The Center for Teaching, Learning, and Innovation is honored to offer this research grant to support teaching and learning scholarship. The goals of the grant are to:

1. Improve the student learning experience.
2. Promote action research in the classroom.
3. Enrich interdisciplinary collaboration.
4. Foster scholarship within the researcher's disciplines.
5. Support innovative technology integration.

With the support of this grant the following deliverables are anticipated:

1. Greater classroom engagement, retention, and participation.
2. Effective course/program/learning outcomes with demonstrated diversity, equity, and inclusion practices.
3. Enhanced and innovative methods of assessment.
4. Imaginative technology integration.
