

How to Join a Webex Event

- Click on the link provided in your email and enter your First Name, Last Name, Email and password if not already entered and click on **Join by Browser** to join the event.

Join Event Now

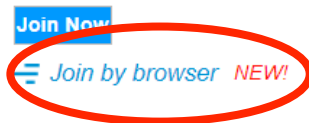

To join this event, provide the following information.

First name:

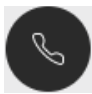

Last name:

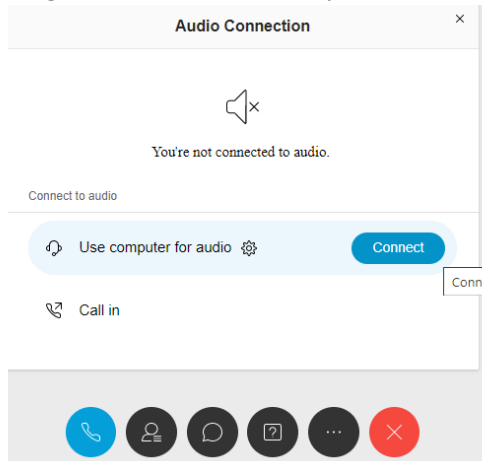

Email address:

Event password:

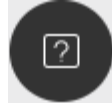

- Now that you have joined the event, you will need to connect your audio.

- To get audio, click on the symbol  and select **Use computer for audio and click connect.**

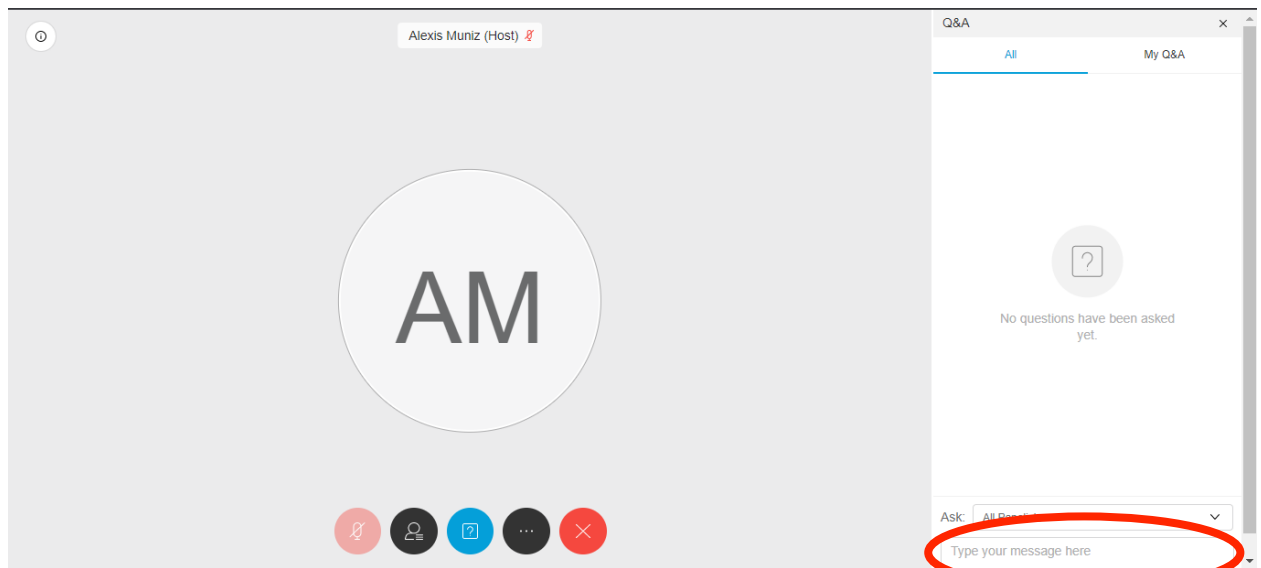

You will then be automatically connected and muted throughout the entire event.

Please Note: You will be able to HEAR audio but will not be able to use your microphone to SPEAK. Communication will occur in the Q&A chat box.

- To view the Q & A box, click on the symbol and your window should match the image below.

- To ask questions, you may type in the text box shown above during the Q & A session.
- Make sure the box is set at **ASK: All Panelists**
