21st century, terrorism, non-state actors in the global system of politics, the emergence of a global-political economy and the Global South in a world of wealthy nation-states.
Prerequisite: ENG 101

PRACTICAL NURSING

PNU 101  Practical Nursing: Fundamentals of Practice  8 CR
This introductory nursing course presents basic nursing concepts and skills. The focus is on wellness and disease prevention. Using Maslow’s Hierarchy of Needs, concepts basic to physical, psychological, sociocultural, developmental, and spiritual needs are presented. Clinical experiences are provided in varied sites caring for adult and geriatrics clients. These sites include hospitals and nursing homes.
Prerequisites: ENG 101, MAT 102 and BIO 107; Co-requisite: PSY 101

PNU 102  Practical Nursing: Nursing Clients with Alterations in Basic Needs  8 CR
This course builds on the knowledge and skills learned in PNU 101. It will focus on acute health problems that occur in adults causing alterations in basic human needs. Mental health concepts and alterations will also be discussed. Clinical experiences are provided in varied sites.
Prerequisite: PNU 101; Co-requisite: BIO 201

PNU 201  Practical Nursing: Maternal Child Health  5 CR
This nursing course builds on the knowledge and skills learned in PNU 101 and PNU 102. The course focuses on reproduction, childbearing, and child-rearing families. Clinical experiences are provided in varied clinical sites.
Prerequisite: PNU 102
This course builds on the knowledge and skills learned in the first three nursing courses. It will focus on chronic and emergent health problems that occur in adults across the life span and cause alterations in basic human needs. Clinical experiences are provided at varied sites.
Prerequisite: PNU 201
Co-requisite: PNU 203

PNU 203  Role Transition  1 CR
This course will focus on current trends and issues that impact nursing practices and health care delivery. Concepts related to role transition will be explored.
Co-requisite: PNU 202

PSYCHOLOGY

PSY 101  Introduction to Psychology  3 CR
This course is designed to present an overview of psychology. As an introduction to the field, students learn current perspectives and the methods used in psychology today. They become familiar with problems and general findings in the processes of sensation, perception, learning and memory, and consider issues related to language, thought, and intelligence. They focus, too, on understanding the connections between emotions, stress, and health, and examine current theories in developmental, personality, and abnormal psychology. Students are encouraged to apply psychological principles to personal and social concerns.

PSY 121  Psychological Methods and Applications  3 CR
A continuation of the Introduction to Psychology (PSY 101), this course is intended for students majoring in Psychology or related fields. A comprehensive analysis of selected topics (sensation, perception, motivation, emotions, etc.) within the science of psychology will be conducted. Theories and research findings within these areas will be presented; critical thinking will be cultivated through the application of the scientific method, and the basic skills of data collection and analysis will be practiced through project-based inquiry.
Prerequisites: ENG 101, PSY 101

PSY 215  Psychology of Women  3 CR
This course explores the influence of gender, race, culture, and class in the psychological development and experience of women. Topics include the role of gender bias in the history of psychology, female personality development, women in the workplace, women and aging, and the role of gender in health and wellness.
Prerequisites: PSY 101, ENG 101

PSY 260  Lifespan Development  3 CR
Lifespan Development investigates current theories related to the changes that occur from the prenatal period through old age. Emphasis is placed on understanding the complex interactions of biological, cognitive, social, and emotional factors that shape the life course. Students will be expected to apply developmental theories to their own life experiences.
Prerequisite: PSY 101

PSY 270  Psychology of Teaching & Learning  3 CR
This course is intended primarily for students majoring in education or interested in the learning process. Psychological theories related to development, learning, cognition, and motivation will be reviewed and applied to an understanding of student characteristics and differences, the importance of classroom environment, and various means of assessment. Emphasis will be placed on the practical implications of psychological theory, a constructivist approach to learning, and the importance of reflective teaching.
Prerequisite: PSY 101

PSY 280  Abnormal Psychology I  3 CR
This course examines historical views of abnormal behavior and focuses on contemporary causes, classifications, and treatments. Major disorders are considered from psychodynamic, cognitive, humanistic, biological, and sociocultural perspectives.
Prerequisites: PSY 101

RADIOGRAPHY
(CarePoint Health - School of Radiography)

RAD 101  Radiography I  4 CR
Content is designed to provide an overview of the general principles of patient care, ethics, and medico-legal standards. Principles of mathematical formulas, prime factors and electromagnetic energy are introduced. Equipment operation introduces the use of grids, screens, darkroom and digital imaging processing, and all components involved in image production. The foundation of radiation protection and safety standards in radiographic imaging is emphasized. The history of radiography, career opportunities and human diversity and its relationship in the health care system are covered. Learning the basics of medical terminology for use in the health care environment is given.

RAD 104  Radiographic Imaging I/Lab  3 CR
In this first course, anatomy and positioning terminology and their procedure protocols for chest, abdomen, and upper extremity are presented. Demonstration of applicable factors and radiation protection methods are learned in order to achieve quality radiographs while providing compassionate and optimum patient care. Clinical lab experience will complement didactic instruction.
Pre/Co-requisite: RAD 101

RAD 102  Radiography II  4 CR
This course builds upon the foundation of image production identifying the prime components of radiographic image quality and its control. Image processing for screen-film versus digital imaging along with radiographic accessories for routine diagnostic radiography are analyzed.
Radiation protection and biology discuss radiation interaction with atoms and cellular structures. Patient care methodologies are continued emphasizing imaging techniques for mobile, OR and trauma patients including age specific routines. Quality management will include theory and application of basic quality control tests of radiographic equipment. Pre/Co-requisites: RAD 101; RAD 104; 105

**RAD 105 Radiographic Imaging II/ Lab 3 CR**

In this second course of imaging series, anatomy and positioning terminology and their procedure protocols for lower extremity, shoulder and pelvic girdles, ribs and sternum as well as pediatric and geriatric methodologies are learned. Patient care protocols are always emphasized. Clinical lab experience will complement didactic instruction. Pre/Co-requisites: RAD 101; 102; 104

**RAD 103 Radiography III 3 CR**

Biological Aspects of Radiation, personnel protection and minimizing patient exposure are studied in depth. Patient Care introduces the relationship of pharmacology to contrast media studies along with learning venipuncture technique and patient assessment skills. Advanced modalities and special studies will prepare students for senior year clinical rotations. Pre/Co-requisites: RAD 101; 102; 103; 105; 106

**RAD 106 Radiographic Imaging III/ Lab 1 CR**

In this third course of imaging series, anatomy and positioning terminology, and their procedure protocols for the entire spinal column are presented. Patient care protocols are always emphasized. Clinical lab experience will complement didactic instruction. Pre/Co-requisites: RAD 101; 102; 103

**RAD 204 Radiography IV 4 CR**

Content continues with Cross-Sectional Anatomy providing the entry-level radiography student with knowledge of sectional imaging components, the concepts of transverse radiography, and image reconstruction and the sectional anatomy of the head, thorax and abdomen. Advanced principles of digital radiography and radiation physics will be explored. Radiographic Pathology will incorporate causation of certain radiologic selected diseases, its age specific responses, and the radiographic technical changes used to provide diagnostic radiographs incorporating the ALARA principle. Pre/Co-requisites: RAD 101; 102; 103; 104; 105; 106; 207

**RAD 207 Radiographic Imaging IV/ Lab 3 CR**

In this last course of imaging series, anatomy and positioning terminology, and their procedure protocols for contrast studies, skull, and advanced studies such as Myelography, Arthrography, and ERCP are learned. Patient care protocols are always emphasized. Clinical lab experience will complement didactic experience. Pre/Co-requisites: RAD 101; 102; 103; 104; 105; 106; 204

**RAD 205 Radiography V 4 CR**

This course finalizes the student radiographer's foundation of the previous courses learned. Quality Assurance, repeat analysis and troubleshooting procedures are taught. Image production incorporates technique charts, conversion exposure problems, and factors used for achieving quality radiographs. Radiographic pathology summarizes the pathological effect on radiographs. Students will create critical thinking radiographic analysis projects affirming their understanding of image production and evaluation. Pre/Co-requisites: RAD 101; 102; 103; 104; 106; 204; 207

**RAD 208 Radiography VI 1 CR**

A general comprehensive review of all learned material prepares the student for the upcoming ARRT national registry examination. Content Specifications, test taking preparation, and continuing education opportunities will be discussed.

Students will be required to pass mock simulated registry exams and comprehensive tests by the required 80% grade in order to pass this final course in order to graduate.

Pre/Co-requisites: RAD 101; 102; 103; 104; 106; 204; 205; 207

**Clinical Practicums I, II, III, IV, V, VI**

There are six clinical practicum rotations within the entire program. Each practicum is designed to allow the student sequential development of skills needed to complete the required clinical competency evaluations mandated by the JRCERT and the State of New Jersey Board of Examiners for accredited radiography programs. Patient care, assessment, positioning skills, and the student's ability to apply and integrate these concepts will be evaluated.

No credits are assigned to these practicums; however each practicum must be successfully achieved with a passing grade as assessed by the clinical instructor.

**READING**

**RDG 070 Fundamentals of Basic Writing 3 CR**

This course offers practical application of reading skills. Working with a variety of written texts, students learn to use reference materials to find information, locate central ideas and supporting details, and develop vocabulary through the use of context clues and word parts. Students also learn to apply annotating, note taking, and summarizing skills. Offered in conjunction with ENG 070, Fundamentals of Basic Writing and RDG 074, Introduction to Analytical and Critical Reading.

**RDG 071 Basic Reading I 3 CR**

This course is designed for students who need to develop reading skills before attempting college-level coursework. Students are encouraged to become active readers, listeners, and thinkers through a variety of reading and study experiences. Assistance is given with comprehending, summarizing, analyzing, and evaluating assigned readings, including full-length works of fiction or non-fiction. Offered in conjunction with ENG 071, Basic Writing I and RDG-075, Developing Analytical Thought I.

**RDG 072 Basic Reading II 3 CR**

This course is designed for students who need to improve reading skills before attempting a full college-level schedule. Students develop their skill in comprehending, summarizing, analyzing, and evaluating assigned readings, including full-length works of fiction or non-fiction. Offered in conjunction with ENG 072, Basic Writing II.

**RDG 073 Basic Reading III 3 CR**

This course is designed for students who need preparatory work in reading before attempting a full college-level program. Students refine test-taking and study skills and develop comprehension through reading of college-level essays, textbook materials, and novels and/or non-fiction books. Offered in conjunction with ENG 073, Basic Writing III.

**RDG 074 Introduction to Analytical and Critical Reading 3 CR**

This course is designed for students needing preparatory instruction before entering ENG/RDG 071 and RDG 075. It offers practical application of study skills by using a variety of written materials. Students will learn to identify central ideas, supporting details, and to imply meaning.
from the text. In addition, they will apply annotating, note taking, and summarizing skills in various content area materials. Vocabulary development will be an important component of instruction in this course. Offered in conjunction with ENG 070, Fundamentals of Basic Writing and RDG 070, Fundamentals of Basic Reading.

**RDG 075 Developing Analytical Thought I 3 CR**
Foci on analytical reading skills. Students are taught to identify logical patterns of thought in formal written and spoken language. Practice is provided in reading maps and graphs; analyzing and solving word problems; and understanding analogies, making inferences, and drawing conclusions. Offered in conjunction with ENG 071, Basic Writing I and RDG 071, Basic Reading I.

**RDG 076 Developing Analytical Thought II 3 CR**
Focuses on critical thinking and reading skills in order to prepare students for college-level classes. Students learn to identify logical patterns and oral discourse, as well as constraints on logical thinking. Students study analogies, syllogisms, fallacies, propaganda, and advertisements to learn how thought can be altered and logic manipulated for specific purposes. The course is offered for students who score 7 on the College Exit Test (HCCCX) Writing Sample or 5 on the HCCC Writing Placement Test.

**REsPIRATORY CARE**

**RTP 111 Applied Cardiopulmonary Pathophysiology I 3 CR**
A study of the anatomy and physiology of the cardiopulmonary system as it relates to respiratory care. Includes basic anatomy of the pulmonary and cardiac systems; physiology of circulation; ventilation; gas exchange and transport, acid-base balance and the control of respiration; an overview of the pathophysiology and treatment of common disorders of the cardiopulmonary system.
Lecture hours: 30.
Corequisite: RTP 201

**RTP 115 Patient Management in Critical Care 3 CR**
An in-depth study of the clinical management of the cardiopulmonary patient in the critical care setting, emphasizing specialized respiratory assessment, advanced ventilatory management, basic interpretation of the chest film, hemodynamic monitoring, ECG interpretation, and the effects of cardiopulmonary disorders on other major body systems. Lectures, demonstrations, computer-based clinical simulation exercises and case-based problems covering the physiologic principles and clinical procedures are used to provide a comprehensive understanding of respiratory care and support to adults, children, and infants in critical care units.
Lecture hours: 45, Lab Hours: 45
Prerequisites: RTP 205 and RTP 209; Corequisite: RTP 210 and RTP 225

**RTP 200 Fundamentals of Respiratory Care 4 CR**
An introduction to basic therapeutic modalities employed in contemporary respiratory care, including medical gas therapy, humidity and aerosol therapy, airway pharmacology, chest physical therapy, and lung expansion therapy, and emergency life support. Lectures, lab demonstrations, and experimentation are integrated with clinical practice.
Lecture hours 20, Lab Hours: 10
Prerequisite: Acceptance into Respiratory Care Program
Corequisite: RTP 208

**RTP 201 Core Concepts in Respiratory Care 2 CR**
An orientation to general patient assessment and examination, to include: infection control, patient safety, interviewing and communication, record keeping, and clinical laboratory studies. Didactic and practical demonstrations provide the basis for proficiencies practiced in the laboratory and then performed during clinical practice.
Lecture hours: 20, Lab hours: 10
Corequisite: RTP111

**RTP 205 Principles of Ventilatory Support 5 CR**
Lectures, demonstrations, and lab exercises and computer simulation exercises covering the physiologic principles and clinical procedures used to provide both invasive and noninvasive artificial ventilatory support to adults, children, and infants. Topics include: respiratory failure, airway management, physics and physiology of ventilatory support, initiating and adjusting ventilatory support, managing and monitoring the patient in respiratory failure, and discontinuing ventilatory support.
Lecture hours: 45, Lab hours: 90
Prerequisite: RTP 100
Corequisite: RTP 209

**RTP 208 Clinical Practice I 1 CR**
An orientation to the hospital environment and to the basic noncritical respiratory care procedures covered in both Fundamentals of Respiratory Care and Core Concepts in Respiratory Care. Clinical instruction and supervised practice are provided in the areas of medical record-keeping, basic patient assessment techniques, oxygen administration, humidity and aerosol therapy, drug administration, lung expansion therapy, and bronchial hygiene.
Clinical hours: 80
Prerequisite: Acceptance into Respiratory Care Program
Corequisite: RTP 200

**RTP 209 Clinical Practice II 2 CR**
This clinical practice rotation is designed to provide supervised experience in both acute care and alternative settings, with an emphasis on developing the skills necessary to function independently. Experiences include cardiopulmonary diagnostics; critical care of the adult, infant and child; and long-term, home and rehabilitative care.
Clinical hours: 320
Prerequisites: RTP 200 and RTP 208
Corequisite: RTP 205

**RTP 210 Clinical Practice III 3 CR**
This clinical practice rotation is designed to provide supervised experience in both acute care and alternative settings with an emphasis on developing the skills necessary to function independently. Experiences include cardiopulmonary diagnostics; critical care of the adult, infant and child; and long-term, home and rehabilitative care.
Clinical hours: 320
Prerequisites: RTP 209 and RTP 205.
Corequisite: RTP 225 and RTP 115

**RTP 211 Applied Cardiopulmonary Pathophysiology II 2 CR**
A case-based study of the pathophysiology of common disorders affecting the cardiopulmonary system, with an emphasis on diagnosis and treatment in the clinical setting. Clinical thinking skills in patient and disease management are emphasized.
Lecture hours: 30
Prerequisite: RTP 111 and RTP 201.
Corequisite: RTP 212 and RTP 223
RTP 212 Cardiopulmonary Pharmacology 3 CR
An overview of drugs affecting the cardiopulmonary system, including bronchodilators, steroids, antibiotics, skeletal muscle relaxants, central nervous system depressants, respiratory stimulants, diuretics and cardiovascular agents, including ACLS, PALS, and neonatal resuscitation drugs.
Lecture hours: 30
Prerequisites: RTP101 and RTP 111;
Corequisites: RTP211 and RTP 223

RTP 223 Cardiopulmonary Evaluation 3 CR
A lecture and laboratory course on invasive and non-invasive diagnostic and monitoring procedures used in Respiratory Care and Intensive Care Medicine. This course covers indications, techniques, complications, and result interpretation of the following diagnostic procedures: chest radiology, electrocardiography, pulmonary function testing, hemodynamic monitoring, arterial blood gas analysis, patient interviewing, physical assessment, laboratory testing, and mechanical ventilation.
Lecture hours: 30, Lab hours: 15
Prerequisites: RTP101 and RTP 111;
Corequisites: RTP211 and RTP212

RTP 225 Pediatric and Neonatal Respiratory Care 3 CR
This course provides an in-depth analysis of pediatric and neonatal disorders requiring respiratory care intervention, including, but not limited to, assessment techniques and applicable therapies and protocols. The course combines traditional classroom techniques with a web support element to enhance student learning experience and participation.
Lecture hours: 45, Lab hours: 45
Prerequisites: RTP 209 and RTP 205.
Corequisite: RTP 210 and RTP 115

RTP 237 Long-Term, Home and Rehabilitative Care 3 CR
The course provides an analysis of the goals and methods underlying provision of respiratory care in non-acute settings. Includes standards and regulations governing non-acute respiratory care, team planning, patient selection, program design and provision and documentation of various clinical services in the home and in long-term care and rehabilitation facilities. Includes cost, reimbursement and ethical issues.
Lecture hours: 30, Lab hours: 15
Prerequisites: RTP 211, RTP 212 and RTP 223.

SCIENCE

SCI 101 Introduction to Physical Science 3 CR
This course is for students who have not had high school physics and for those who wish to review the subject. It covers mechanics, electricity and magnetism, elements of heat, work, and waves. The associated laboratory supplements and illustrates the principles discussed in class.
2 hours lecture/2 hours lab.

SOCIOLOGY

SOC 101 Principles of Sociology 3 CR
This course is an introduction to the major concepts, theories, methods, and findings in the field of sociology. It deals with the structure and functioning of society, major social institutions, and such social processes as conflict and change.

SOC 200 Introduction to Gerontology 3 CR
This course examines the aging process from a life-cycle approach and the problems facing older adults. The biological, psychological and sociological dimensions of aging are explored. Special emphasis will be placed on changes in family structure interaction with older adults. Implications for social policy will also be addressed.
Prerequisite: ENG 101

SOC 201 Sociology of the Family 3 CR
This course examines the family as a social institution and highlights the micro and macro forces shaping the family structure and its dynamics. Using the sociological outlook, it explores research and theories relevant to the study of the family. The course also centers on matters of family structure, marriage and family patterns, types, functions, dynamics, conflict and change.
Prerequisite: ENG 101

SOC 211 Social Problems 3 CR
This course offers a critical examination of the dysfunctions and contradictions in social institutions, structures and processes. The role of power in social problems and individual troubles is emphasized.
Prerequisite: ENG 101

SOC 230 Religion and Society 3 CR
Using the sociological perspectives, this course examines the diversity of world religions and their structure and functions. The role of religion as a social institution in society and the relationship between religion and society will also be examined. The conflicting trends of fundamentalism and secularism will also be addressed.
Prerequisite: ENG 101

SOC 240 Criminology 3 CR
This course covers historical and contemporary as well as philosophical and scientific approaches to the study of criminal behavior. It also examines the causes, the meaning, and consequences of deviant and criminal behavior. Medical, psychological, political, economic, legal and sociological dimensions will be explored. Crime statistics are also examined, and the role of the criminal justice system will be addressed.
Prerequisite: ENG 101

SOC 260 Race & Ethnic Relations 3 CR
This course examines the structure, functions, and conflicts associated with race and ethnic relations, and the interaction between minority and majority groups. Emphasis is placed on the intersection of race, ethnicity, gender, class, and religion and its impact on racial/ethnic identities. Historical and contemporary experiences of various racial/ethnic groups will be explored and various sociological perspectives will be applied. Race and ethnic relations will be explored from both the national (U.S.) and the global perspectives.
Prerequisite: ENG 101
SOC 280 Social Research Methods 3 CR
This course offers an introduction to the main concepts and methods of social research. It is designed to develop an understanding of scientific methods of inquiry. Both quantitative and qualitative methods are covered. Students gain expertise in report writing. Creative and critical thinking skills are also emphasized.
Prerequisite: SOC 101 or PSY 101

SED 235 Young Children with Special Needs 3 CR
This course focuses on the origins, theoretical and philosophical foundations, and practical issues associated with education and intervention services for children from birth through eight years of age. This unique group may have disabilities, or may be developmentally delayed, or at risk for problems in learning. Topics include issues related to public laws, effectiveness of early intervention, biological and environmental influences on development, definitions of "at-risk" and "disabled" populations, and assessment. Students will gain knowledge in curriculum design and strategies for teaching young children with special needs in collaboration with their families. Students will gain practical experience via field assignments. They are expected to complete observations of young children with special needs in various settings, as well as implement an extensive case study.
Prerequisite: ENG 101
Pre- or Co-requisite: ECE 201 or EDU 211 or PSY 270

SED 290 Introduction to Special Education 3 CR
An introduction to the field of special education, the etiology, societal attitudes, federal and state laws, and responsibility of educators will be explored. Emphasis will be on the exceptional child as a learner by developing an understanding of the handicapping conditions and applying modifications to educational practices and environments. Current programs and services for educating exceptional children in the State of New Jersey will be discussed.
Prerequisites: ECE 201 or EDU 211
Pre- or Co-requisite: ENG 102

THA 201 Acting II 3 CR
Acting II is an intermediate level acting course that delves more intensely into scene work, and builds upon the basic skills acquired in Intro to Acting. The curriculum focuses primarily on the foundations of Stanislavski’s Method, but also emphasizes two offshoots of his concepts - the distinctive acting styles of both Stella Adler and Sanford Meisner. By concentrating on objectives, given circumstances, sensory work, affective memories, characterization, and moment-to-moment work, students will acquire the discipline and framework necessary to create a theatrical performance.
Prerequisites: THA 101 & ENG 101

THA 205 Introduction to Playwriting 3 CR
Introduction to Playwriting is designed to create a supportive and stimulating environment for student playwrights to develop the essential tools necessary to craft plays. The art of playwriting is explored through analytical as well as creative work, including the use of writing prompts, play analysis, re-writing exercises, and play readings. The study and practice of these fundamental playwriting techniques culminate in the writing of a 10-minute play.
Pre-Requisites: ENG 101: College Composition I

THA 208 Contemporary Drama 3 CR
Contemporary Drama focuses on late 20th - 21st Century plays, and the intensive analysis of their theatrical structures from the perspective of theatre artists — playwrights, actors, directors, and designers. The emphasis of the course is to develop the student's ability to synthesize the intellectual and intuitive work required to create a theatrical experience from a written text in today's theatre.
Pre-Requirement: ENG 101. (cross-listed with LIT 208)

Steps to enroll at Hudson County Community College as a student with a disability receiving accommodations:

1- Apply for financial aid.

2- Submit your applications to Enrollment Services.

3- Mail the Disability Service Request Form to the Center for Academic and Student Success in a timely manner.

4- Arrange to provide a copy of your disability documentation to the Counselor/Coordinator of the Disability Support Services. NOTE: An Individualized Education Plan (IEP) is not sufficient documentation.

5- Meet with Counselor/Coordinator of Disability Support Services to review your disability documentation and to make arrangements for taking the College Placement Test. Call for an appointment (201) 360-4150

6- Schedule a follow-up appointment with the Counselor/Coordinator for academic advisement and to arrange accommodations for the semester.
Hudson County Community College
Disability Service Request Form

Hudson County Community College is committed to providing support to students with disabilities through its Disability Support Services. To take advantage of these services as a new student, fill in the form below and submit it to the Center for Academic and Student Success. The Counselor/Coordinator of Disability Support Services will schedule an appointment with you to review your documentation and set up accommodations, if necessary, for taking the College Placement Test and for the coming semester. NOTE: An Individualized Education Plan (IEP) is not sufficient documentation.

Disclosure is voluntary, but must be made if these services are to be arranged and done in a timely manner. This information is confidential.

For further information, call the Office of Advisement and Counseling at (201) 360-4150 or TTY at 201/360-4028. Please indicate the type of disability you have and return this form to:
