

Check Grades in MindTap!

- 1) Launch any MindTap link from Canvas (under Modules or Assignments).
- 2) From MindTap, open the “PROGRESS” app from the toolbar that lives on the far-right side of the screen.

The screenshot shows the MindTap interface for the course "The Shelly Cashman Series Collection, Microsoft 365 & Office 2021, 1e". The left sidebar contains a navigation menu with the following items and activity counts:

Item	Activities
Course Orientation	24 activities
Technology for Success: Computer Concepts	124 activities
Operating Systems	38 activities
Microsoft Teams	9 activities
Word	6 activities
PowerPoint	69 activities
Excel	104 activities
Access	97 activities
Office Integration Project	1 activity
Outlook	15 activities
Publisher	11 activities
Additional Resources	72 activities

The right side of the screen displays the "Recent Activity Scores" chart, which is currently blank with the message: "This chart is blank because no activities have been submitted." A red arrow points to the "PROGRESS" app icon in the right-hand toolbar.

- 3) Open the corresponding folder to view your attempts and grades.

The screenshot shows the "Learning Path" section of the MindTap interface. The top of the page displays a progress indicator for "100.0%" and a "Low" engagement level. Below this, there are statistics: "1 Hours", "8 Logins", and "Activities Accessed".

The "Learning Path" table is shown below, with a red box highlighting the "Score" column. The table has the following columns: "Learning Path", "Due", "Score", "Attempts", and "Notes".

Learning Path	Due	Score	Attempts	Notes
