

Summer Refresher Academy 2021

These FREE programs

are designed for new students who have self-placed in **College Composition I (ENG-101)** and/or **College Algebra (MAT-100)** and wish to refresh and improve their basic skills. Attending these classes will help students to familiarize themselves with HCCC, review basic skills, and build confidence. Students will have an improved chance to obtain a higher course grade and move faster toward graduation. The courses are not designed to change or improve your initial placement, but to increase your chances to pass your classes in the Fall and with a better grade.

Class Offerings and Schedules REFRESHER

June 21 to July 1

Monday through Thursday
