

Hudson County Community College Special Circumstances for Withdrawal Early College Students Only

When students register for courses at Hudson County Community College, they enter into an agreement with the institution that acknowledges responsibility for meeting deadlines and financial obligations. The institution is also sensitive to the fact that students may face extenuating circumstances beyond their control. For this reason, the college offers students the ability to petition for a withdrawal after the deadline or a grade change ("F" to "W"), provided they can present appropriate documentation.

Instructions

Please review the list of eligible circumstances and acceptable supporting documents below to determine if you are eligible. Only petitions with acceptable documentation will be considered for up to one year after the circumstance. Students who would also like to request tuition adjustment must indicate this by checking the box below. Grade changes and tuition adjustments are considered separately. All decisions are final and no appeals will be accepted.
