Financial Assistance:

Eligible students may be aided through a combination package of scholarships or grants (which need not be repaid), student loans (which are repaid after graduation or when enrollment drops below part-time census, and work (part-time campus employment.) The amount and type of aid will depend upon available funds and the degree of need. Students should carefully check deadline dates for financial aid applications. Financial aid awards are disbursed to student's accounts at least once during each semester of enrollment.

Students interested in applying for financial assistance must file the Free Application for Federal Student Aid (FAFSA), which is the application for federal and state aid. Applications must be completed at least three months prior to the beginning of a new semester to ensure consideration for aid under the following programs: Federal Work Study, Federal Supplemental Education Opportunity Grant, Educational Opportunity Fund, Federal Pell Grant, Tuition Aid Grant, Garden State Scholarships, New Jersey STARS, Federal Student Loan, and PLUS Programs. To be eligible to receive aid, students must demonstrate the ability to benefit from the programs offered at the College by either having a high school diploma or GED. Students must also be U.S. Citizens or eligible non-citizens, have a valid Social Security number, comply with Selective Service if require, and have not received a baccalaureate degree. For more detailed information regarding eligibility requirements, please contact the Financial Aid Office.
