Citrix Remote MFA for Phone

1. Go to <https://remote.hccc.edu> and sign in using your HCCC credentials

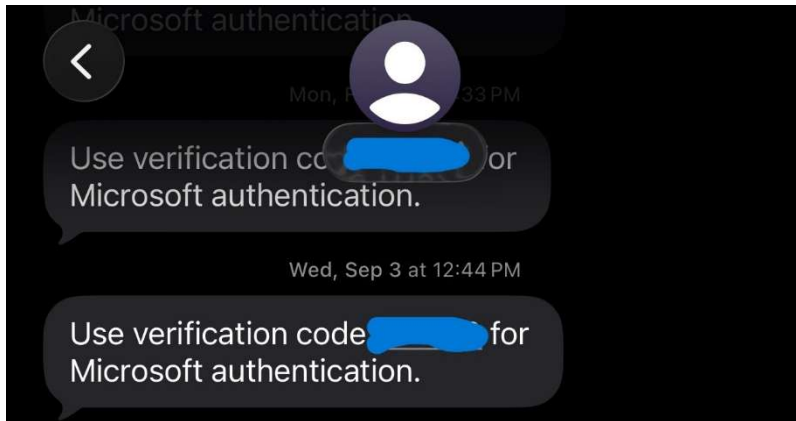

The screenshot shows the login page for the Hudson County Community College Remote Access Portal. The page has a teal header and footer. In the center, there is a dark grey login box. At the top of this box is the HCCC logo with the text "HUDSON COUNTY COMMUNITY COLLEGE Remote Access Portal". Below the logo, the text "Please log on" is displayed. There are two input fields: "User name :" and "Password :". Below the password field is a blue "Log On" button.

2. On this screen, enter the MFA code you will receive via text message on your phone.

The screenshot shows a login interface for Hudson County Community College's Remote Access Portal. At the top, there is a teal header with the college's logo and name. Below the header, a dark grey panel contains the text "Enter Your Microsoft verification code" next to an information icon. Underneath, the word "Password" is displayed above a white input field. A teal "Submit" button is positioned below the input field. The bottom portion of the screen is a solid teal background.

3. Open messages app in your phone, type the code in password and press submit

4. Please select a remote desktop to begin.
